

MY PARENTS ARE ANNOYING

my parents can be soooooo annoying! ok so my mom is always invading my privacy, asking stupid stuff like who are you talkin to and blah blah blah. if i trip or sumthing i get a whole effing line of insults to my face. and they arent funny. and they try to suck the fun OUT of my life. they call rules "limits that must be set down". otherwise known as we hate you, we dont trust you, and you are a wild animal that must be tamed. and if my dad as at work and my mom starts being stupid she will call him. they even hit me sometimes. they talk about crap like control your voice's tone, and come back in at 7, i don't care how old you are and if its the summer! they let my 8 year sister have more freedom than me. if i try to tell them this i get spanked more than once. I HATE MY DAMN LIFE AND ITS ALL THEIR FAULT!
