INCIDENT MANAGEMENT SITUATION REPORT
TUESDAY, SEPTEMBER 5, 2000 - 0530 MDT
NATIONAL PREPAREDNESS LEVEL V

## CURRENT SITUATION:

A total of six new large fires were reported in the Southern Area. Crews reached containment goals on four large fires in Eastern Great Basin, Northwest and Northern Rockies. Initial attack activity was light in the nation except in the Southern Area where it was heavy. A upper level trough of low pressure over Central Oregon will bring continued cool temperatures with a threat of showers to Northern California, Great Basin and Northern Rockies. The Gulf Coast states will continue with hot, dry conditions. Very high to extreme fire indices have been reported in areas of the western states, North Dakota, Arkansas, Mississippi and Oklahoma.

## NORTHERN ROCKIES AREA LARGE FIRES:

An Area Command Team (Edrington) is assigned to manage the large fires in the Hamilton area. An Area Command Team (Mann) is assigned to manage the large fires in southwest Montana. An Area Command Team (Meuchel) is assigned to manage the large fires in central Montana. An Area Command Team (Gale) is assigned to manage the large fires in northwest Montana. Priorities are being established by the Northern Rockies Multi-Agency Coordinating Group based on information submitted via Wildfire Situation Analysis reports and Incident Status Summary (ICS-209) forms.

VALLEY COMPLEX, Bitterroot National Forest. A Type I Incident Management Team (Stutler) is assigned. The Army's 3rd Battalion 327th Infantry from Ft. Campbell, KY, commanded by LTC Lehr, is assigned. These fires are seven miles south of Darby, MT. The complex consists of the Bear, Taylor, Taylor Spot, Hilltop, Razor, Fat and Mink fires. Fire behavior observed today included smoldering, creeping and occasional torching.

SKALKAHO COMPLEX, Bitterroot National Forest. A Type I Incident Management Team (Rutherford) is assigned. This group of fires is ten miles southeast of Hamilton, MT. Included in the complex are the Bear and Coyote fire. The fire activity has been reduced due to favorable weather conditions.

BLODGETT TRAILHEAD, Bitterroot National Forest. A Type I Incident Management Team (Rutherford) is assigned. This fire is three miles northwest of Hamilton, MT. Fire activity remained light. Cloudy, cool weather persisted throughout the day. WILDERNESS COMPLEX, Bitterroot National Forest. A Type II Incident Management Team (Cook) is assigned. The complex consists of 15 fires in the Selway-Bitterroot and Frank Church River of No Return Wildernesses, 40 miles southwest of Hamilton, MT. Large fires in the complex include the Hamilton, Lonely, Fitz, Thirty, Echo and Throng fires. Fire activity below 4500 feet was more active than at the higher elevations.

ALDER CREEK, Lolo National Forest. A Type II Incident Management Team (Hoff) is assigned. This fire is 31 miles southeast of Missoula, MT. Crews were successful with direct attack with assistance from helicopter
bucket drops.
THOMPSON FLAT COMPLEX, Lolo National Forest. A Type I Incident Management Team (Studebaker) is assigned. This is a complex of six fires in the vicinity of Superior, MT. Work progressed on the Landowner fire with direct fireline construction despite the rough terrain. Road repair on the Flat fire is continuing.

UPPER NINEMILE COMPLEX, Lolo National Forest. A Type I Incident Management Team (Bateman) is assigned. The Army's 20th Engineers Battalion from Ft. Hood, Texas, commanded by LTC Shumway, is assigned. These fires are burning 25 miles northwest of Missoula, MT. Mopup and rehabilitation activities are continuing.

CLEAR CREEK DIVIDE COMPLEX, Flathead Agency, BIA. A Type I Incident Management Team (Orich) is assigned. This complex, 60 miles northwest of Missoula, consists of the Clear Creek, Vanderburg, Siegel, Seepay and Magpie Creek fires. Direct attack, maintenance of existing firelines and mopup continues on all fires in the complex.

MONTURE/SPREAD RIDGE, Lolo National Forest. A Type I Incident Management Team (Wands) is assigned. The fires are 15 miles east of Seeley Lake, MT. Crews continue with suppression and rehabilitation efforts.

CROOKED, Clearwater National Forest. A Type II Incident Management Team (Anderson) is assigned. The fire is 50 miles southwest of Missoula, MT, near Lolo Pass. Minimal fire activity was observed. Mopup activities continue.

MIDDLE FORK COMPLEX, Beaverhead-Deerlodge National Forest. A Type I Incident Management Team (Hart) is assigned. The complex consists of the Falls Creek, Cougar Creek, Coyote Springs, Medicine Lake, Skalkaho Pass, Lick Creek and Cooper Creek fires, 30 miles southwest of Philipsburg, MT. Fire behavior includes smoldering and creeping in the heavy fuels.

MAUDLOW/TOSTON, Central Land Office, Montana Department of Natural Resources and Conservation. Two Type II Incident Management Teams (Joki and Greene) are assigned. These fires are 25 miles northeast of Belgrade, MT. Fire behavior is of low intensity.

MUSSIGBROD COMPLEX, Beaverhead-Deerlodge National Forest. A Type I Incident Management Team (Bennett) is assigned. These fires are 12 miles northwest of Wisdom, MT. The complex includes the Mussigbrod and Maynard fires. Fire activity was minimal. Construction of direct fireline continues on all divisions.

KOOTENAI COMPLEX, Kootenai National Forest. A Type I Incident Management Team (Longpre) is assigned. These fires are 20 miles northwest of Libby, MT. Fire activity remains quiet. Mopup and patrol continues on established containment lines.

TROY SOUTH, Kootenai National Forest. A Type II Incident Management Team (Gauger) is assigned. The Army's 1st Battalion 321st Artillery from Ft. Bragg, NC, commanded by LTC Mathis, is assigned. This complex of fires is near Troy, MT. Intermittent rain showers reduced fire activity.

CHIPMUNK, Flathead National Forest. The fire is burning in spruce,
subalpine fir and brush 45 miles southeast of Kalispell, MT. Moderate fire activity was observed. Road closures remain in effect.

WILLIE, Custer National Forest. A Type I Incident Management Team (Frye) is assigned. This fire is five miles southwest of Red Lodge, MT. Highway 212 is open to traffic. Crews are progressing on mopup, patrol and rehabilitation efforts.

THREE BEARS, Nez Perce National Forest. A Type II Incident Management Team (Cones) is assigned. This fire is on both sides of the Salmon River, 29 miles from Elk City, ID. No new information to report.

SUGARLOAF, Gallatin National Forest. The fire is 13 miles northeast of Wilsall, MT. Low fire activity was observed. Fire is being monitored by aerial reconnaissance.

GREEN MOUNTAIN, Kootenai National Forest. These fires are seven miles northwest of Trout Creek, MT. The complex includes the Green Mountain, McNeeley, Basin Creek and Engle fires. Fire activity is minimal.

SPRUCE COMPLEX, Yellowstone National Park. This is a complex of 11 fires in Yellowstone National Park. The complex consists of the Plateau, Moose, Unlucky, Boundary and several smaller fires. The Unlucky, Moose and Plateau fires are staffed with monitors to observe fire activity.

JUDITH COMPLEX, Lewis and Clark National Forest. This complex consists of the Studhorse, Lost Fork and High Springs fires, which are 25 miles southwest of Stanford, MT. No significant activity observed.

SHARON, Glacier National Park. This fire is near North Fork in Glacier National Park, MT. Fire activity has been low. The National Park Service is monitoring the fire with daily aerial observation flights. Low fire activity was observed.

POACHER, Clearwater National Forest. This lightning-caused fire is 13 miles southeast of Powell, ID. It is being monitored by U.S. Forest Service personnel. No new information was received.

COPPER, Clearwater National Forest. This fire is 40 miles northeast of Pierce, ID. The fire is being monitored by U.S. Forest Service personnel. No significant activity noted.

PORPHYRY, Clearwater National Forest. This fire is 18 miles southeast of Powell, ID. Fire activity was minimal. U.S. Forest Service personnel are monitoring the fire. Minimal fire activity observed.

HELEN CREEK, Flathead National Forest. This fire is 22 miles south of Spotted Bear, MT. The fire is being monitored by U.S. Forest Service personnel. Due to favorable weather fire activity has been minimal.

HIDDEN CREEK, Clearwater National Forest. The fire is 12 miles southeast of Powell, ID. Minimal fire activity was noted.

LONG RIDGE, Nez Perce National Forest. This fire is in the SelwayBitterroot Wilderness, 14 miles southwest of the Moose Creek Ranger Station. The fire is being monitored by reconnaissance flights and by the Gardiner Lookout. No new information was received.

MINARET PEAK, Flathead National Forest. The fire is near the Spotted Bear Ranger Station in the Bob Marshall Wilderness. U.S. Forest Service personnel are monitoring the fire's activity. Fire activity decreased due to weather.

EAST THUNDER 14, Idaho Panhandle National Forest. This fire is 23 miles east of Sandpoint, ID. Fuels are subalpine fir, spruce, brush and grass. Forest Service personnel are monitoring the fire. No new information was received.

PARKE PEAK, Glacier National Park. The fire has been burning since 7/23 in the northwest corner of the park. Fire activity remained low with no increase in perimeter growth.

FROG LAKE, Clearwater National Forest. The fire is 16 miles southeast of Powell, ID. The fire is being monitored by U.S. Forest Service personnel. No new information was received.

ELIZABETH, Clearwater National Forest. The fire, 33 miles northeast of Pierce, ID, is being monitored by U.S. Forest Service personnel. No significant activity was observed.

SNOW CREEK, Clearwater National Forest. The fire is 30 miles northeast of Pierce, ID. U.S. Forest Service personnel are monitoring the fire. No significant activity was observed.

COLLINS CREEK, Clearwater National Forest. The fire is 25 miles northeast of Pierce, ID. No significant activity to report.

CRIMSON PEAK, Flathead National Forest. This fire is located in the Bob Marshall Wilderness. The fire is being monitored by U.S. Forest Service personnel. Fire activity decreased due to change in the weather.

LONE SHEEP, Nez Perce National Forest. This lightning-caused fire is 20 miles southwest of Elk City, ID. No significant activity reported.

## EASTERN GREAT BASIN AREA LARGE FIRES:

Priorities are being established by the Great Basin Multi-Agency Coordinating Group based on information submitted via Wildfire Situation Analysis reports and Incident Status Summary (ICS-209) forms.

CLEAR CREEK COMPLEX, Salmon-Challis National Forest. A Type I Incident Management Team (Hefner) is assigned. This complex consists of the Clear Creek, Marlin Springs, Full Circle and Sisters fires. The 3rd Battalion, 2nd Marines from Camp Lejeune, North Carolina, commanded by LTC Smith, are committed. Fire activity decreased due to rain and clouds over the fire. Significant suppression, mopup and rehabilitation efforts are being accomplished.

YELLOWPINE COMPLEX, Payette National Forest. A Type I Incident Management Team (Melton) is assigned. This complex consists of Nick Peak and Indian/Prospect fires and is located 20 miles east of McCall, ID. Only a few smokes and minimal fire activity was observed. Structures are no longer threatened and crews are making progress on fireline construction and mopup.

BURGDORF JUNCTION, Payette National Forest. A Type II Incident Management Team (Suwyn) is assigned. The fire is 23 miles north of McCall, ID. Crews and helicopters made slow progress cold trailing and hotspotting due to steep terrain and difficult access.

MORSE, Salmon-Challis National Forest. The fire is burning in grass, sagebrush and douglas fir five miles east of May, ID. Very little fire activity was observed due to wet conditions and high relative humidity.

Progress was made toward containment.
SCF WILDERNESS, Salmon-Challis National Forest. A Type II Incident Management Team (Adams) has been assigned. Eleven wildland fires are currently burning within the Salmon Challis Wilderness Complex: Little Pistol, Indian Creek, Filly, Butts, Papoose, Parker, Packer Meadow, Shell Rock, Wilson Creek, Jackass and Jack Creek.

TETON COMPLEX, Grand Teton National Park, NPS. This complex is north of Jackson, WY. It consists of the Wilcox, Moran, Hechtman, Glade and Enos fires. Crews are making good progress on fireline construction and mopup.

FONTENELLE, Bridger-Teton National Forest. The fire will transition to a Type III organization. This lightning-caused fire is 20 miles north of Kemmerer, WY. Crews made significant progress hotspotting despite limited access and steep terrain.

FLOSSIE COMPLEX, Payette National Forest. These fires are 50 miles northeast of McCall, ID. Structure protection continues at Root Ranch.

DIAMOND COMPLEX, Payette National Forest. These lightning-caused fires are 42 miles northeast of McCall, ID. This complex consists of the Lookout, Point, North Shellrock and South Shellrock fires. Structure protection remains in place for Big Creek and Edwardsburg.

SOUTHERN AREA LARGE FIRES:
BLUEBIRD, Texas State Forest Service. The fire is burning in a pine plantation 60 miles northeast of Houston, TX. The fire was near containment before it jumped two roads. Record high temperatures and low relative humidity is making containment difficult.

WILLOW CREEK, Texas State Forest Service. This fire is located 20 miles southwest of Austin, TX. The fire is burning in juniper and oak.

HORIZON, Texas State Forest Service. The fire is burning 40 miles northwest of San Antonio, TX. Two large power grids have been shut down due to the fire. Two subdivisions and two apartment complexes are threatened.

LEGGETT, Texas State Forest Service. Extreme temperatures and low relative humidity recovery is hampering containment efforts with this fire burning in a pine plantation 60 miles northeast of Houston, TX.

WARREN, Texas State Forest Service. This fire is located 80 miles northeast of Houston, TX. 20 homes have been evacuated and the fire is burning actively due to extreme temperatures and no humidity recovery.

327, Texas State Forest Service. This fire that is burning in a pine plantation 60 miles northeast of Houston, TX.

SADLER COMPLEX, Texas State Forest Service. These nine separate human caused fires are located 50 miles northeast of Dallas, TX.

CHICKEN, Texas State Forest Service. This fire is located 20 miles east of Nacogdoches, TX. Wind, record high temperatures and low relative humidity contributed to the fire escaping containment lines.

GUTHRIE, Texas State Forest Service. Terrain, mesquite and cedar fuels are making control difficult.

SNAKE EYE COMPLEX, National Forests in Mississippi. This complex of fires are located near Potts Camp, MS. Engines and handcrews are working all fires mopping up and patrolling. Conditions are extremely hot and dry.

E WHITES 2, Anahuac National Wildlife Refuge. This fire is burning in a marsh area 40 miles from Houston, TX. Difficult access, low relative humidity and dry fuels are impeding suppression efforts.

RANGER HILLS, Texas State Forest Service. This fire is burning in heavy brush and cedar 50 miles east of Abilene, TX. Some spotting occurred and record high temperatures are causing containment problems.

MOORE BRANCH, Texas State Forest Service. This fire is burning in a pine plantation 30 miles north of Beaumont, TX. National Guard helicopters were utilized in suppression efforts. Due to extreme fire behavior crews were pulled off of the fire for a forth day.

STANLEY MAINLINE COMPLEX, Texas State Forest Service. This complex of fires is burning 40 miles northeast of Houston, TX. Most residents have been allowed to return to their homes. The fire is still actively burning in a pine plantation.

CHAPEL TOWER, Texas State Forest Service. This fire is burning in a thick pine stand 70 miles northeast of Houston, TX. Extreme weather is making this fire difficult to contain.

DRY FORK, Ouachita National Forest. This fire is burning in pine and hardwood timber. No new information was received.

BROCK, Ozark \& St. Francis National Forest. No new information was received.

OAK CREEK, Texas State Forest Service. Seven homes and three barns were lost and ten other structures saved.

MOUNT LEBANON, Texas State Forest Service. This fire 100 miles east of Dallas is burning in a pine plantation. No new information was received.

SLICKEM SLOUGH, Texas State Forest Service. This fire is burning in cedar, juniper, brush, oak and mesquite 13 miles northwest of Sherman, TX. No new information was received.

PINEY GROVE, Texas State Forest Service. This fire is burning in a pine plantation 100 miles east of Dallas, TX. No new information was received.

BEDIAS CREEK, Texas State Forest Service. This fire is burning in a heavy pine plantation 50 miles northwest of Houston, TX. No new information was received.

WEST NUECES, Texas State Forest Service. This fire is 50 miles northeast of Del Rio, TX. The fire is burning in heavy mesquite, oak and juniper fuels in rough terrain. No new information was received.

YELLOW BAYOU, Texas State Forest Service. This fire is burning in a pine plantation 100 miles northeast of Houston, TX. No new information was received.

HUFFINES, Texas State Forest Service. This fire is burning in a pine plantation 80 miles northeast of Tyler, TX. No new information was received.

MONTEITH, Texas State Forest Service. This fire is burning in oak, cedar and juniper 40 miles south of Waco, TX. No new information was received.

ROSEBUD, Texas State Forest Service. This fire is burning in thick brush, mesquite, oak, cedar and juniper 25 miles south of Waco, TX. No new information was received.

BREMOND, Texas State Forest Service. This fire is burning in grass and pine 60 miles south of Waco, TX. No new information was received.

## ROCKY MOUNTAIN AREA LARGE FIRES:

JASPER, Black Hills National Forest. This fire is 15 miles east of Newcastle, WY. A Type I Incident Management Team (Waterbury) is assigned. Winds were less and relative humidity is higher. Demob of resources continues. The fire has been mostly lined with dozer, handline and existing roads. Interior islands continue to burn out.

WEEHINKLE, Wyoming State Forestry. This fire formerly called Left Creek,
is west of Devil's Tower, WY. No new information was received.

OUTLOOK:

```
*** RED FLAG WARNING FOR PORTIONS OF SOUTHEAST TEXAS FOR LOW RELATIVE
HUMIDITY.
```

## *** FIRE WEATHER WATCH FOR THE EASTERN HILL COUNTRY, BALCONES ESCARPMENT AND OAK WOODLANDS OF CENTRAL TEXAS FOR LOW RELATIVE HUMIDITY AND HIGH TEMPERATURES.

South Texas and the Gulf Coast states will be under a strong area of high pressure. A weak cold front will move across the Gulf Coast states. Continued hot conditions with only widely scattered afternoon thunderstorms are expected. Highs will be 85 to 95 with 100 to 110 in the hottest locations. Relative humidity will be 20 to 40 percent. Winds will be northwest to northeast 10 to 15 mph .

An upper level trough of low pressure over central Oregon will bring a threat of shower activity and high elevation snows to portions of northern California, Great Basin and Northern Rockies as it slowly moves east.
Across the central Rockies and Southwest lingering monsoonal moisture will bring partly cloudy skies along with isolated showers and thunderstorms to the region.

In the north temperatures will generally be in the 50's to mid 60's in the mountains and the mid 60's to 80's elsewhere. Winds will be from the west to northwest 10 to 20 mph . In the Southwest and central Rockies temperatures will be in the 60's and 70's mountains and 80's to 100 in the valleys. Winds will generally be from the west to southwest at 15 to 30 mph.

Relative humidity will be in the mid teens to upper 20 percent, except in the single digits across the warmer deserts. In portions of the north relative humidity of 40 to 60 percent are expected.
