

significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), the Coast Guard offered to assist small entities in understanding this temporary final rule so that they can better evaluate its effects on them and participate in the rulemaking process. If your small business, organization or governmental jurisdiction would be affected by this rule, and you have questions concerning its provisions or options for compliance, please call Lieutenant (Junior Grade) R. F. Pigeon, Marine Safety Office Portland, Maine, at (207) 780-3251.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory action. In particular, the Act addresses actions that may require expenditure by a State, local or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have

taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in section 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Environment

The Coast Guard has considered the environmental impact of this regulation and concluded that, under Figure 2-1, paragraph 34(g) of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under **ADDRESSES**.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that Order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

POSTAL SERVICE

39 CFR Part 20

Changes in International Special Service Fees

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: Pursuant to its authority under 39 U.S.C. 407, the Postal Service is changing fees for international special mail services to become effective simultaneously with changes to domestic rates and fees.

EFFECTIVE DATE: 12:01 A.M., June 30, 2002.

FOR FURTHER INFORMATION CONTACT: John Alepa, 703-292-3589.

SUPPLEMENTARY INFORMATION: The United States Postal Service is a member of the Universal Postal Union (UPU). By virtue of that membership, the Postal Service adheres to the agreements of the UPU to which it is signatory. Specifically, the Universal Postal Convention (Convention) contains provisions concerning the fees member countries can charge for special mail services.

The Convention provides charges for nonstandard letters, return receipts, registered mail service, restricted delivery, recorded delivery, and insured parcel mail service. The charges provided in these agreements are generally less than the Postal Service charges for the equivalent domestic service. The agreements authorize member countries whose internal service charges are higher than those that are fixed in the agreements to apply their domestic charges in the international service. The Postal Service charges international special service fees that are the same as the equivalent domestic special service fees to avoid having international fees that are less than those charged domestically. In addition, there are domestic services such as certificate of mailing, money order inquiry fee, and pickup fee that can be used in conjunction with international mail.

The definition of nonstandard surcharge for letter-post items is changed to be the same as the nonmachinable criteria and the new term is adopted for international mail.

Accordingly, the Postal Service is adjusting the following international special service fees concurrently with changes adopted by the Governors of the Postal Service as a result of the current proceedings before the Postal Rate Commission (Docket R2001-1):

II. Background

A. What Action is the Agency Taking?

This final rule revokes certain tolerances for residues of methyl parathion and ethyl parathion. The Agency is amending 40 CFR 180.121 (whose tolerances previously covered both methyl parathion and ethyl parathion) to narrow its scope to the remaining tolerances for methyl parathion, and is creating 40 CFR 180.122 to list the remaining tolerances for ethyl parathion, which expire on December 31, 2005. In the **Federal Register** of February 6, 2002 (67 FR 5553) (FRL-6815-1), EPA issued a proposed rule to revoke the tolerances listed in this final rule.

Parathion (methyl and ethyl) tolerances that are revoked effective as of September 3, 2002 include: apricots; avocados; blackberries; blueberries; boysenberries; clover; cranberries; cucumbers; currants; dates; dewberries; eggplants; endive, escarole; figs; filberts, garlic; gooseberries; guavas; loganberries; mangos; melons; mustard seed; okra; olives; parsnips, with or without tops; parsnip greens; peppers; pineapples; pumpkins; quinces; radishes, with or without tops; radish tops; raspberries; safflower seed; squash; strawberries; summer squash; Swiss chard; and youngberries.

The tolerances for sorghum; sorghum, grain, stover; sorghum, grain, forage are
