# THE FIAT PANDA

The Fiat Panda blends compact style with innovation in a car that is just 3.7 metres long. And with a model suited to every need, you can be sure the Panda is at home in the city, or on (and off) the road.

Together with the Fiat 500, the Panda is the first model from Fiat Chrysler Automobiles to adopt mild hybrid engine technology for cleaner, more efficient driving.

Hybrid models are powered by a new three-cylinder 1.0 litre engine from Fiat's renowned FireFly family. Linked to a 12-volt Belt-integrated Starter Generator (BSG), it delivers 70hp and quiet, vibration-free

restarting of the internal combustion engine in Stop&Start mode.

The Panda Hybrid's standard-fit six-speed manual transmission helps reduce CO<sub>2</sub> emissions to as low as 123g/km depending on model, and the system recovers energy from braking and deceleration which is then used to restart the engine in Stop&Start mode and to assist the car during acceleration.

For those wanting more versatility, the Panda 4x4 range uses the powerful TwinAir 85hp engine blended with the go-anywhere appeal of four-wheel drive with rugged looks, raised ride height and suspension.

# PANDA CITY LIFE HYBRID

## PANDA CITY LIFE KEY STANDARD EQUIPMENT

- 15" Dark Metal alloy wheels
- Air conditioning
- Bluetooth® radio with smartphone cradle, DAB and USB connection
- Adjustable leather steering wheel
- Leather gear knob
- Audio controls on steering wheel
- Height adjustable driver's seat
- 2 rear head restraints
- Manually adjustable door mirrors
- Start&Stop
- Remote control central door locking
- 12V power socket
- 4 Airbags: driver, passenger, windows
- ESC (Electronic Stability Control) with ASR, Hill Holder, ABS, ABD and BAS
- Fix&Go puncture repair kit
- TPMS (Tyre Pressure Monitoring System)
- Black roof rails
- Black door mirrors
- Black side mouldings
- Black door handles
- Body coloured bumpers
- Front fog lights
- Side skirts
- Luggage compartment light

With the Panda City Life Hybrid, bold mini SUV looks perfectly reflect the car's character and set you apart in the city.

15" Dark Metal alloy wheels, front fog lights, a front bumper design, black roof bars and door mirrors, side skirts and side mouldings add to the rugged look. Inside, a Bluetooth® radio with smartphone cradle adds to the convenience of audio controls located on the steering wheel.

# PANDA WILD 4x4

## PANDA WILD 4x4 KEY STANDARD EQUIPMENT

- 15" Dark Metal alloy wheels
- Air conditioning
- Bluetooth® radio with smartphone cradle, USB connection, DAB and audio controls on steering wheel
- Adjustable leather steering wheel
- Front fog lights
- Leather gear knob
- Height adjustable driver's seat
- 2 rear head restraints
- Manually adjustable door mirrors
- Start&Stop
- Remote central door locking
- 12V power socket
- 4 airbags (driver, passenger, windows)
- ESC (Electronic Stability Control) with ASR, Hill Holder, ABS, ABD and BAS
- Fix&Go puncture repair kit
- TPMS (Tyre Pressure Monitoring System)
- Black door mirrors
- Black door handles
- Black side mouldings
- Body coloured bumpers
- Roof rails
- Luggage compartment light
- Front and rear silver skidplates
- Raised suspension
- Rear differential lock
- All wheel drive (inc ELD system)

Adding go-anywhere 4x4 ability to the Panda's wide range of talents makes for a sensationally practical and appealing package.

With outstanding agility, the Panda Wild 4x4's performance on and off road is enhanced by the addition of the innovative and powerful Fiat TwinAir Turbo engine developing an impressive 85hp. A six-speed manual gearbox makes the most of it, giving the Panda Wild 4x4 useful all-weather capability.

**LEASYS**

**EMISSION STATEMENT:** Fuel consumption and CO<sub>2</sub> figures are provided for comparative purposes only and may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Only compare fuel consumption and CO<sub>2</sub> figures with other cars tested to the same technical procedure. #The new Fully Electric 500 is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes only and were obtained after the battery had been fully charged. For further information, please visit [www.fiat.co.uk](http://www.fiat.co.uk), contact your retailer or go to the Fiat Fleet Hub at [www.fcafleethub.co.uk](http://www.fcafleethub.co.uk).

All details correct at date of publication, July 2021. Vehicle comparisons: manufacturer information
