

An Important Message to Our Congregation From

Special Census enumerators have started contacting residents in our community. All workers will have a Census Bureau badge. When the census enumerator knocks on your door, please cooperate. The enumerator will ask you 5 questions for each person living in your household, and the interview should take about 7 minutes. Your answers are private and the Census Bureau never releases information that identifies you or your household.

Your participation allows our community to get an updated population count. This new count will help us qualify for federal and state revenue that we need to provide essential services like street repair, education for our children, programs for our seniors, and other important services we depend on every day.

An accurate Special Census helps everyone in our community. Thank you in advance for participating.
