California	Olive Glen West, LLC	\$69,800	To conduct a feasibility study and develop a business plan for marketing olive oil.
California	Olive Growers Council of California	\$256,300	To pay for working capital expenses associated with marketing California Olive Antipasto.
California	Wine Institute	\$298,746	To pay for marketing costs associated with marketing California Wine Month 2007.
Colorado	Colorado Potato Administrative Committee	\$300,000	To pay for working capital expenses associated with marketing bio-diesel made from canola.
Colorado	Webb Dairy & Farm, Inc.	\$150,000	To pay for working capital expenses associated with marketing cheese.
Connecticut	William S. Walsh	\$25,000	To pay for working capital expenses associated with marketing organic milk.
Delaware	Delaware AgriTourism Association	\$22,000	To pay for marketing a variety of value-added products produced by Delaware farmers, including apple cider, soaps, wreaths, and ice cream.
Hawaii	Halawa Valley Cooperative, Inc.	\$15,000	To assess the feasibility of marketing poi, inamona, dried noni, and lauhala bundles.
Hawaii	The Lavender Farm, Inc.	\$107,000	To conduct a marketing campaign for lavender essential oil and to pay for salaries and supplies for the company.
Idaho	Ballard, John	\$99,943	To pay for working capital expenses associated with marketing aged and fresh cheese. Approximately 75,000 lbs of milk will be processed into cheese each month.
Idaho	Cowboy Tom's LC	\$39,105	To assess the feasibility of marketing Cowboy Tom's Flapjacks, made from wheat.
Idaho	Wassmuth, Eric V.	\$24,000	To assess the feasibility of generating wind energy on-farm.
Illinois	Big River Resources Galva, LLC	\$100,000	To develop a business plan for marketing ethanol produced by a 100 mgy plant.
Illinois	One Earth Energy, LLC	\$100,000	To conduct planning activities associated with marketing ethanol from a 100 mgy plant.
Illinois	Prairie Gold, Inc.	\$288,975	To pay for working capital expenses associated with marketing ethanol.
Indiana	Apple of His Eye Orchard, LLC	\$11,500	To assess the feasibility of marketing apple pie filling, apple sauce, and apple butter.

STATE	RECIPIENT	AMOUNT	PROJECT DESCRIPTION
Indiana	Cardinal Ethanol	\$300,000	To pay for working capital expenses associated with marketing ethanol and distillers dried grains produced by a 100 mgy plant.
Iowa	Amaizing Energy Cooperative	\$300,000	To pay for working capital expenses associated with marketing ethanol made from corn. The plant will produce 40 mgy of ethanol and 128,000 tons of distiller's grain per year, and 120,000 tons of CO2 per year.
Iowa	Asoyia, LLC	\$300,000	To pay for working capital expenses associated with marketing ultra low linolenic acid trans fat free soybean oil.
Iowa	Corporation of New Melleray	\$45,080	To pay for working capital expenses associated with marketing cremation urns made from walnut and red oak wood.
Iowa	Crosswind Energy, LLC	\$215,125	To pay for working capital expenses associated with generating wind from on-farm turbines.
Iowa	Eagles Landing Winery, LLC	\$25,000	To pay for working capital expenses associated with marketing wine.
Iowa	Engelbrecht, Loren	\$60,902	To pay for working capital expenses associated with marketing wine made from grapes, raspberries, and blueberries.
Iowa	Four All Seasons, LLC	\$150,000	To pay working capital expenses associated with marketing fertilizer made from dried distiller's grains and condensed corn distillers with solubles.
Iowa	Green Visions, Inc.	\$71,028	To pay for working capital expenses associated with marketing certified organic premium pork products.
Iowa	Heartland Fields, LLC	\$275,000	To pay for working capital expenses associated with marketing frozen entrees with High Protein Textured Soy as the key ingredient.
Iowa	Innovative Growers, LLC	\$255,800	To pay for working capital expenses associated with marketing specialty soybean powder from non-GMP expeller soybean meal.
Iowa	Moore, Frank L.	\$25,000	To conduct planning activities associated with on-farm generation of ethanol.
Iowa	New Generation Ag Marketing, LLC	\$91,000	To assess the feasibility of marketing processed beef products.
Iowa	Premium Iowa Pork, LLC	\$300,000	To pay for working capital expenses associated with marketing pork products.
Iowa	Southwest Iowa Renewable Energy, LLC	\$300,000	To pay for working capital expenses associated with marketing ethanol produced from a 110 mgy plant.
Iowa	Tabor Home Vineyards & Winery	\$25,000	To pay for working capital expenses associated with marketing wine.
Iowa	Terra Renewable Energy, LLC	\$100,000	To conduct a feasibility study, a business plan, and a marketing plan for marketing bio-diesel.
Iowa	Vande Rose Foods, LLC	\$300,000	To pay for working capital expenses associated with marketing pork sausage.
Kansas	McKenzie, William G.	\$10,250	To conduct a feasibility study and develop a business plan for marketing branded cuts of beef.
Kentucky	Grasshoppers Steering Committee	\$85,480	To pay for working capital expenses associated with marketing cheese, organic produce, and meat.
Louisiana	Frank Martin Farms, Inc.	\$73,500	To assess the feasibility of marketing fuel made from sugarcane biomass (leaves and tops).

STATE	RECIPIENT	AMOUNT	PROJECT DESCRIPTION
Maryland	Black Ankle Vineyards, LLC	\$199,553	To pay for working capital expenses associated with marketing wine.
Massachusetts	National Grape Cooperative Association, Inc.	\$100,000	The raw commodity is grapes which will be blended with other juices and used for emerging market to ship and manufacture in Mexico.
Massachusetts	Nuestras Raices, Inc.	\$38,351	To assess the feasibility of marketing roasted pork products.
Michigan	Coveyou Farms, LLC	\$25,000	To pay for working capital expenses associated with marketing floral hanging baskets and planters.
Michigan	Delekta, James	\$12,000	To assess the feasibility of marketing pellets made from switchgrass that can be used as a fuel source.
Michigan	Heritage Mills, LLC	\$25,000	To assess the feasibility of marketing organic flour and flour-based mixes at the retail level.
Michigan	Hortech, Inc.	\$300,000	To pay for working capital expenses associated with marketing perennial ground cover plants.
Michigan	Improvisational Farmer	\$13,000	To assess the feasibility of marketing produce that has been trimmed, cut, dried, and/or shredded. The produce will be sold as a medley of vegetables, herbs, or fruits, with recipes, preparation instructions, and condiments.
Michigan	Scenic View Dairy, LLC	\$14,500	To assess the feasibility of and develop a business plan for marketing compressed or liquid methane produced from an anaerobic digester on a dairy farm.
Michigan	Stoll, John Carl	\$3,000	To assess the feasibility of marketing corn for use as a fuel.
Michigan	Uncle John's Fruit House Winery, LLC	\$74,500	To pay for working capital expenses associated with marketing hard cider.
Minnesota	Alexis Bailly Vineyard, Inc.	\$25,000	To pay for working capital expenses associated with marketing a blended wine under the brand name Voyageur.
Minnesota	Bongards Creameries Cooperative	\$25,000	To pay for working capital expenses associated with marketing sliced cheeses to Middle Eastern countries.
Minnesota	Brakke, Lynn	\$43,736	To pay for working capital expenses associated with marketing organic beef products.
Minnesota	Corn Plus Cooperative	\$24,000	To assess the feasibility of marketing pelletized fertilizer made with corn syrup ash.
Minnesota	Deer Lake Orchard, LLC	\$25,000	To pay for working capital expenses associated with marketing dehydrated apple slices.
Minnesota	Dew Ag-Rite	\$300,000	To pay for working capital expenses associated with marketing branded pork products.
Minnesota	GRV Gibbs, Inc.	\$200,000	To pay for working capital expenses associated with marketing branded wild rice.
Minnesota	Johnson Logging, Inc.	\$300,000	To pay for working capital expenses associated with marketing lumber.
Minnesota	Mississippi Valley Fruit Company, LLC	\$200,000	To pay for working capital expenses associated with marketing branded apples.
Minnesota	Morris-Walkers, Ltd.	\$250,000	To pay for working capital expenses associated with marketing branded, baked apple products.
Minnesota	Page & Hill Forest Products, Inc.	\$300,000	To pay for working capital expenses associated with marketing lumber.
Minnesota	PastureLand Cooperative	\$300,000	To pay for working capital expenses associated with marketing organic butter and cheese products.
Minnesota	Pepin Heights Orchard, Inc.	\$300,000	To pay for working capital expenses associated with marketing branded apples.

STATE	RECIPIENT	AMOUNT	PROJECT DESCRIPTION
Minnesota	Six Point Berkshire, LLP	\$300,000	To pay for working capital expenses associated with marketing processed pork products, such as pork loins, ham, bacon, and sausage, to domestic markets.
Minnesota	Vine Ripe, Inc.	\$200,000	To pay for working capital expenses associated with marketing branded Roma tomato and lettuce products.
Mississippi	Lauren Farms, Inc.	\$107,520	To pay for working capital expenses associated with marketing freshwater prawns processed products.
Mississippi	Mississippi Natural Products Association, Inc.	\$25,000	To develop a feasibility study and marketing plan for marketing shiitake mushrooms without stems.
Mississippi	Silent Shade Plantation	\$18,000	To assess the feasibility of marketing fuel-grade corn.
Missouri	1Soy, Inc.	\$300,000	To pay for working capital expenses associated with marketing soy flour for use in soyfood and industrial products.
Missouri	Barton County Ethanol Producers, LLC	\$299,900	To pay for working capital expenses associated with marketing ethanol from a 50 mgj plant.
Missouri	Bootheel Agri-Energy, LLC	\$300,000	To pay for working capital expenses associated with marketing ethanol and DDGS.
Missouri	Grassland Beef, LLC	\$300,000	To pay for working capital expenses associated with marketing processed beef from grass-fed cattle.
Missouri	Mark S. and Patricia B Whisnant	\$258,120	Working capital funds are for increasing marketing, packaging, and labeling of grass-fed beef.
