

California Wing Encampment 2008

DAY 1

August 2nd

100%

"The Shadow of Despair"

Welcome to Encampment! Today's activities began at 1000 hours with the start of in-processing.

After checking in and receiving your Flight assignments, you proceeded to the contraband check.

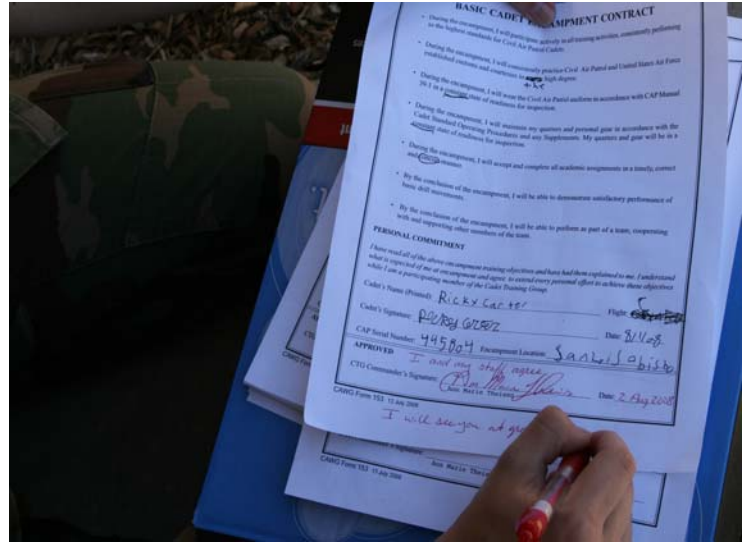

Your first taste of real Encampment life came with the signing of the Encampment Contract. By pledging do your absolute best at all times and to stick it out through all of the challenges, you have become a member of the cadet training group.

After the contract was taken care of, you met

your teammates and leaders for the next week and learned fundamental encampment skills

Finally at the end of a rough day of adjusting to the rigid encampment lifestyle, you will get your first moment to yourself. A moment use for cleaning and ironing uniforms, shining boots, and a well earned shower.

After a few hours of sleep, you will experience the physical training the California Wing CTG is known for.
