YES!

Threadless is an ongoing tee shirt design competition. Two to three designs are chosen every week from 300+ submissions to be printed and sold from the site with the winning designers receiving \$500 in cash and prizes!

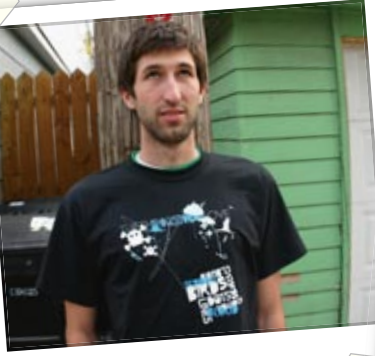

The project was started in January of 2000 by two Chicago area designers, Jake Nickell and Jacob DeHart. Since then over 200 winning designs have been chosen for print from more than 30,000 submissions.

The Threadless community is thriving with over 100,000 users signed up to score designs and an average of 1,500 more signing up every week!

"I love the comments.
Candid feedback.
Now that's
entertainment!"

"Worth a look for the
inventiveness of the
designs and the site's
unfussy use of Flash"
