

2-4 players

The Card of Freedom

Isabela Pilcher-Perez, Apache Browne, Brianna Thompson

Set Up:

- 3 pawns each
- Put cards in the middle
- Prepare for fun!

This is the Card of Freedom. It will be hidden with the question cards. This card gives one pawn Freedom immediately. A pawn MUST exit the game. This card may not be gifted.

This is a question card. It will ask you a question that you will have to answer correctly before you roll the dice.

Instructions:

- Each pawn has to move 2 times around the board in order to exit (on third time around you have to roll exact number to be free, if not exact skip turn)
- The rule above may only be broken when the Card of Freedom is pulled out
- You may only roll the dice if card question is answered correctly
- Pull out a random card from the middle
- You may not share a space with another person. If another person lands on the square you are on, you have to go back to start
- If another pawn from your team lands on another pawn from your team's square, one of the pawns has to go back to start
