Tourism Management and Sustainable Development

Series: Contributions to Economics

- Addresses tourism management and sustainable development in Central and Southeast Europe
- Includes a range of country studies
- Explores the impact of tourism growth on sustainable development

This book investigates the various ties between tourism development and sustainability, revealing forces of change and current trends in tourism management performance in countries of Central and Southeast Europe. The contributions explore how the tourism industry is responding to numerous related challenges while managing risks with the aim of enhancing tourism management performance. In addition, it offers insights into the interconnections between tourism and other industries. In brief, the book offers an innovative, quantitative and qualitative scientific approach to the topic, along with conclusions and concrete policy recommendations.
