This publication is produced by the National Interagency Coordination Center, located at the National Interagency Fire Center, Boise, Idaho.

Additional copies of this publication may be ordered from: National Interagency Fire Center, ATTN: Great Basin Cache Supply Office, 3833 South Development Avenue, Boise, ID. 83705. NFES #2080

INTRODUCTION

This publication lists identifiers used for the mobilization of resources provided by wildland fire agencies. The identifiers are unique for each agency and office when combined with a State 2-letter postal code. Whether used for resource ordering, situation reporting or resource tracking, etc., the identifiers maintain jurisdictional responsibility. The purpose of this publication is to provide a list of identifiers used at the national level. The identifiers are listed by geographical area and grouped by agency. Local departments and cooperators are not listed. These may be added to the publication for use at the local level.

Most, but not all, state agencies are identified by the state's 2-letter postal code followed by an "S". Several state agencies have various letter/number identifiers that distinguish units within the state.

Agencies that provide resources for incidents but do not have areas of fire protection are listed below and will use these three letter identifiers along with the state's 2-letter postal code. They are not listed under each Geographic Area since they do not have fire protection areas. Examples: The Unit Identifier for a National Weather Service Fire Weather Forecaster from Salt Lake City, UT. would be: UT-WXW.

GSG = General Services Administration

BRL = Bureau of Reclamation

FEM = Federal Emergency Mgt. Agency

DDQ = Department of Defense

PRI = Private Contractors

FAV = Federal Aviation Administration

WXW = National Weather Service

OAZ = Office of Aircraft Services

LAST LETTERS/NUMBERS OF UNIT IDENTIFIERS

A = Bureau of Indian Affairs

AO = BIA Area Office

C = Coordination/Dispatch Centers

D = Bureau of Land Management

F = USDA Forest Service

G = General Services Administration

I = Privately owned or contracted resources

K = Geographic Area Caches

L = Bureau of Reclamation

M = Federal Emergency Mgt. Agency

P = National Park Service

Q = Department of Defense

R = Fish & Wildlife Service

RO# = USDA FS Region

S = State Agencies

SO = BLM State Offices

T = Tribes

V = Federal Aviation Administration

W = National Weather Service

Z = Office of Aircraft Services
