Once again the Resident Advisory Board held a number of meeting during the year and discussed the information from our Five-Year Plan and the information in our Annual Plans for Fiscal Years 2000 and 2001 as it related to our mission, goals and objectives.

It was determined that we did not need to make any changes to these topics in our FY2002 plan. We further discussed the Capital Funding use to date, and the future use of what we now have and what we may receive in the future. The consensus of the Board was that we need to continue on with the renovations/modernizations. Everyone seemed well pleased with the work that had already been accomplished, especially the Air Condition Units we have installed in all of our (19) one bedroom units and in some of our two bedroom units to date. They also liked the new Kitchens , Baths, Energy Efficient Windows and Flooring. They appreciate the difficulties we have in doing major renovation/modernization work in occupied units, and have been very cooperative. They did again express the desire to have a playground for the children and have some landscaping accomplished, but agreed that all their concerns were covered and that with available and projected funding, all would be eventually accomplished. Based on all of this, we saw no need to change our Plans, but to continue our work toward our goals, objectives and outlined needs.
