The Arizona Game and Fish Department prohibits discrimination on the basis of race, color, sex, national origin, age, disability in its programs and activities. Discrimination on the basis of sex is prohibited in federally assisted AGFD programs. If anyone believes that they have been discriminated against in any of the AGFD's programs or activities, including its employment practices, the individual may file a complaint alleging discrimination directly with the AGFD Deputy Director, 2221 W. Greenway Rd., Phoenix, AZ 85023, (602) 942-3000 or U.S. Fish and Wildlife Service, 4040 N. Fairfax Dr., Suite 130, Arlington, VA 22203. If you require this document in an alternative format, please contact the AGFD Deputy Director as listed above or by calling TTY at 1-800-367-8939.

Synopsis of federal regulations applicable to migratory bird hunting

WEAPON - Migratory game birds may be taken only with a 10 gauge or smaller shotgun capable of holding not more than three shells. Birds may also be taken by falconry or by bow and arrow, or crossbow.

MOTOR-VEHICLE RESTRICTION – No person may take migratory game birds from any motor-driven vehicle, including aircraft. Special regulations govern handicapped hunters.

WATERCRAFT RESTRICTIONS - Waterfowl may be hunted from a watercraft (except a sinkbox) including those propelled by motor, sail and wind, or both when the motor has been completely shut off and/or the sails furled and its progress therefrom has ceased. The watercraft may be drifting as a result of current or wind action on the hull, beached or moored, resting at anchor, or may be propelled by paddle, oars or pole. A watercraft under power may be used to retrieve dead or crippled waterfowl but no shooting is permitted while the watercraft is underway. It is illegal to drive or rally game birds toward hunters by use of any motor-driven conveyance or sail boat.

DECOYS, CALLS AND BAITING - Migratory birds may not be taken with the aid of live decoys, recorded bird calls or electronically amplified bird calls. It is illegal to take birds by the aid of baiting or on or over a baited area where a person knows or reasonably should know that the area is or has been baited. A baited area is considered to be baited for 10 days after complete removal of any bait. Baiting includes placing, exposing, depositing, distributing or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them.

RETRIEVAL AND TAGGING - All birds downed shall be retrieved if possible, and retained in the custody of the hunter in the field. Crippled birds must be killed immediately. Any birds given to or left with another person must be tagged by the hunter with a tag showing the hunter's name, address, the number and species of birds, and the dates they were killed. Packages in which migratory game birds are shipped must show the names of the sender and receiver, and the number and species of birds contained in the parcel.

BAG LIMIT - No person may, during any one day take more than one daily bag limit or possess more than one daily bag limit in the field, or while returning to the car, hunting camp or home. One feathered wing must be left attached to all migratory game birds until they reach their final destination.

Monuments and military areas

The Grand Canyon-Parashant, Vermilion Cliffs, Sonoran Desert, Ironwood Forest, and Agua Fria National Monuments are open to hunting. The Navajo Army Depot in Unit 6B is open to hunting only to properly licensed members of the Arizona National Guard and Navajo Army Depot civilian personnel holding a valid Navajo Army Depot hunting permit. Season dates and regulations must be obtained from the Arizona National Guard. The Fort Huachuca Army Garrison in Unit 35A is open to hunting only to properly licensed military and Fort Huachuca civilian personnel holding a valid Fort Huachuca post hunting permit. Season dates and special regulations must be obtained from Fort Huachuca.

The Florence Military Reservation (training areas B and D: the areas north and south of Cottonwood Canyon Road) in Unit 37B is subject to short term closures due to military operations, including live fire operations, and requires coordination with the Florence Military Reservation for hunting access. For specific closure dates or any other access concerns, contact the Florence Military Reservation at 602-267-2062. A map of the Florence Military Reservation is located on the Arizona Game and Fish Department's Web site, azgfd.gov (type Florence Military Reservation in the search box).

One feathered wing

Sportsmen should note that one feathered wing (or head for sandhill crane only) must be left attached to all migratory game birds until they reach their final destination.

Nontoxic shot

Possession of lead shot, including plated lead, is prohibited while hunting waterfowl (ducks, geese, coots, mergansers, and common moorhens). NONTOXIC shot is required for all waterfowl hunting in Arizona. NONTOXIC shot includes steel, bismuth, tungsten/iron, tungsten/polymer, tungsten-nickel-iron, tungsten matrix shot, tungsten/bronze, tungsten/tin/bismuth, tungsten-iron-copper-nickel, and tungsten-tin-iron. A complete listing of approved nontoxic shot can be found at www.fws.gov/migratorybirds/issues/nontoxic_shot/nontoxic.htm

Banded birds

Hunters can report recovery of banded birds by calling 1-800-327-BAND (2263).

Wildlife areas, county parks

Waterfowl Hunters – Arizona Bald Eagles Need Your Help

Annually on Dec. 1, 22 closures are enacted statewide to protect breeding bald eagles. These closures restrict human activity within the nest area so the resident bald eagles will have the opportunity to successfully breed. We are asking for your assistance to avoid bald eagle breeding areas while you are hunting waterfowl, as your presence and the noise from discharging your firearm may cause a disturbance to the breeding pair. The bald eagles are laying eggs during the later part of the waterfowl season and are very sensitive to human activity.

The bald eagle is protected by the Bald and Golden Eagle Protection Act, the Migratory Bird Treaty Act and various other state and federal laws.

You can find the full list of Bald Eagle Breeding Area Closures at <http://www.swbemc.org>. Click on the "Bald Eagle Closure Areas Go Into Effect" link on that page. Or contact the local U.S. Forest Service Ranger District office or Arizona Game and Fish Regional Office where you plan to hunt.
