This notice is to inform the public that the Export-Import Bank of the United States has received an application to finance the export of approximately \$430 million in U.S. equipment and services to a petroleum refinery and petrochemicals facility in India. You can send regular mail to the Federal Housing Finance Board, 1625 Eye Street, NW., Washington, DC 20006.

SUPPLEMENTARY INFORMATION: In light of the recent theft of sensitive personal information from the various federal agencies and in response to the Office of Management and Budget's memorandum (M-06-15 (May 22, 2006)) directing agencies to review privacy policies and processes, the Finance Board has undertaken a comprehensive review of agency practices related to the collection, use, and protection of personally identifiable information. As a result of that review, the Finance Board has enhanced the safeguards for sensitive information by adding two-factor authentication and data encryption to the agency's network infrastructure and is beginning to implement government-wide personal identity verification management standards that will result in issuance of

new ID cards for all employees and contractors that may include full name, date of birth, image (photograph), fingerprints, organization affiliation (e.g., employee or contractor), organization/office of assignment, grade, e-mail address, United States citizenship status, and results of background investigation. The Finance Board also is updating both its Privacy Act system of records and Privacy Act implementing rule.

Pursuant to the requirements of the Privacy Act, the Finance Board is publishing a notice of the amendments to its system of records. See 5 U.S.C. 552a(e)(4) and (11). In July 2005, the Finance Board offices relocated and we are updating the office address in the system of records. We also are updating, as appropriate, certain document retention periods.

With respect to records related to appointed Federal Home Loan Bank directors (system number FHFB-4), responsibility has shifted from the Office of the Chairman to the Office of Supervision.

With respect to records of the Office of Inspector General (OIG), we are adding audit files to the system of records that already covers investigative files (system number FHFB-6). At the request of the OIG, we also are updating the OIG system of records to add several routine uses.

The Finance Board is adding two new systems of records. The first is titled "FHFB-7 Federal Home Loan Bank Examination Work Papers." It covers documents a Finance Board examiner uses to determine whether a Federal Home Loan Bank's Affordable Housing Program (AHP) complies with applicable laws and regulations. These records may include the names, address, and income information of members of households who participate in a Bank's AHP. These records may be retained as part of the examiner's work papers to document exam conclusions and findings.

The second new system of records is titled "FHFB-8 Personal Identity Verification (PIV) Management System." In August 2004, the President issued Homeland Security Presidential Directive 12 (HSPD-12), which requires development and use of a common identification standard for federal employees and contractors. The Finance Board intends to begin implementing the HSPD-12 PIV requirements this month. In compliance with HSPD-12, the Finance Board PIV cards may include full name, date of birth, image (photograph), fingerprints, organization affiliation (e.g., employee or contractor), organization/office of assignment, grade,

e-mail address, United States citizenship status, results of background investigation, and information necessary to the request for a card, registration, verification, and issuance procedures, the index/database of active and invalid cards, and the information stored on the cards. The Finance Board may retain these records as part of the HSPD-12 credentialing process.

For the reasons stated above, the Finance Board hereby amends its system of records originally published in the **Federal Register** in 1995, see 60 FR 46120 (September 5, 1995), as amended in 1997, see 62 FR 66865 (December 22, 1997), 1998, see 62 FR 66865 (December 22, 1997), and 2003, see 68 FR 39947 (July 3, 2003), as follows:

POLICIES AND PRACTICE FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**STORAGE:**

Records are maintained in file folders and electronic media.

RETRIEVABILITY:

Records are retrievable by name, e-mail address, other ID number, PIV card serial number, image (photograph), or fingerprint.

SAFEGUARDS:

File folders are maintained in locked cabinets in secure facilities and access to the files is restricted to individuals whose role requires use of the records. The computer servers in which records are stored are located in facilities that are secured by alarm systems and off-master key access. The computer servers themselves are password-protected. Individuals accessing the system are authenticated using encrypted certificates and data stored to the database require digital signatures. Communication between client and servers is encrypted by https or VPN (virtual private network). Access to individuals working at guard stations is password-protected; each person granted access to the system at guard stations is individually authorized to use the system. A Privacy Act Warning Notice appears on the monitor screen when records containing information on individuals are first displayed. Data exchanged between the servers and the client PCs at the guard stations and badging office are encrypted. Backup tapes are stored in a locked and controlled room in a secure, off-site location.

An audit trail is maintained and reviewed periodically to identify unauthorized access. Persons given roles in the PIV process must complete training specific to their roles to ensure they are knowledgeable about how to protect individually identifiable information.

RETENTION AND DISPOSAL:

Records relating to persons' access covered by this system are retained in accordance with General Records Schedule 18 Security and Protective Services Records approved by the National Archives and Records Administration. The records are disposed in accordance with our disposal policies. Unless retained for specific, ongoing security investigations, records of access are maintained for 2 years and then destroyed.

In accordance with HSPD-12, the Finance Board deactivates PIV cards within 18 hours of cardholder
