From "Tilman Hausherr (JIRA)" <j...@apache.org>  
 Subject [jira] [Created] (PDFBOX-2925) EmptyStackException in PDFStreamEngine.getColorSpaces  
 Date Sat, 08 Aug 2015 06:17:45 GMT

Tilman Hausherr created PDFBOX-2925:

Summary: EmptyStackException in PDFStreamEngine.getColorSpaces  
 Key: PDFBOX-2925  
 URL: <https://issues.apache.org/jira/browse/PDFBOX-2925>  
 Project: PDFBox  
 Issue Type: Bug  
 Components: Preflight  
 Affects Versions: 1.8.10  
 Reporter: Tilman Hausherr  
 Assignee: Tilman Hausherr  
 Fix For: 1.8.11

&gt;From Abel S. in the user mailing list:

I'm testing prawn generated PDFs (<https://github.com/prawnpdf/prawn>) and I have found that when trying to validate them with PreflightParser, I get an unchecked exception instead of an expected org.apache.pdfbox.preflight.exception.ValidationException.

I attach the PDF (example-manual.pdf) and here is the stacktrace:

```
{code}
