S **SWANY**®

performance gloves

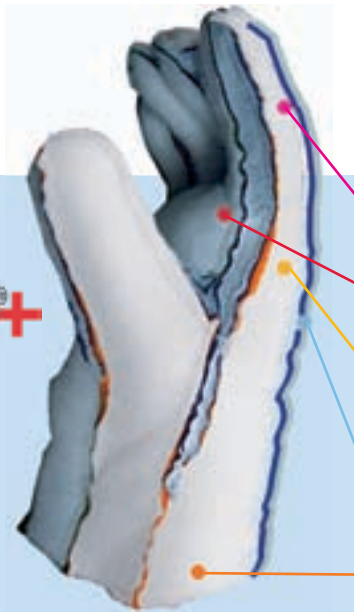

With over 90 years of glove manufacturing and brand experience, Swany today operates five factories and employs 2,000 glove specialists around the world. Swany has a presence in manufacturing and marketing on four continents and numerous countries throughout the world. Swany's high-end technical gloves and accessories are assembled by over 1,500 manufacturing enthusiasts. Through a concerted effort of our employees and partners we are able to bring you a unique, fully integrated one of a kind, glove and accessory program.
