My Architect viewers at the American Corner Jessore

On April 10 and 11, the documentary movies "My Architect" and "Metal Craft of Dhamrai" were shown at the American Corner Jessore. Thirty people, including students, English teachers and others, attended the program. The subject of "My Architect" is Louis I. Kahn who is one of the most important architects of the twentieth century and widely known in Bangladesh as the designer of the Parliament Building in Bangladesh.

The following day the "Metal Craft of Dhamrai", a documentary prepared under the guidance of the U.S. Embassy, Dhaka was shown to the same audience.
