

granted by Title 13, United States Code, Section 8 and by the Public Health Service Act, Title 42, United States Code, Sections 306 & 2102(a)(7).

In response to one of the goals of the 1993 Childhood Immunization Initiative, to monitor childhood immunization coverage and provide important statistics about childhood vaccinations and related health matters, funding for the NIS was provided and data collection began in April 1994. Furthermore, the scope of the program expanded to include assessing progress towards the national vaccination goals set forth by the Childhood Immunization Initiative of 1996. Currently, the NIS provides vaccination coverage estimates annually for children aged 19–35 months and teens aged 13–17 years, by state and at least six city/county areas. The information collected is used to evaluate state and local immunization programs, to develop health care policies, and to assist in the determination of funding allocations for the Vaccines for Children (VFC) program. Since 1994, the VFC program has helped families of children who may not otherwise have access to vaccines by providing free vaccines to doctors who serve them.

In recent years, the NIS has covered a decreasing portion of the target population, particularly children aged 19–35 months living in households with cell phone, but not landline telephone service. As part of the CDC's continuing effort to evaluate and refine the NIS, this study is intended to explore how partnering with the Census Bureau and sampling from the ACS for households with age-eligible children having landline, cell phone only, and no telephone service could result in improvements to the survey especially in terms of coverage, response, and cost.

II. Method of Collection

Data collection for the NIS Evaluation Study will use a multi-mode approach. First, computer-assisted telephone interviewing (CATI) will be conducted with households with age-eligible children (19–35 months) to collect information on the vaccinations received for each age-eligible child, as well as information on vaccination providers. Second, in-person follow-up interviews with non-responders, including households with no telephone service, will be conducted. Due to constraints in time and resources, the follow-up interviews for the evaluation study will be conducted using paper-and-pencil interviewing methods. If the results from the evaluation study prove beneficial, in-person follow-up interviews for the national survey will

be conducted using computer-assisted personal interviewing (CAPI) methods whereby field representatives collect the data from respondents using laptop computers. Third, vaccination providers will be contacted through the use of a paper mail-out/mail-back process. Providers will submit information on vaccinations administered and the dates the vaccinations were administered for each child 19 through 35 months. Only providers of age-eligible children whose parent or guardian participated in the telephone or paper follow-up survey and who gave consent to follow-up with the provider will be contacted. The provider information on the type of vaccine, the number of vaccinations, and the dates of vaccination will be used to estimate vaccination coverage levels; the information obtained from the parent or guardian will be used to evaluate the completeness of the provider-reported information.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Individuals/households; business or other for-profit organizations (Health Care Providers).

Estimated Number of Respondents: 1,200 children in 1,185 households; 1,510 providers.

Estimated Time Per Response: 28 minutes, 2 seconds (household component); 25 minutes, 2 seconds (provider verification component).

Estimated Total Annual Burden Hours: 564 hours (household component), 634 hours (provider verification component).

Estimated Total Annual Cost: \$0.

Respondent's Obligation: Voluntary.

Legal Authority: All information collected about individuals or households is confidential by law Title 13, United States Code, Section 9. Legal authorization to conduct the survey is granted by Title 13, United States Code, Section 8 and by the Public Health Service Act, Title 42, United States Code, Sections 306 & 2102(a)(7).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 1, 2008.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Foreign-Trade Zones Board

[Docket 51–2008]

Foreign-Trade Zone 82—Mobile, AL; Application for Subzone; ThyssenKrupp Steel and Stainless USA, LLC, (Stainless and Carbon Steel Products), Calvert, AL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Mobile, grantee of FTZ 82, requesting special-purpose subzone status for the stainless and carbon steel products manufacturing facility of ThyssenKrupp Steel and Stainless USA, LLC (ThyssenKrupp), located in Calvert, Alabama. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 1, 2008.

The ThyssenKrupp facility (2,500 employees, 3,515 acres/square feet, 4.5 million metric ton capacity for carbon steel products and 1 million metric ton capacity for stainless steel products) is located at 1 ThyssenKrupp Drive, near the city of Calvert, Washington and Mobile Counties, Alabama. The facility will be used for the manufacturing, processing and distribution of carbon and stainless steel products. Components and materials sourced from abroad (representing 44% of the value of finished stainless steel products and 45% of the value of the finished carbon steel products) include: Ferrochromium, unwrought molybdenum, ferrosilicon, articles of titanium, ferrosilicon manganese, unwrought titanium, ferro-niobium, ferro-boron, wire and rods of agglom, unwrought aluminum and zinc (duty rate ranges from duty-free to 15%).

FTZ procedures would exempt ThyssenKrupp from customs duty

payments on the foreign components used in export production. The company anticipates that some 27 percent of the plant's stainless steel shipments and 5–10 percent of its carbon steel shipments will be exported. On its domestic sales, ThyssenKrupp would be able to choose the duty rates during customs entry procedures that apply to the finished stainless steel and carbon steel products (duty-free) for the foreign inputs noted above. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 8, 2008. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 22, 2008.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

Office of the City Clerk, City of Mobile, 9th Floor, South Tower, Government Plaza, 205 Government Street, Mobile, AL 36602.

Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2111, 1401 Constitution Ave. NW., Washington, DC 20230.

For further information, contact Elizabeth Whiteman at Elizabeth_Whiteman@ita.doc.gov or (202) 482-0473.

Dated: October 1, 2008.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[Docket T-2-2008]

Foreign-Trade Zone 26—Atlanta, GA; Application for Temporary/Interim Manufacturing Authority; Termination of Review; Kia Motors Manufacturing Georgia, Inc. (Motor Vehicles)

Notice is hereby given that the Foreign-Trade Zones (FTZ) Board staff

has terminated its review of the application requesting temporary/interim manufacturing (T/IM) authority within FTZ 26 at the Kia Motors Manufacturing Georgia, Inc. (KMMG) facility in West Point, Georgia. The application was filed on May 7, 2008 (73 FR 27492, 5-13-2008). Substantive comments submitted in opposition to the KMMG application during the public comment period remove the application from eligibility under the specific T/IM standard of "clearly presenting no new, complex, or controversial issues" (see "Proposals to Facilitate the Use of Foreign-Trade Zones by Small and Medium-Sized Manufacturers," 69 FR 17643, 4/5/2004). The review was terminated on September 12, 2008.

Dated: September 26, 2008.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[Order No. 1576]

Grant of Authority for Subzone Status; Baker Hughes, Inc. (Barite Milling), Corpus Christi, TX

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for " * * * the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," and authorizes the Foreign-Trade Zones Board to grant qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

Whereas, the Port of Port of Corpus Christi Authority, grantee of Foreign-Trade Zone 122, has made application to the Board for authority to establish a special-purpose subzone at the barite milling facility of Baker Hughes, Inc., located in Corpus Christi, Texas (FTZ Docket 15-2008, filed 2/25/08);

Whereas, notice inviting public comment was given in the **Federal Register** (73 FR 12949, 3/11/08); and,
Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby grants authority for subzone status for activity related to barite milling at the facility of Baker Hughes, Inc., located in Corpus Christi, Texas (Subzone 122Q), as described in the application and **Federal Register** notice, and subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 18th day of September, 2008.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Andrew McGilvray,
Executive Secretary.
