

# HELLO!

**Welcome to our 2020 inspiration guide!**

**Allyearbooks is the UK's largest yearbook company and we have been working with schools since 2002.**

**Seeing a project go from an idea to a finished yearbook is one of our favourite parts of the job. We love helping to create a yearbook that will keep those memories (and those embarrassing fashion decisions) alive for years to come!**

**This book is a sample of our premium hardback, all created and designed using our yearbook software. We want you to see what our yearbook system can do and show you how great the final product will look!**

**We have created these samples to give you inspiration and ideas for your 2020 project, so once you have set up your yearbook, please give us a call and we can copy any of these layouts across for you. Alternatively, you can have a go at designing yourself. It's that easy!**

**Kieran Chester**

*Cheetah house*

Kieran took on the role of class clown early on in the year, and it's a task he has taken very seriously!

He is always sure to greet me with a massive cheeky grin first thing in the morning, while his 'Good Morning, Miss!' is one of my favourite parts of the day.

Good luck in secondary school, Kieran. And keep on smiling!

**Elle Hart**

*Ostrich house*

Elle has been an absolute pleasure to teach over the past year, and I have loved seeing her grow in confidence.

Who would have thought that this shy young lady, who didn't enjoy public speaking, would be singing a solo during the class production of Oliver!

I hope your enthusiasm for musical theatre stays with you, and I look forward to seeing you center stage in the West End!

*Tilly Haynes*

*Zebra house*

Tilly is our Little Miss Sunshine, with a smile that brightens up the class room, even on a Monday morning!

Always willing to go above and beyond, Tilly is always happy to help her classmates and teachers, and has built a reputation for herself as being the official office helper.

I know that reading time is her favourite part of the day, and I'm certain that her love for reading will just get bigger.

*George Rollins*

*Cheetah house*

George has grown in confidence over the past year - and his love for sport just grows stronger and stronger!

Every break and lunch time, George can be found on the playground playing football with his friends. Every afternoon I look forward to hearing his goal count.

Good luck for the future, George! Your secondary school football team has a star player in the making!

# A MESSAGE FROM MR J

So my dear students, as you embark on a new chapter of your life, always remember that learning does not stop inside the classroom.

As Henry L. Doherty said, "Be a student as long as you still have something to learn, and this will mean all your life." Every experience in life will teach you something. You just need to keep an open mind and open heart to see what lessons the world has to offer.

# DIVIDER PAGES

Divider pages are such a good way of splitting up your yearbook into different sections.

They're also a great way of getting creative - you can use text heavy pages, simple photos, or perhaps an inspirational quote.

# DIVIDER PAGE

**Divider pages are great for splitting up form groups or as title pages for trips and collage spreads!**

The background is a dark blue space scene. It features several colorful planets: a purple planet with a yellow ring, a blue planet with white spots, a blue and green planet, and a brown planet with white spots. There are also two red rockets with white flames, several white stars, and a trail of white dots representing a comet or meteor. The text "reach for the stars!" is written in a white, cursive font, centered on the page.
