The Daily Five: Thursday, 10 July, 2008
http://ecotechdaily.com/ 2008/ 07/ 10/ the-daily-five-thursday-10-july-2008/
NASA joins the search for windpower; labor groups turn up the heat on Toyota; and General Electric passes a major milestone in renewable energy investment. Ocean Wind Power Maps Reveal Possible Wind Energy Sources: NASA's QuikSCAT satellite is primarily known as a tool for tracking weather features, such as tropical storms.

Hyundai readies Elantra LPI Hybrid for 2009 Korean launch
http://www.engadget.com/ 2008/ 07/ 09/ hyundai-readies-elantra-lpi-hybrid-for-20…
Filed under: Transportation 'Tis a shame we North Americans, Europeans, Australians, et al. won't be seeing the Elantra LPI Hybrid in 2009, but those in South Korea have a reason to celebrate. Hyundai is gearing up to launch the company's first LPG-electric hybrid vehicle next July, which also

Hyundai hybrid first to have lithium polymer battery
http://www.wippz.com/ wippz_blog/ 2008/ 07/ 09/ hyundai-hybrid-first-to-have-lit…
We've been keeping pretty close tabs on the Hyundai Avante / Elantra LPI mild electric hybrid. Just when we thought there couldn't possibly any new details to add about the propane burner, out pops a press release from the Korean manufacturer announcing that the LG Chem-supplied battery underpinning

World's Fastest RC Car Is Powered By Thunder Power LiPo Batteries
http://www.rctoys.com/ pr/ 2008/ 06/ 27/ worlds-fastest-rc-car-powered-thunderpo…
A group of RC car enthusiasts are developing a new kind of RC car, which they hope will break the world RC car speed record. The X3 electric RC car uses a 29.6 volt brushless motor with a pair of Thunder Power RC 4 cell 3300mAh LiPoly batteries to achieve speeds faster than many full scale cars are capable of.

Sony Ericsson's XPERIA X1 gets more details

http://www.jgadgets.com/ 2008/ 05/ 28/ sony-ericsson%e2%80%99s-xperia-x1-gets-mo…
The buzz and hype over Sony Ericsson's upcoming smartphone continues to build up as Sony Ericsson's developer site posted an updated white paper about the mobile phone. The white paper is still a long read and might bore you to death so if you don't have the time to check it out, the paper contained two bits of new and welcomed information.
