User Note:

Where the boundary of a congressional district for the 108th Congress splits a Census 2000 block the Census Bureau's maps and TIGER/Line files depict the correct location of the boundary. For data tabulation purposes that census block is allocated in its entirety to the 108th Congressional District specified to the U.S. Census Bureau by the state. This list provides all the 108th Congressional Districts that split census blocks and shows the congressional district where the block is allocated for data tabulation.
