

Motor carriers that choose to do business with the KCCO Export Operations Division (EOD) are required to complete and submit, one time only, the Standard Rules Tender Governing Motor Carrier Transportation. EOD is collecting information to determine the Motor Carriers that are available to meet CCC requirements for hauling agricultural products for CCC.

Estimate of Burden: Public reporting burden for collecting information under this notice is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: Transportation Businesses.

Respondents: 99.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 99 hours.

Proposed topics for comment include:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information collected; or (d) ways to minimize the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments regarding this information collection requirement may be directed to the Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for USDA, Washington, DC 20503, and to Greg Borchert, Chief, Planning and Analysis Division, Kansas City Commodity Office, 6501 Beacon Drive, Kansas City, Missouri 64133-4676, telephone (816) 926-6509, fax (816) 926-1648. All comments will become a matter of public record.

OMB is required to make a decision concerning the collection(s) of information contained in these proposed regulations between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.

Signed at Washington, DC, on April 22, 2002.

Rural Housing Service

Housing Demonstration Program

AGENCY: Rural Housing Service, (USDA).

ACTION: Notice of funding for the Rural Housing Demonstration Program.

SUMMARY: The Rural Housing Service (RHS) announces the availability of housing funds for Fiscal Year (FY) 2002

for the Rural Housing Demonstration Program. For FY 2002, RHS has set aside \$1.5 million for the Innovative Demonstration Initiatives and is soliciting proposals for a Housing Demonstration program under section 506(b) of title V of the Housing Act of 1949. Under section 506(b), RHS may provide loans to low income borrowers to purchase innovative housing units and systems that do not meet existing published standards, rules, regulations, or policies. The intended effect is to increase the availability of affordable Rural Housing (RH) for low-income families through innovative designs and systems.

EFFECTIVE DATE: April 29, 2002.

FOR FURTHER INFORMATION CONTACT:

Gloria L. Denson, Senior Loan Specialist, Single Family Housing Direct Loan Division, RHS, U.S. Department of Agriculture, STOP 0783, 1400 Independence Ave. SW, Washington, DC 20250-0783, Telephone (202) 720-1474. (This is not a toll free number.)

SUPPLEMENTARY INFORMATION: Under current standards, regulations, and policies, some low-income rural families lack sufficient income to qualify for loans to obtain adequate housing. Section 506(b) of title V of the Housing Act of 1949, 42 U.S.C. 1476, authorizes a housing demonstration program that could result in housing that these families can afford. Section 506 (b) imposes two conditions: (1) That the health and safety of the population of the areas in which the demonstrations are carried out will not be adversely affected, and (2) that the aggregate expenditures for the demonstration may not exceed \$10 million in any fiscal year.

Rural Development State Directors are authorized in FY 2002 to accept demonstration concept proposals from individuals.

The objective of the demonstration programs is to test new approaches to constructing housing under the statutory authority granted to the Secretary of Agriculture. Rural Development will review each application for completeness and accuracy. Some demonstration proposals may not be consistent with some of the provisions of our 7 CFR part 3550-Direct Single Family Housing Loans and Grants regulation. Under section 506(b) of the Housing Act of 1949, the Agency may provide loans for innovative housing design units and systems which do not meet existing published standards, rules, regulations, or policies.

The Equal Credit Opportunity Act and Title VIII of the Civil Rights Act of 1968

provide that a program such as this be administered affirmatively so that individuals of similar low-income levels in the housing market area have housing choices available to them regardless of their race, color, religion, sex, national origin, familial status and handicap. Under Section 504 of the Rehabilitation Act of 1973 RD makes reasonable accommodations to permit persons with disabilities to apply for agency programs. Executive Order 12898 requires the Agency to conduct a Civil Rights Impact Analysis on each project prior to loan approval. Also, the requirements of Executive Order 11246 are applicable regarding equal employment opportunity when the proposed contract exceeds \$10,000.

Completed applications that have been determined to carry out the objectives of the program will be considered on a first come, first served basis based on the date a completed application was submitted. An application is considered complete only if the "Application for Approval of Housing Innovation" is complete in content, contains information related to the criteria and all applicable additional information required by the application form has been provided. All application packages must be in accordance with the technical management requirements and address the criteria in the Proposal Content. The application, technical management requirements, Proposal Content and Criteria, and further information may be obtained from the Rural Development State office in each state. (See the State Office address list at the end of this notice or access the website at http://www.rurdev.usda.gov/recd_map.html.) A submitter of an incomplete application will be advised in writing of additional information needed for continued processing.

The following evaluation factors will not be weighted and are non-competitive. RHS, in its analysis of the proposals received, will consider whether the proposals will carry out the objectives of this demonstration effort in accordance with the following criteria:

A. Housing Unit Concept

1. A proposal must be well beyond the "idea" state. Sufficient testing must have been completed to demonstrate its feasibility. The proposal must be judged ready for full scale field testing in a rural setting.

2. Ability of the housing unit to provide for the protection of life, property, and for the safety and welfare of the consumer, general public and occupants through the design, construction, quality of materials, use, and maintenance of the housing unit.

3. Flexibility of the housing units in relation to varying types of housing and varying site considerations.

4. Flexibility of the housing unit concept, insofar as it provides the ability to adjust or modify unit size and arrangements, either during design or after construction.

5. Efficiency in the use of materials and labor, with respect to cost in place, conservation of materials, and the effective use of labor skills. Potential for use in the Mutual Self-Help Housing program will be considered.

6. Selection of materials for durability and ease of maintenance.

7. Concepts for the effective use of land and development.

B. Organization Capabilities

1. The experience and "know-how" of the proposed organization or individual to implement construction of the housing unit concept in relation to the requirements of RHS's housing programs.

2. The management structure and organization of the proposer.

3. The quality and diversity of management and professional talent proposed as "key individuals."

4. The management plan of how this effort will be conducted.

C. Cost and Price Analysis

1. The level of costs which are proposed, as they may compare with other proposals and be considered realistic for the efforts planned. Also, the quantity and level of detail in the information supplied.

2. Projected cost of "housing in place," with particular reference to housing for very low and low-income families.

An acceptable proposal will be sent by the State Director to the National Office for concurrence by the RHS Administrator before the State Director may approve it. If the proposal is not selected, the State Director will so notify the applicant in writing, giving specific reasons why the proposal was not selected. The funds for the RH Demonstration program are section 502 single family housing funds and are available to housing applicants who wish to purchase an approved demonstration dwelling. Funds cannot be reserved or guaranteed under the demonstration housing concept. There is no guarantee that a market exists for demonstration dwellings, and this does not ensure that an eligible loan applicant will be available for such a section 502 RH dwelling. If there is no available RHS eligible loan applicant, the RH demonstration program applicant will have to advance funds to

complete the construction of the demonstration housing, with the risk that there may be no RHS applicant or other purchaser from which the builder will recover his or her development and construction costs.

This program or activity is listed in the Catalog of Federal Domestic Assistance under No. 10.410. For the reasons contained in 7 CFR part 3015, subpart V and RD Instruction 1940-J, "Intergovernmental Review of Rural Development Programs and Activities," this program or activity is excluded from the scope of Executive Order 12372, which requires intergovernmental consultation with State and local officials.

All interested parties must make a written request for a proposal package. The request must be made to the State Director in the State in which the proposal will be submitted; RHS will not be liable for any expenses incurred by respondents in the development and submission of applications.

The reporting requirements contained in this notice have been approved by the Office of Management and Budget (OMB) under Control Number 0575-0114.

Dated: April 19, 2002.

Arthur A. Garcia,
Administrator.

Scope Of The Reviews

The review of "certain cold-rolled carbon steel flat products" covers cold-rolled (cold-reduced) carbon steel flat-rolled products, of rectangular shape,

neither clad, plated nor coated with metal, whether or not painted, varnished or coated with plastics or other nonmetallic substances, in coils (whether or not in successively superimposed layers) and of a width of 0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 millimeters, are of a width of 0.5 inch or greater and which measures at least 10 times the thickness, or if of a thickness of 4.75 millimeters or more are of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule ("HTS") under item numbers 7209.15.0000, 7209.16.0030, 7209.16.0060, 7209.16.0090, 7209.17.0030, 7209.17.0060, 7209.17.0090, 7209.18.1530, 7209.18.1560, 7209.18.2550, 7209.18.6000, 7209.25.0000, 7209.26.0000, 7209.27.0000, 7209.28.0000, 7209.90.0000, 7210.70.3000, 7210.90.9000, 7211.23.1500, 7211.23.2000, 7211.23.3000, 7211.23.4500, 7211.23.6030, 7211.23.6060, 7211.23.6085, 7211.29.2030, 7211.29.2090, 7211.29.4500, 7211.29.6030, 7211.29.6080, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7215.50.0015, 7215.50.0060, 7215.50.0090, 7215.90.5000, 7217.10.1000, 7217.10.2000, 7217.10.3000, 7217.10.7000, 7217.90.1000, 7217.90.5030, 7217.90.5060, 7217.90.5090. Included in this review are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling") for example, products which have been beveled or rounded at the edges. Excluded from this review is certain shadow mask steel, *i.e.*, aluminum-killed, cold-rolled steel coil that is open-coil annealed, has a carbon content of less than 0.002 percent, is of 0.003 to 0.012 inch in thickness, 15 to 30 inches in width, and has an ultra flat, isotropic surface.

The review of "certain corrosion-resistant carbon steel flat products" covers flat-rolled carbon steel products, of rectangular shape, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating, in coils (whether or not in successively superimposed layers) and of a width of

0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 millimeters, are of a width of 0.5 inch or greater and which measures at least 10 times the thickness or if of a thickness of 4.75 millimeters or more are of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the HTS under item numbers 7210.30.0030, 7210.30.0060, 7210.41.0000, 7210.49.0030, 7210.49.0090, 7210.61.0000, 7210.69.0000, 7210.70.6030, 7210.70.6060, 7210.70.6090, 7210.90.1000, 7210.90.6000, 7210.90.9000, 7212.20.0000, 7212.30.1030, 7212.30.1090, 7212.30.3000, 7212.30.5000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7212.60.0000, 7215.90.1000, 7215.90.3000, 7215.90.5000, 7217.20.1500, 7217.30.1530, 7217.30.1560, 7217.90.1000, 7217.90.5030, 7217.90.5060, 7217.90.5090. Included in this review are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling") for example, products which have been beveled or rounded at the edges. Excluded from this review are flat-rolled steel products either plated or coated with tin, lead, chromium, chromium oxides, both tin and lead ("terne plate"), or both chromium and chromium oxides ("tin-free steel"), whether or not painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating. Also excluded from this review are clad products in straight lengths of 0.1875 inch or more in composite thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness. Also excluded from this review are certain clad stainless flat-rolled products, which are three-layered corrosion-resistant carbon steel flat-rolled products less than 4.75 millimeters in composite thickness that consist of a carbon steel flat-rolled product clad on both sides with stainless steel in a 20%-60%-20% ratio. These HTS item numbers are provided for convenience and U.S. Customs purposes. The written descriptions remain dispositive.

Amendment Of Final Results

On March 11, 2002, the Department of Commerce ("the Department") issued its final results for certain cold-rolled and corrosion resistant carbon steel flat products from Korea. The period of review for cold-rolled products is
