Subject: FY 1999 Performance Funding System (PFS) Inflation Factor and Equation

This Notice transmits the updated Inflation Factor, Equation, and related tables which must be used for the determination of operating subsidy eligibility for Public Housing Agencies (HAs) operating locally-owned projects for Fiscal Years Beginning January 1, April 1, July 1, and October 1, 1999.

This information is found in the following Appendixes to this Notice:

- Appendix 1 - PFS INFLATION FACTOR
- Appendix 2 - PFS EQUATION FOR REQUESTED BUDGET YEAR
- Appendix 3 - FEL INCREASE WORKSHEET FOR FY 1999
- Appendix 4 - LISTING OF METROPOLITAN AREAS

NOTE: Most HAs use only the PFS Inflation Factor contained in Appendix 1 of this Notice to calculate their operating subsidy eligibility. A small number of HAs which have experienced a significant change in their housing stock use the PFS equation to adjust their Allowable Expense Level (AEL) (Long Calculation of the Delta.)

SPECIAL NOTES RELATED TO OPERATING SUBSIDY ELIGIBILITY:

1. **Funding for Public/Indian Housing Family Self Sufficiency (FSS) Programs.** HAS with HUD approved FSS Action Plans may request additional operating subsidy under the PFS to cover the public housing share of the reasonable cost of salary and fringe benefits for the FSS service coordinator. When Section 8 and public/Indian housing FSS programs are combined, the shared costs of the service coordinator must be prorated between the programs using an equitable allocation system such as percentage of time or number of FSS participants. The subsidy may also be increased by an amount equal to the PFS Allowable Expense Level for each vacant public housing unit approved by HUD for provision of supportive services to support Section 8 and/or public Housing FSS programs. These FSS costs are eligible under the PFS regulation as costs attributable to a change in Federal Law and should be entered on Line 28a of Form HUD-52723, Calculation of PFS Operating Subsidy.
2. **No PFS funding for Tenant Opportunity Program (TOP).** The Final Rule on Tenant Participation and Tenant Opportunities in Public and Indian Housing was published on August 24, 1994. The regulation changes the PFS to add two new categories of eligibility: Funding for Resident Council Expenses and Funding for Resident Council Office Space. As the regulation and preamble state, both of these additions are "subject to appropriations". We do not have appropriations to support these additions. The Department will issue a Notice to all HAS if funds are appropriated for these purposes.
3. **Adjustments for Training Income Exclusions.** The rent rolls used to calculate PFS eligibility reflect mandatory Training Income Exclusions (ref.: Notice PIH 98-2 (HA) and 24CFR Part 5). Therefore for the current fiscal year, HAS will receive operating subsidy to affect the lower dwelling rental income that results from the exclusions. However, due to insufficient funds, HUD will not approve operating subsidy adjustments under 24CFR990.110(d) to cover any previous reimbursements or reduced rents due to residents resulting from the failure of the HA to implement appropriate training income exclusions.

If additional information is needed, please contact Joan DeWitt, Director, Funding and Financial Management Division, Office of Public and Assisted Housing Delivery, at (202) 708-1872.
