Cradle To Cradle Mcdonough

In their 2002 book Cradle to Cradle: Remaking the Way We Make Things, architect William McDonough and chemist Michael Braungart presented an integration of design and science that provides enduring benefits for society from safe materials, water and energy in circular economies and eliminates the concept of waste.

Cradle to Cradle | William McDonough

Cradle to Cradle: Remaking the Way We Make Things is a seminal book in the sustainability field co-authored by William McDonough & Michael Braungart. The book calls for the transformation of human industry through ecologically intelligent design.

Cradle to Cradle | William McDonough & Michael Braungart: MBDC

Neither, say William McDonough and Michael Braungart. Why settle for the least harmful alternative when we could have something that is better—say, edible grocery bags! In Cradle to Cradle, the authors present a manifesto calling for a new industrial revolution, one that would render both traditional manufacturing and traditional environmentalism obsolete.

Cradle to Cradle: Remaking the Way We Make Things ...

A manifesto for a radically different philosophy and practice of manufacture and environmentalism Reduce, reuse, recycle urge environmentalists; in other words, do more with less in order to minimize damage. As William McDonough and Michael Braungart argue in their provocative, visionary book, however, this approach perpetuates a one-way, cradle to grave manufacturing model that dates to the ...

The term "Cradle to Cradle" is a registered trademark of McDonough Braungart Design Chemistry (MBDC) consultants. The Cradle to Cradle Certified Products Program began as a proprietary system; however, in 2012 MBDC turned the certification over to an independent non-profit called the Cradle to Cradle Products Innovation Institute.
