

		Software	Evince	Description
		Version	Poppler 0.18.4	
		OS	3.4.0	
			Linux	
Folder	File	Expected behavior		
features	bleedbox	display	display	Page with different /CropBox and /BleedBox
features	comment	display	display	Comment written with Adobe Reader
features	fitpage	fit pages	fit pages	Bookmarks with /FitH and /FitV destinations
features	fitpage-indirect	fit pages	fit pages	/FitH and /FitV are indirect references
features	signed	?	image only	Self-signed with Adobe Reader 11
generation	gen255	display	display	Object with generation number 255
generation	gen65535	?	display	Object with generation number 65535
generation	gen99999	error	display	Object with generation number 99999
generation	negative	error	display	Object with generation number -2, with -0002 in xref table
generation	negative2	error	blank page	Object with generation number -2, with 00000 in xref table
generation	overflow256	error	blank page	Reference with generation number 256 for object with generation number 0
generation	overflow65536	error	blank page	Reference with generation number 65536 for object with generation number 0
generation	overflow65536b	error	blank page	Reference with generation number 65536 for object with generation number 0
generation	wronggen	error	blank page	Reference with generation number 65537 for object with generation number 1
generation	wronggen-mod	error	blank page	Reference with generation number 1 for object with generation number 0
hello	hello	display	display	Hello world file
hello	sharedcontent	display	display	Two-page file with shared content stream
hello	twopages	display	display	Two-page file
indirect	chained	?	error	Reference to reference
indirect	chained2	?	error	Reference to reference
indirect	indirect	display	display	Indirect reference
indirect	mutual-streams	error	error	Streams whose lengths reference each other
indirect	recursive	error	error	Stream whose length is the stream itself
indirect	recursive-stream	error	error	Object is a reference to itself
name	badescape	error	display	Invalid escape sequence in name

name	hashtag	display	display	Normal escape sequence in name
name	invalidescape-catalog	error	display	Invalid escape for /Type of catalog
name	invalidescape-hashtag	error	display	Invalid escape sequence in name : # without escape sequence
name	invalidescape-short	error	blank page	Invalid escape sequence in name : # followed by only one digit
name	invalidescape-short2	error	blank page	Invalid escape sequence in name : # followed by only one digit
name	longname	?	display	Name of 129 characters
name	twolongnames	?	display	Two keys with the same 128-character prefix in a dictionary
name	twonames	error	display	Twice the same key in a dictionary
number	expo	error	large height	Exponential number in /MediaBox
number	expo2	error	error	Exponential number in reference
number	negoverflow32	error	error	Reference with generation number $N-2^{32}$ for object with generation number N
number	negoverflow64	error	error	Reference with generation number $N-2^{64}$ for object with generation number N
number	tenpages	error	1 page	Document with page count « 1e1 »
structure	badcatalog	error	display	No /Type entry in catalog
structure	destname	error	seg. fault	Recursive destination name tree
structure	destname-auto	error	seg. fault	Recursive destination name tree, with bookmarks opened by default
structure	goto	?	no goto	When page 1 is displayed, go to page 2
structure	gotoloop	?	no goto	Loop of goto between page 1 and page 2
structure	invalidfont	error	blank page	Reference to undeclared font name
structure	outlines	error	100% CPU	Recursive outline tree
structure	outlines2	error	100% CPU	Recursive outline tree
structure	outlines3	error	100% CPU	Recursive outline tree
structure	outlines4	error	100% CPU	Recursive outline tree
structure	outlines5	error	display 2	Recursive outline tree
structure	outlines-auto	error	100% CPU	Recursive outline tree, with Outlines opened by default
structure	outlines-auto2	error	100% CPU	Recursive outline tree, with Outlines opened by default
structure	outlines-auto3	error	100% CPU	Recursive outline tree, with Outlines opened by default
structure	outlines-auto4	error	100% CPU	Recursive outline tree, with Outlines opened by default
structure	outlines-auto5	error	display 2	Recursive outline tree, with Outlines opened by default
structure	pagecount	error	empty page 2	Page count of 2 for only 1 page
structure	pagecount0	error	error	Page count of 0 for 1 page
structure	pagelabels	display	display	File with page labels
structure	pagelabels2	error	seg. fault	Recursive page labels tree

structure	pagelabels3	error	seg. fault	Recursive page labels tree
structure	pagenoparent	error	display	Page without /Parent entry
structure	pagenoparent2	error	display	Page node without /Parent entry
structure	pagetree	error	error	Recursive page tree
structure	pagewrongparent	error	display	Page with wrong /Parent entry
structure	samepage	?	display	Same page appears several times in page tree
structure	samepage2	?	display	Same page appears several times in page tree
structure	wrongcatalog	error	display	Unknown entry in catalog

xref	xrefstm-hex	display	display	Xref stream encoded with /ASCIIHexDecode
xref	xrefstm-raw	display	display	Xref stream without filter
