

Gerald A. Tuskan

Environmental Sciences Division
Oak Ridge National Laboratory
Oak Ridge, TN 37831-6422

phone: (865) 576-8141
mobile: (865) 387-5237
e-mail: gtk@ornl.gov

EDUCATION

Ph.D. - 1984 - Genetics, Texas A&M University
M.S. - 1980 - Forest Genetics, Mississippi State University
B.S. - 1978 - Forest Management, Northern Arizona University

PROFESSIONAL APPOINTMENT

50% Lead Laboratory Science Program, Joint Genome Institute, 2006-present

Current Responsibilities: Coordinate the solicitation and review of PI-lead sequencing proposals submitted through the DOE laboratory system; establish multiple large-genome sequencing projects (representing 15% of JGI's sequencing capacity) that address DOE missions in the area of biofuels development, carbon sequestration, and global climate change; facilitate DOE, laboratory and JGI interactions.

30% Distinguished Scientist; Environmental Sciences Division; Oak Ridge National Laboratory; 2005-present

Current Responsibilities: Coordinate the DOE effort to sequence the *Populus* genome.

Current Projects: Carbon allocation and partitioning in woody plants: a means to enhance bioenergy conversion and carbon sequestration; Genome-enabled discovery of carbon sequestration genes in poplar; Environmental influences on wood chemistry and density of *Populus* and loblolly pine; Formation of the International *Populus* Genome Consortium and creation of a *Populus* post-sequence science plan.

20% Research Professor; Departments of Entomology, Plant Pathology and Plant Sciences; University of Tennessee; 2002-present

Current Responsibilities: Coordinate the NSF research project on the *Populus* genome, advise graduate students, interact with departmental faculty and provide guest lectures and graduate seminars as needed.

Research and Senior Scientist; Environmental Sciences Division; Oak Ridge National Laboratory; 1990-2005

Previous Responsibilities: 50% in-house research, 50% contract management. In-house research: identification of genes associated with cell wall chemistry, genetic mapping in *Populus*, particularly related to carbon allocation and partitioning, and the use of genomics information to accelerate domestication of *Populus*. Contract management: negotiate annual project objectives, assure technical quality, and conduct annual project reviews for 8-12 subcontracts under an annual budget of \$1.0-1.5 million for the DOE's Biofuels Feedstock Development Program.

PRIOR EXPERIENCE

Associate Professor of Horticulture and Forestry; North Dakota State University; 1984-90
Instructor; Forest Science Department; Texas A&M University; 1981-84
Graduate Research Assistant; Forestry Department; Mississippi State University; 1979-80

Research Technician; Forestry Department; Northern Arizona University; 1978-79

OTHER PROFESSIONAL ACTIVITIES

Co-chairman of the New Phytologist workshop on Molecular Basis of Adaptation; Gatlinburg, TN, 2004
Reviewed proposals for the DOE, USDA, CPBR, NATO and NSF Competitive Grants programs; 1988-present
Reviewed manuscripts for *Silvae Genetica*, *Forest Science*, *Plant Cell, Organ and Tissue Culture*, *Soil Science*, *Phytopathology*, *Canadian J. Forest Research*, *HortScience*, *Tree Physiology*, *Environmental and Experimental Botany*, *Biomass and Bioenergy*, *Mathematical Biosciences*, *New Phytologist*
Served on the National Research Council's Biology Board Panel on Intellectual Property Rights; 1996
Review Panel Member, the Consortium for Plant Biotechnology Research, 1992-2000.
Panel member for the USDA/NRICGP in Plant Response to the Environment; 1993
Guest Editor for the *Canadian Journal of Forest Research*; 1992
Co-chairman of a workshop on Marker-Aided Selection; Gatlinburg, TN, 1991; Houston, TX, 1996
Reviewed proposals for NSF South Dakota EPSCOR; 1988
Reviewed 5-year project proposals for the U.S. Forest Service; 1985, 1990, 1991, 1993
Co-author of the five-year project outline for NC-99; 1985
Participated in Farm Forestry Meetings; 1984-89
Participated in the Southern Forest Tree Improvement Conference; 1979-01
Participated in the North Central Microcomputer Workshop; 1985
Participated in the North-Central Workshop on Effective Teaching; 1985
Participated in the NC-7 Biotechnology Working Group Meeting; Ames, Iowa; 1985
Participated in the North American Forest Biology Workshop; 1984-94
Participated in the International Symposium on Windbreak Technology; 1986
Participated in the International Association of Plant Tissue Culturalists; 1986
Participated in the GPAC Forestry Committee Meeting; 1986-90; Chairman GP-13, 1988-90

GRANTS

Laboratory Director's Research and Development Grant. Title: Genome-Enabled Detection of Differential Mortality in a Northern Temperate Forest Ecosystem. 2005-06. \$263,000. P.I. G.A. Tuskan.
NSF Plant Genome. The *Populus* genome: Curation and chromosomal-level assembly. 2005-06. \$1,367,000. P.I. G.A. Tuskan.
U.S. DOE OBER. Title: Genome-Enabled Discovery of Carbon Sequestration Genes in Poplar. 2002-05. \$5,137,480. P.I. G.A. Tuskan.
U.S. DOE OBER. Title: Formation of an International *Populus* Genome Consortium and Creation of a *Populus* Post-sequence Science Plan. 2002-03. \$299,000. P.I. G.A. Tuskan.
U.S. DOE Agenda 2020. Title: Environmental Influences on Wood Chemistry and Density of *Populus* and Loblolly Pine. 2001-05. \$990,000. P.I. G.A. Tuskan.
U.S. DOE Biomass Power Program. Accelerated Domestication of *Populus*. 2001-02. \$540,000. P.I. G.A. Tuskan.
Laboratory Director's Research and Development Grant. Title: Carbon allocation and partitioning in woody plants: A means to enhance bioenergy conversion and carbon sequestration. 2000-02. \$793,000. P.I. G.A. Tuskan.
U.S. DOE Biofuels Feedstock Development Program CRADA. Title: Overcoming constraints to high-yield plantation-grown hardwoods in the southeastern United States. 1996-00. \$1,316,000. P.I. G.A. Tuskan.
Laboratory Director's Research and Development Grant. Title: The isolation of DNA sequences that determine gender in Salicaceae. 1997-98. \$565,000. P.I. G.A. Tuskan.
U.S. DOE Agenda 2020. Title: Genetic control of wood properties in loblolly pine and hybrid poplar. 1996-99. \$700,000. P.I. G.A. Tuskan.
USDA Competitive Grant. Title: Mechanisms of persistence and extirpation of aspen seedlings following the

- 1988 Yellowstone fires. 1995-97. \$265,000. P.I. M.T. Turner *et al.*
- U.S. DOE Program for Ecosystem Research. Title: UV-B effects on forest tree pollen germination and genetic integrity. 1995-96. \$140,000. P.I. G.A. Tuskan
- U.S. DOE Program for Ecosystem Research. Title: Temperature Adjustment in Sugar Maple: Implications for Forest Succession in a Warmer Climate. 1993-95. \$585,000. P.I. R.J. Norby *et al.*
- Laboratory Director's Research and Development Grant. Title: Advanced Concepts for Production and Conversion of Renewable Plant Materials. 1993-95. \$600,000. Co-P.I. G.A. Tuskan and T.J. Tschaplinski.
- U.S. DOE Biofuels Feedstock Development Program CRADA. Title: Biochemical Basis of Drought Tolerance in Hybrid Poplars Grown Under Field Conditions. 1994-96. \$600,000. Co-P.I. T.J. Tschaplinski and G.A. Tuskan
- U.S. DOE Biofuels Feedstock Development Program Grant. Title: Biochemical and Molecular Basis of Water Stress Tolerance in *Populus*. 1991-93. \$325,000. Co-P.I. T.J. Tschaplinski and G.A. Tuskan.
- NSF Instrumentation and Laboratory Improvement Grant. Title: Enhancement of Undergraduate Biotechnology Cell Culture Laboratories. 1989-90. \$85,722. P.I. G.A. Tuskan.
- USDA Soil Conservation Service Grant. Title: Evaluation of cultural practices for shelterbelts in the northern Great Plains. 1989-90. \$61,960. P.I. G.A. Tuskan.
- USDA Competitive Grant. Title: Complementary *In vitro* selection of western gall rust resistant ponderosa pine. 1987-89. \$182,700. P.I. G.A. Tuskan.
