

**FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE**  
**URANIUM FROM RUSSIA**

*Return completed questionnaire to:*

**UNITED STATES INTERNATIONAL TRADE COMMISSION**

Office of Investigations, Room 615  
500 E Street, SW, Washington, DC 20436

**So as to be received by the Commission by no later than March 30, 2006**

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping review investigation concerning uranium from Russia (inv. No. 731-TA-539-C (Second Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

Name of firm \_\_\_\_\_

Address \_\_\_\_\_  
\_\_\_\_\_

World Wide Web address \_\_\_\_\_

Has your firm produced or exported **uranium** (as defined in the instruction booklet) at any time since January 1, 2000?

**NO** (Sign the certification below and promptly return only this page of the questionnaire to the Commission)

**YES** (Read the instruction booklet carefully, complete all parts of the questionnaire, sign the certification, and return the entire questionnaire to the Commission)

**CERTIFICATION**

*I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission.*

*By signing this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this review in any other import-injury investigations or reviews conducted by the Commission on the same or similar merchandise. (If you do not consent to such use, please note the certification accordingly.)*

*I acknowledge that information submitted in this questionnaire response and throughout this review may be used by the Commission, its employees, and contract personnel who are acting in the capacity of Commission employees, for developing or maintaining the records of this review or related proceedings for which this information is submitted, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3. I understand that all contract personnel will sign non-disclosure agreements.*

**PART I.--GENERAL QUESTIONS**

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a. Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.

\_\_\_\_\_ hours \_\_\_\_\_ dollars

I-1b. We are interested in any comments you may have for improving this questionnaire in general or the clarity of specific questions. Please attach such comments to your response or send them to the above address.

I-2. Provide the name and address of establishment(s) covered by this questionnaire (see page 3 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.

---

---

---

I-3. Please provide the names and addresses of the **FIVE** largest U.S. importers of your firm's uranium in 2005.

---

---

---

---

---

I-4. In Parts II and III of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected future market conditions for any form of uranium?

No       Yes--Please provide the requested documents. If you are not providing the requested documents, please explain why not.

---

---

**PART I.--GENERAL QUESTIONS--Continued**

I-5. Does your firm or any related firm produce, have the capability to produce, or have any plans to produce uranium in the United States, the Russian Federation, or other countries?

No

Yes--Please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire (contact Cynthia Trainor (202-205-3354; [cynthia.trainor@usitc.gov](mailto:cynthia.trainor@usitc.gov)) for copies of that questionnaire).

---

---

---

I-6. Does your firm or any related firm import or have any plans to import uranium into the United States?

No

Yes--Please name the firm(s) below and ensure that they complete the Commission's importer questionnaire (contact Cynthia Trainor for copies of that questionnaire).

---

---

---

**PART II.--TRADE AND RELATED INFORMATION**

II-1. Has your firm experienced or announced any changes in the nature of its operations relating to the production of uranium since January 1, 2000? Such changes may include, but are not limited to, plant openings, relocations, expansions, acquisitions, consolidations, closures or prolonged shutdowns because of strikes or equipment failure, curtailment of production because of shortages of materials, or changes in your operations with regard to how uranium is produced or in the feedstock on which you rely to produce uranium.

No

Yes--Supply details as to the time, nature, and significance of such changes and the forms of uranium involved.

---

---

---

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-2. Does your firm anticipate any changes in the character of your operations or organization (as noted above) relating to the production of uranium in the future?

- No                       Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation, that address this issue. **Include in your response a specific projection of your firm's capacity to produce each form of uranium (in 1,000 pounds U<sub>3</sub>O<sub>8</sub> for concentrate, in kilograms of Uranium for all other forms, plus SWUs for LEU) for 2006 and 2007. For this projection include all methods of production affecting your capability to produce, such as reenrichment of tails, and tails stripping and downblending of HEU.**

---

---

---

II-3. Would your firm anticipate any changes in the character of your operations or organization (as noted above) relating to the production of uranium in the future if the suspension agreement on uranium from Russia were to be revoked?

- No                       Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation, that address this issue.

---

---

II-4. Does your firm have any plans to add, expand, curtail, or shut down production capacity and/or production of uranium in Russia in the future?

- No                       Yes--Please describe those plans, including planned dates and capacity/production quantities involved, and the reason(s) for such change(s). If the plans are to add or expand capacity or production, list (in descending order of importance) the markets (countries) to which such additional capacity or production would be directed. If any of the plans to add capacity or production are influenced by expectations of any changes to export restrictions in the United States or other markets, please describe how your plans are affected by such expectations. Provide relevant portions of business plans or other supporting documentation that addresses this issue.

---

---

---

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-5. Describe the production technology used in the production of uranium in Russia and identify major production inputs. For enriched uranium, production includes traditional production methods, such as centrifugation and gaseous diffusion, as well as the enrichment of depleted uranium tails, the downblending of HEU and tails stripping reprocessing uranium and enrichment of reprocessed uranium. Also discuss any significant changes in production technology since January 1, 2000.

---

---

---

II-6. Has your firm since January 1, 2000 produced, or does your firm anticipate producing in the future, other products on the same equipment and machinery used in the production of uranium?

No       Yes--List the following information and report your firm's combined production capacity and production of these products and uranium in the periods indicated.

| <u>Product</u> | <u>Period</u> | <u>Basis for allocation of capacity data</u> |
|----------------|---------------|--|
| <hr/>          | <hr/>         | <hr/>  |
| <hr/>          | <hr/>         | <hr/>  |

| <i>(Quantity in 1,000 pounds U<sub>3</sub>O<sub>8</sub> for concentrate;<br/>in kilograms of Uranium for all other forms, plus SWUs for LEU)</i> |      |      |      |      |      |      |
|--|------|------|------|------|------|------|
| Item   | 2000 | 2001 | 2002 | 2003 | 2004 | 2005 |
| <b>AVERAGE PRODUCTION CAPACITY</b>   |      |      |      |      |      |      |
| <b>PRODUCTION</b>  |      |      |      |      |      |      |

II-7. Has your firm since October 16, 1992 produced, or does your firm anticipate producing in the future, other products using the same production and related workers employed to produce uranium?

No       Yes--List the following information.

| <u>Product</u> | <u>Period</u> | <u>Basis for allocation of employment data</u> |
|----------------|---------------|--|
| <hr/>          | <hr/>         | <hr/>  |
| <hr/>          | <hr/>         | <hr/>  |

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-8. Please describe the constraint(s) that set the limit(s) on your production capacity.

---

---

II-9. What percentage of your firm's total sales in its most recent fiscal year was represented by sales of uranium?

\_\_\_\_\_ Percent

II-10. Is your firm able to switch production between uranium and other products in response to a relative price change in the price of uranium vis-a-vis the price of other products, using the same equipment and labor?

No       Yes--Please identify below the other products, the approximate time and cost involved in switching, and the minimum relative price change required for your firm to switch production to or from uranium.

---

---

II-11. (a) Has your firm or any affiliated party, including the Russian Government, maintained any inventories of uranium products in the United States (not including inventories held by firms identified in questions I-3, I-5, or I-6 above<sup>1</sup>) since 2000?

No       Yes--Report the quantity (in 1,000 pounds U<sub>3</sub>O<sub>8</sub> for concentrate, in kilograms of Uranium for all other forms) of such **end-of-period** inventories below.

**2000**      **2001**      **2002**      **2003**      **2004**      **2005**

---

(b) Does your firm or any affiliated party, including the Russian Government, maintain inventories of uranium products, including low enriched uranium and highly enriched uranium, in the Russian Federation or any third country? If yes, please provide information concerning the size of those inventories.

---

---

<sup>1</sup> Such firms will report inventories in the Commission's importer or producer questionnaire.

II-12. (a) Are your firm's exports of uranium subject to tariff or non-tariff barriers to trade (for example, antidumping or countervailing duty findings or remedies, tariffs, quotas, or regulatory barriers) in any countries other than the United States?

No  Yes--List the products(s), country(ies), the year each such barrier was imposed, and the type of barrier.

| Product | Country | Year imposed | Barrier (if tariff, give rate) |
|---------|---------|--------------|--------------------------------|
| _____   | _____   | _____        | _____                          |
| _____   | _____   | _____        | _____                          |

(b) Are your firm's exports of uranium subject to current investigations in any countries other than the United States that might result in tariff or non-tariff barriers to trade?

No  Yes--List the products(s), country(ies), and type of investigation.

| Product | Country | Type of investigation |
|---------|---------|-----------------------|
| _____   | _____   | _____                 |
| _____   | _____   | _____                 |

II-13. Identify export markets (other than the United States) that you have developed or where you have increased your sales of uranium as a result of the suspension agreement on uranium from Russia. Please identify and discuss below.

---

---

---

II-14. Are imports of uranium from any country into your home market subject to any tariff or non-tariff barriers?

No  Yes--Please describe any such barriers and any significant changes in such barriers that have occurred since January 1, 2000, or that are expected to occur in the future.

---

---

---

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-15. Describe the significance of the existing suspension agreement covering imports of uranium from Russia in terms of its effect on your firm's production capacity, production, home market shipments, exports to the United States and other markets, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.

---

---

---

II-16. Would your firm anticipate any changes in its production capacity, production, home market shipments, exports to the United States and other markets, or inventories relating to the production of uranium in the future if the suspension agreement on uranium from Russia were to be revoked?

No

Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation, for any trends or projections you may provide.

---

---

---

<sup>1</sup> The production capacity (see definitions in instructions booklet) reported is based on operating \_\_\_\_\_ hours per week, \_\_\_\_\_ weeks per year. Please describe the methodology used to calculate production capacity, and explain any changes in reported capacity (use additional pages as necessary).

---

<sup>2</sup> Reconciliation of data--Please note that the quantities reported above should reconcile as follows: beginning-of-period inventories, plus production, less total shipments, equals end-of-period inventories. Do the data reported reconcile?

Yes  No--Please explain: \_\_\_\_\_

---

<sup>3</sup> Please estimate the percentage of total production of uranium in Russia accounted for by your firm's production in 2005: \_\_\_\_\_ Percent

<sup>4</sup> Please estimate the percentage of total exports to the United States of uranium from Russia accounted for by your firm's exports in 2005: \_\_\_\_\_ Percent

<sup>5</sup> Identify principal *European Union* export markets. \_\_\_\_\_

<sup>6</sup> Identify principal *Asian* export markets. \_\_\_\_\_

<sup>7</sup> Identify principal *other* export markets. \_\_\_\_\_

<sup>8</sup> Please provide an explanation of the basis for your 2006 and 2007 projections \_\_\_\_\_

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-18. Please report any inventories and sales of Russian-made uranium, separately by form and by country, not produced in your country but held in your country or elsewhere and owned and/or controlled by your firm. Include the natural uranium component of uranium enriched in a third country (if the natural component was produced in Russia). Duplicate this page as necessary.

Form of uranium: \_\_\_\_\_

| <b>(Quantity in 1,000 pounds U<sub>3</sub>O<sub>8</sub> for concentrate, in SWUs and kilograms of Uranium for LEU<sup>1</sup>, and kilograms of Uranium for all other forms)</b>  |             |             |             |             |             |             |                                       |                                       |

**PART III.—MARKET FACTORS**

Unless otherwise instructed, please answer questions in Part III based on your firm's total sales, during January 2000-December 2005, of its domestically-produced uranium products/services involving, as a minimum, one or more of the following: uranium concentrates, natural UF<sub>6</sub> and/or the natural conversion service, LEU-HF and/or the enrichment service, LEU-DO and/or the enriched conversion service (may involve some enrichment adjustment), LEU-P and/or the pelletizing service, and uranium tails depleted in the U<sup>235</sup> isotope (a by-product of enrichment). Third-country markets are countries other than the United States. **Please respond fully to the questions and attach additional pages of discussion as needed; identify attached responses with the question number.** In reporting quantities where requested, use pounds of U<sub>3</sub>O<sub>8</sub> or equivalent U<sub>3</sub>O<sub>8</sub> pounds for uranium concentrates, kilograms of U contained in the natural UF<sub>6</sub> and/or conversion service, kilograms of U and SWU contained in the LEU-HF and/or the enrichment service, kilograms of U in the LEU-DO/LEU-P and/or enriched conversion/pelletizing service, and kilograms of U in any uranium tails. *Note: Unless otherwise specified, shipments, exports, and imports refer to book transfers and physical movements (in accordance with the delivery terms of the transaction) of the uranium products/services.*

**Section III-A.—SUPPLY FACTORS**

**III-A.1** Please indicate (✓) below the uranium products that your firm produced and uranium production services that your firm provided domestically during 2000-05. For enriched uranium, production includes traditional production methods, such as centrifugation and gaseous diffusion, as well as the enrichment of depleted uranium tails, the downblending of HEU, tails stripping, reprocessing uranium and enriching reprocessed uranium.

|                                       |                          |                         |                          |  |                          |                      |                          |
|---------------------------------------|--------------------------|-------------------------|--------------------------|--|--------------------------|----------------------|--------------------------|
| Uranium concentrates                  | <input type="checkbox"/> | Natural UF <sub>6</sub> | <input type="checkbox"/> | LEU-P                                    | <input type="checkbox"/> | Conversion to LEU-DO | <input type="checkbox"/> |
| Conversion to natural UF <sub>6</sub> | <input type="checkbox"/> | LEU-HF                  | <input type="checkbox"/> | Tails                                    | <input type="checkbox"/> | Pelletize to LEU-P   | <input type="checkbox"/> |
| Enrichment to LEU-HF                  | <input type="checkbox"/> | LEU-DO                  | <input type="checkbox"/> | LEU oxides, nitrates, and metals, n.e.s. | <input type="checkbox"/> |                      | <input type="checkbox"/> |

If you did not produce one or more of the listed uranium products during 2000-05, but were able to do so, please identify such products below and explain why you did not produce them during this period.

---

---

---

---

Please discuss fully below any changes that you anticipate in the future in the range of uranium products/services you expect to produce and/or will have the ability to produce. Please answer separately, if appropriate, for production versus ability to produce. Identify the future time period(s) involved and discuss the factor(s) that you believe would be responsible for any such changes. Provide underlying assumptions, along with relevant portions of planning documents, reports to officials or other supporting documentation that, address this issue. *Attach additional pages of discussion as needed.*

---

---

---

**PART III.-MARKET FACTORS-Continued**

**Section III-A.-SUPPLY FACTORS-Continued**

**III-A.2** Please indicate ( ✓ ) below any uranium products/services produced outside your country that your firm sold for export, or arranged for export, as exports of your country during 2000-05.

|                                       |                          |                         |                          |  |                          |                      |                          |
|---------------------------------------|--------------------------|-------------------------|--------------------------|--|--------------------------|----------------------|--------------------------|
| Uranium concentrates                  | <input type="checkbox"/> | Natural UF <sub>6</sub> | <input type="checkbox"/> | LEU-P                                    | <input type="checkbox"/> | Conversion to LEU-DO | <input type="checkbox"/> |
| Conversion to natural UF <sub>6</sub> | <input type="checkbox"/> | LEU-HF                  | <input type="checkbox"/> | Tails                                    | <input type="checkbox"/> | Pelletize to LEU-P   | <input type="checkbox"/> |
| Enrichment to LEU-HF                  | <input type="checkbox"/> | LEU-DO                  | <input type="checkbox"/> | LEU oxides, nitrates, and metals, n.e.s. | <input type="checkbox"/> |                      | <input type="checkbox"/> |

If you sold for export, or arranged for export, during this period **ONLY** uranium products/services produced in your country, check ( ✓ ) here  and skip to the next question.

Otherwise, explain below the circumstances under which you exported, or arranged for export, such uranium products during 2000-05, and identify the countries to which such products were exported.

---

---

---

---

---

---

---

---

Please discuss fully below any anticipated exports, or plans to arrange for export, in the future uranium products/services **not produced in your country**, but represented as exports of your country. Please identify the uranium products/services and destination country(ies) for any such future exports. Identify the future time period(s) involved and discuss the factor(s) that you believe would be responsible for any such changes. *Attach additional pages of discussion as needed.*

---

---

---

---

---

---

---

---

**PART III. MARKET FACTORS**—Continued

**Section III-A. SUPPLY FACTORS**—Continued

**III-A.3** Please discuss the likelihood of future large-scale U.S., Russian, and any other country production and sales of LEU-HF or other low-enriched uranium product blended-down from HEU, including both uranium from existing inventories and/or new production, and identify any technical and/or commercial roadblocks to such production/sales. In addition, discuss any possible changes in your domestic uranium industry that might be expected to result from such production/sales, especially the impact on your domestic producers/facilities that produce uranium concentrates, natural UF<sub>6</sub>, and the conversion and enrichment services. Also discuss any impact of such product on any plans of your firm for future uranium production in your country. Specify the time period(s) involved. *Attach additional pages of discussion as needed.*

---

---

---

---

---

---

---

---

---

---

**III-A.4** Do you have any contracts, agreements, or other arrangements with producers of natural uranium products in third countries under which you can obtain natural uranium of any kind for enrichment?

YES

NO

*If yes, please describe these contracts, agreements, or other arrangements, including the quantities of natural uranium that you can obtain, and supply supporting documentation.*

---

---

---

---

---

---

---

---

**PART III.-MARKET FACTORS-Continued**

**Section III-A.-SUPPLY FACTORS-Continued**

**III-A.5** Have your firm's costs for its raw material(s), energy, labor, or costs of domestic/foreign transportation used to produce and ship your domestic uranium products generally increased, decreased, fluctuated without trend, or remained stable during January 2000-December 2005? Respond separately for each type of uranium product that was produced by your firm during this period. Please (✓) as appropriate and **copy this page as necessary for each uranium product/service.**

Uranium product:

Raw materials       increased       decreased       fluctuated       remained stable

Energy       increased       decreased       fluctuated       remained stable

Labor       increased       decreased       fluctuated       remained stable

Domestic/foreign transportation       increased       decreased       fluctuated       remained stable

For enrichment contracts (either for LEU or re-enriched tails), report in \$/SWU.</p> |   |            |            |            |            |            |            |

**PART III.-MARKET FACTORS-Continued**

**Section III-A.-SUPPLY FACTORS-Continued**

**III-A.12** Please report in the table below the requested information regarding contracts for reenrichment of depleted uranium (tails) over the last three years, as well as for enrichment of natural uranium. Also, please provide the total revenue earned from tails enrichment as compared to revenue from enrichment of natural uranium in the last three years.

|   | 2003 contracts | 2004 contracts | 2005 contracts |
|---|----------------|----------------|----------------|
| Tails re-enrichment volume (1,000 SWU) <sup>1</sup> :               |                |                |                |
| European customers  |                |                |                |
| Russian Federation customers  |                |                |                |
| Customers in other countries  |                |                |                |
| Tails re-enrichment price (\$/SWU) <sup>1</sup> :                   |                |                |                |
| European customers  |                |                |                |
| Russian Federation customers  |                |                |                |
| Customers in other countries  |                |                |                |
| Enrichment of natural uranium average price (\$/SWU) <sup>1</sup> : |                |                |                |
| European customers  |                |                |                |
| Russian Federation customers  |                |                |                |
| Customers in other countries  |                |                |                |
| Total revenue for deliveries of re-enriched uranium:                |                |                |                |
| Total revenue for deliveries of enriched uranium:                   |                |                |                |

<sup>1</sup> Report for contracts signed in each of these years.

<sup>2</sup> Note.- If your sales were made in currencies other than U.S. dollars, please report below the exchange rate(s) used for converting to dollars:

**PART III.-MARKET FACTORS-Continued**

**Section III-B.-DEMAND FACTORS**

**III-B.1** Have there been any changes in the end uses of uranium products/services since January 1, 2000 in your home market, the U.S. market, or third-country markets? If so, please describe. (Check  as appropriate)

Home market  U.S. market  Third-country markets  No differences

*If yes, please describe any differences separately for each market. Please identify and discuss by each type of uranium product/service.*

---

---

---

---

---

---

---

---

---

---

What changes in end use do you anticipate in the future? Please specify by market (home, U.S., third-country), specific anticipated time frame, and type of uranium product/service.

---

---

---

---

---

---

---

---

---

---

**PART III. MARKET FACTORS** *Continued*

**Section III-B. DEMAND FACTORS** *Continued*

**III-B.2** Have there been any significant changes since January 1, 2000, in the level and composition (types of uranium products) of uranium demand in your home market, the U.S.-market, and third-country markets, and explain the reasons for any such changes. Include in your discussion the role of reprocessed fuel and other sources that do not involve the consumption of traditional uranium production or inventories in meeting home and foreign-country demand.

Changes in home-market demand:

---

---

---

Changes in U.S.-market demand:

---

---

---

Changes in third-country market demand (identify specific countries):

---

---

---

What changes do you anticipate in the future with respect to the level and composition (types of uranium products) of uranium demand in your home market, the U.S.-market, and third-country markets. Please specify by market (home, U.S., third-country), specific anticipated time frame, and type of uranium product/service.

---

**PART III.-MARKET FACTORS-Continued**

**Section III-B.-DEMAND FACTORS-Continued**

**III-B.3** Are the uranium products/services produced by your firm and other domestic uranium otherwise available to your firm and sold in its home market interchangeable (i.e., physically can be used in the same applications) with- (Check  as appropriate)

|   |                          |     |                          |    |
|---|--------------------------|-----|--------------------------|----|
| Uranium and SWU products/services produced in the United States | <input type="checkbox"/> | YES | <input type="checkbox"/> | NO |
| Uranium and SWU products/services produced in third countries   | <input type="checkbox"/> | YES | <input type="checkbox"/> | NO |

Identify the specific third-country markets:

If your response is no, please explain below for the U.S. market and each of the specific third-country markets. Also, please respond for each type of uranium product/service and explain how such differences affect your ability to compete in the foreign markets. *Attach additional pages of discussion as needed.*

---

---

---

---

**III-B.4** Have any significant changes occurred in the product range or marketing of the uranium products/services in your home market since January 1, 2000? *If yes, please describe below any such changes for each type of uranium product/service, the time period(s) involved, the factor(s) responsible for any such changes, and the impact such changes had on your sales volumes and prices of your uranium products/services.*

YES  NO

---

---

---

---

**III-B.5** Do you anticipate any significant changes in the product range or marketing of uranium and SWU products/ services in your home market in the future? *If yes, please specify by anticipated time frame and type of uranium product/service which the change would affect.*

YES  NO

---

---

---

---

**PART III.-MARKET FACTORS-Continued**

**Section III-B.-DEMAND FACTORS-Continued**

**III-B.6** Are there any factors that give an advantage or disadvantage to your domestically produced and consumed uranium and SWU products vis-a-vis another those that are exported to the United States or your principal third-country market(s)? Examples might include product quality, lower price, product range, transportation network, availability, etc. Respond for each type of uranium product/ service. *Attach additional pages of discussion as needed.*

---

---

---

---

---

---

**III-B.7** Have the uranium product/service prices in your home market been significantly different than the uranium product/service prices in the U.S. and your principal third-country markets since January 1, 2000? (check ✓ as appropriate)? *If yes*, please estimate the price premium that your firm receives for either its home market sales or its exports to the United States, and explain why your firm is able to charge a higher price in one market vis-a-vis the other market. Answer separately for each type of uranium product.

|          |       |                          |       |     |                          |    |                          |
|----------|-------|--------------------------|-------|-----|--------------------------|----|--------------------------|
| Country: | _____ | Uranium product/service: | _____ | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> |
| Country: | _____ | Uranium product/service: | _____ | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> |
| Country: | _____ | Uranium product/service: | _____ | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> |
| Country: | _____ | Uranium product/service: | _____ | YES | <input type="checkbox"/> | NO | <input type="checkbox"/> |

Comments:

---

---

---

---

**PART III.-MARKET FACTORS-Continued**

**Section III-B.-DEMAND FACTORS-Continued**

**III-B.8** Since January 1, 2000, have you solicited, negotiated, signed, or been solicited to negotiate or sign any firm or contingent contracts with U.S. purchasers of uranium or uranium processing services for the future supply of any Russian uranium products or processing services?

YES  NO

*If yes, please provide descriptions of these contracts/agreements/solicitations, identifying the type(s) and quantities of uranium product(s)/service(s), date(s) of commencement, and duration of the contracts/agreements/solicitations.*

---

---

---

---

---

---

---

---

**III-B.9** Please provide as separate attachments to this request any studies, surveys, etc that you are aware of that quantify and/or otherwise discuss demand for the uranium and SWU products/services in (1) the United States, (2) each of the other major producing/consuming countries, including Russia, Ukraine, and Uzbekistan, and (3) the world as a whole. Of particular interest is such data on an annual basis from January 1, 2000 to the present and forecasts of these demand data.
