I will issue Certificates of Ouota Eligibility (COEs) to allow Brazil, the Dominican Republic, and the Philippines to ship up to 25 percent of their respective initial country allocations at the low-tier tariff during each quarter of FY 2001. Argentina, Australia, Guatemala, and Peru will be allowed to ship up to 50 percent of their respective initial country allocations in the first 6 months of FY 2001. Unentered allocations, during any quarter or six month period, may be entered in any subsequent period. These TRQ amounts may be allocated among supplying countries and areas by the United States Trade Representative.

The NAFTA portion of Mexico's access to the U.S. market is established at 105,788 metric tons raw value. Mexico's NAFTA access for either raw or refined sugar is established in Annex 703.2.

A reserve quantity of 100,000 metric tons raw value is established. The raw or refined sugar TRQs may increased by this quantity, if needed.
