

Dear Sir or Madam:

I would like to express my dissatisfaction and concern for the Air Defense Identification Zone (ADIZ) created over Washington DC and the effort to make this zone permanent. As a private pilot and aviation professional, efforts such as this throw a large blanket over a potential problem without taking into account the effect this has on the ordinary law abiding citizens. It is my understanding this "temporary" measure has caused tremendous financial hardship to all professional aviators within this zone, and there is no indication it has made anyone safer.

I urge you to eliminate the ADIZ and prevent this administration from stripping the ordinary citizens of one more right and privilege we had before September 11, 2001.

Sincerely,

Robert Marshall
