

Head Teacher's Message

Dear Parents and Carers

At last we have reached the end of another very difficult year. Without wishing to sound like a broken record, I ended last year's newsletter by thanking you all for your incredible support but I will wholeheartedly say the same this year. You and your children are amazing, the way everyone has coped, accepted the changes, and supported us throughout has made this difficult year easier. Although the national rules around Covid finished this week, I do not pretend to say that next year must still be met with caution and with a lot of hard work needed. There is still catch-up to be done, not only with the children's lost learning but also their social and emotional well-being and we will need to call on your support to help us with that. But in the meantime, we wish you all a lovely summer holiday and we will see nearly all of you again when school starts again on 2nd September.

Finally, we said goodbye to our year 6s today. We are amazingly proud of their resilience and achievements, this year and throughout their time at Rusthall St Paul's. We wish them all the very best of luck at Secondary School.

Caroline Powell
