

# **MOTIVE POWER AND EQUIPMENT Compliance Manual**

## **TABLE OF CONTENTS**

### **Chapter 1 - General Information**

Introduction .....	1 - 1
Program Goals .....	1 - 2
Basis for Regulation and Inspection .....	1 - 3
Definitions and Roles	
Specialist .....	1 - 3
Motive Power & Equipment Inspector .....	1 - 3
State Equipment Inspector .....	1 - 3
Customers .....	1 - 4
Credentials .....	1 - 4
Personal Safety .....	1 - 4
Recommended Safe Work Procedures .....	1 - 4
Technical Bulletins .....	1 - 5
Contacts With News Media .....	1 - 5
Cooperation of FRA Personnel With Industry, Labor, & Other Agencies .....	1 - 6
Subpoenas .....	1 - 6
Operating Equipment .....	1 - 6
Delaying Trains .....	1 - 6
Unusual Occurrences	
Signing Release of Liability .....	1 - 7
Refusal To Permit Inspection or Investigation .....	1 - 7
Strikes and Labor Disputes .....	1 - 7
National Transportation Safety Board .....	1 - 7

### **Chapter 2 - Inspection and Compliance Program**

Allocation of Resources .....	2 - 1
Regular Inspection Point .....	2 - 1
Inspection / Activities Priorities .....	2 - 1
Accident Investigations .....	2 - 2
Congressional Complaints .....	2 - 2
Waiver Petition Investigation .....	2 - 3
One-Time Movements .....	2 - 3
Safety Assurance & Compliance Program - SACP .....	2 - 5
Focused Enforcement .....	2 - 6
Complaint Investigation .....	2 - 7
Sample Car/Locomotive Inspection .....	2 - 8
Operation Life Saver Presentation .....	2-11
Regular Inspections .....	2-12

## Chapter 3- Enforcement Actions

General	3 - 1
Verbal Repair Order	3 - 1
Exception	3 - 1
Violation	3 - 1
Special Notice for Repairs	3 - 1
Individual Liability	3 - 1
Determining When and What Enforcement Action Is Necessary	3 - 2
The Inherent Seriousness of the Condition or Action	3 - 3
The Kind and Degree of Potential Safety Hazard the Condition or Action Poses in Light of the Immediate Factual Situation	3 - 3
Any Actual Harm to Persons or Property Already Caused by the Condition or Action	3 - 3
The Offending Party's General Level of Current Compliance as Revealed by the Inspection as a Whole	3 - 4
The Party's Recent History of Compliance with the Relevant Set of Regulations, Especially at the Specific Location or Division of the Railroad Involved	3 - 4
Which Enforcement Remedy is Most Appropriate Under the Circumstances	3 - 5
Such Other Factors as the Immediate Circumstances Make Relevant	3 - 5
Enforcement Actions Against Individuals	
General Principles	3 - 7
Decision to Issue a Regional Level Warning	3 - 7
Decision to Recommend a Formal Warning Letter or Assessment of a Civil Penalty	3 - 8
Preparation of Civil Penalty or Action Against Individuals	3 - 9
Privacy Act Restrictions	3 - 10
Actions Against Railroads	3- 12

## Chapter 4 - Railroad Freight Car Safety Standards - Part 215

Introduction	4 - 1
Freight Car Safety Standards Inspection Procedures	4 - 3
PART 215 - Railroad Freight Car Safety Standards	4 - 3
Subpart A-General	
§215.3 Application	4 - 3
§ 215.5 Definitions	4 - 4
§ 215.9 Movement of defective cars for repair	4 - 6
§ 215.11 Designated inspectors	4 - 8
§ 215.13 Pre-departure inspection.	4 - 8
Subpart B --- Freight Car Components	
Suspension System	
§ 215.103 Defective wheel	4 - 10
§ 215.105 Defective axle and journal	4 - 13
§ 215.107 Defective plain bearing box: General	4 - 13
§ 215.109 Defective plain bearing box: Journal lubricating system	4 - 13
§ 215.111 Defective Plain Bearing	4 - 14
§ 215.113 Defective Plain Bearing Wedge	4 - 14
§ 215.115 Defective Roller Bearing	4 - 14
§ 215.117 Defective Roller Bearing Adapter	4 - 16
§ 215.119 Defective Freight Car Truck	4 - 18
Car Bodies	

§ 215.121 Defective Car Body .....	4 - 20
Draft System	
§ 215.123 Defective Couplers .....	4 - 22
§ 215.125 Defective Uncoupling Device .....	4 - 24
§ 215.127 Defective Draft Arrangement .....	4 - 24
§ 215.129 Defective cushioning device .....	4 - 26
Subpart C- Restricted Equipment	
§ 215.203 Restricted cars .....	4 - 27
Subpart D-Stenciling	
§ 215.301 General .....	4 - 27
§ 215.305 Stenciling of restricted cars .....	4 - 28
§ 215.305 Stenciling of maintenance-of-way equipment .....	4 - 28
Appendix D to Part 215 - Predeparture Inspection Procedure .....	4 - 29

### **Chapter 5 - Blue Signal Protection of Workmen - Part 218**

Introduction .....	5 - 1
§ 218.1 Purpose. ....	5 - 2
§ 218.3 Application. ....	5 - 2
§ 218.5 Definitions. ....	5 - 2
§ 218.21 Scope. ....	5 - 8
§ 218.22 Utility Employee .....	5 - 10
§ 218.23 Blue signal display .....	5 - 13
§ 218.24 One-Person Crew .....	5 - 14
§ 218.25 Workers on a main track .....	5 - 14
§ 218.27 Workmen on track other than main track. ....	5 - 16
§ 218.29 Alternate methods of protection. ....	5 - 18
§ 218.30 Remotely controlled switches .....	5 - 22

### **Chapter 6 - Rear End Marking Device--Passenger, Commuter and Freight Trains - Part 221**

Introduction .....	6 - 1
§ 221.3 Application .....	6 - 1
§ 221.5 Definitions .....	6 - 2
§ 221.13 Marking device display .....	6 - 2
§ 221.15 Marking device inspection .....	6 - 3
§ 221.16 Inspection procedure .....	6 - 4
§ 221.17 Movement of defective equipment .....	6 - 4
APPENDIX B TO PART 221-- APPROVED REAR END MARKING DEVICES ..	6 - 5

### **Chapter 7 - Safety Glazing Standards - Locomotives, Passenger Cars & Cabooses - Part 223**

Guidance .....	7 - 1
----------------	-------

## Chapter 8 - Railroad Locomotive Safety Standards - Part 229

Introduction . . . . .	8 - 1
Locomotive Safety Standards Inspection Procedures . . . . .	8 - 2
Subpart A - General	
§ 229.1 Scope . . . . .	8 - 3
§ 229.3 Applicability . . . . .	8 - 3
§ 229.3 Information Collection . . . . .	8 - 6
§ 229.5 Definitions . . . . .	8 - 6
§ 229.7 Prohibited Acts . . . . .	8 - 11
§ 229.9 Movement of non-complying locomotives . . . . .	8 - 12
§ 229.11 Locomotive identification . . . . .	8 - 16
§ 229.13 Control of locomotives . . . . .	8 - 17
§ 229.14 Non-MU locomotive control cab locomotives . . . . .	8 - 17
§ 229.17 Accident reports . . . . .	8 - 17
§ 229.19 Prior waivers . . . . .	8 - 17
Inspections and Tests	
§ 229.21 Daily Inspection . . . . .	8 - 17
§ 229.23 Periodic inspection: General . . . . .	8 - 22
§ 229.25 Tests: Every periodic inspection . . . . .	8 - 25
§ 229.27 Annual tests . . . . .	8 - 26
§ 229.29 Biennial tests . . . . .	8 - 28
§ 229.31 Main reservoir tests . . . . .	8 - 29
§ 229.33 Out-of-use credit . . . . .	8 - 30
§ 229.41 Protection against personal injury . . . . .	8 - 30
§ 229.43 Exhaust and battery gases . . . . .	8 - 31
§ 229.45 General condition . . . . .	8 - 31
Brake System	
§ 229.46 Brakes: General . . . . .	8 - 32
§ 229.47 Emergency brake valve . . . . .	8 - 33
§ 229.49 Main reservoir system . . . . .	8 - 34
§ 229.51 Aluminum main reservoirs . . . . .	8 - 34
§ 229.53 Brake gauges . . . . .	8 - 35
§ 229.55 Piston travel . . . . .	8 - 35
§ 229.57 Foundation brake gear . . . . .	8 - 36
§ 229.59 Leakage . . . . .	8 - 37
Draft System	
§ 229.61 Draft system . . . . .	8 - 37
Suspension System	
§ 229.63 Lateral Motion . . . . .	8 - 38
§ 229.64 Plain bearings . . . . .	8 - 39
§ 229.65 Spring rigging . . . . .	8 - 39
§ 229.67 Trucks . . . . .	8 - 40
§ 229.69 Side bearings . . . . .	8 - 40
§ 229.73 Wheel sets . . . . .	8 - 40
§ 229.75 Wheel and tire defects . . . . .	8 - 41
Electrical System	
§ 229.77 Current collectors . . . . .	8 - 43
§ 229.79 Third rail shoes . . . . .	8 - 43
§ 229.85 Doors and cover plates marked "Danger" . . . . .	8 - 43
§ 229.89 Jumper; cable connections . . . . .	8 - 44
§ 229.91 Motors and generators . . . . .	8 - 44

Internal Combustion Equipment	
§ 229.93 Safety cut-off device	8 - 45
§ 229.95 Venting	8 - 45
§ 229.97 Grounding fuel tanks	8 - 45
§ 229.99 Safety Hangers	8 - 46
§ 229.101 Engines	8 - 46
Steam Generators	
§ 229.103 - 113 Steam Generator	8 - 46
Cabs and Cab Equipment	
§ 229.115 Slip/slide alarms	8 - 48
§ 229.117 Speed indicators	8 - 49
§ 229.119 Cabs, floors, and passageways	8 - 49
§ 229.121 Locomotive cab noise	8 - 52
§ 229.123 Pilots, snowplows, end plates	8 - 53
§ 229.125 Headlights and auxiliary lights	8 - 53
§ 229.127 Cab lights	8 - 58
§ 229.129 Audible warning device	8 - 59
§ 229.131 Sanders	8 - 59
§ 229.133 Interim Locomotive Conspicuity Measures	8 - 60
§ 229.135 Event Recorders	8 - 60
§ 229.137 Sanitation, general requirements	8 - 62
§ 229.139 Sanitation, servicing requirements	8 - 65
Design Requirements	
229.141 Body structure, MU locomotives	8 - 70

## **CHAPTER 9 - STEAM LOCOMOTIVES - PART 230**

Introduction	9 - 1
--------------	-------

## **Chapter 10 - Railroad Safety Appliance Standards - Part 231**

Introduction	10 - 1
Errors in US DOT Safety Appliance Booklet	10 - 4
Judgement in the Enforcement of the Safety Appliance Standards	10 - 4
Locomotive Applications and Guidance	
Locomotives Used in Switching Service - Location End Handholds	10 - 6
Securement of Handrail to the Locomotive Carbody North American Cab Structure	10 - 7
Burro Crane Requirements	10 - 7
Self Propelled Vehicles Considered to Be Locomotives	10 - 8
Steam Locomotives Used in Road Service § 231.15	10 - 9
Specifications Common to all Steam Locomotives § 231.15	10 - 9
Steam Locomotives Used in Switching Service § 231.16	10 - 9
Locomotives Used in Switching Service § 231.30	10 - 9
Road Locomotives with Corner Stairways § 231.29	10 - 10
Freight & Passenger Car Applications & Guidance	
Safety Appliance Fasteners	10 - 10
Adjustable Handhold/Ladder Tread	10 - 11
Dimensions Applicable to Handles of Uncoupling Levers	10 - 12
Definition of Left and Right / A and B end	10 - 12
Aluminum Safety Appliances	10 - 16

Handbrakes	
Handbrake Chains	10 - 16
Handbrakes - Articulated Cars	10 - 17
Multi-Unit Articulated Flat Cars- Crossover Platforms	10 - 17
Sill Step Application, Sections 231.1(d)(2) and 231.27(c)(2)	10 - 18
Standard Level and Low Level Auto Rack Cars	10 - 18
Flat Cars	
DODX 4000 Series Flat Cars	10 - 19
Safety Appliance Arrangements on Flat Cars	10 - 20
Covered Hopper Cars	
Covered Hopper Cars - Running Board Extensions	10 - 21
Roof Hatch/Walkway Blockage	10 - 21
Cars of Special Construction	
Bulkhead Flat Cars	10 - 21
"Differential" 100-Ton Covered Hopper Cars Built by the Thrall Car Manufacturing Co.	10 - 21
Safety Appliance Interpretation of Coil Steel Cars	10 - 22
Tank Car	
Safety Chains on Tank Cars	10 - 24
Manufacture and Repair of Operating Platforms and Operating Platform	
Safety Railings On Tank Cars Without Underframes	10 - 25

## **Chapter 11 - Brake System Safety Standards For Freight & Other Non-Passenger Trains & Equipment: End-of-Train Devices - Part 232**

Introduction	11 - 1
Part 232 Inspection Activity Codes	11 - 3
Train Brake Inspection	11 - 4
Interpretation of Initial Terminal Air Brake Tests at Remote Locations	11 - 6
Clarification for Initial Terminal Road Train Air Brake Tests	11 - 6
Enforcement Guidance for Inspecting & Testing Brakes on Cars on Shop or Repair Tracks	11 - 7
1000 Mile Interpretation - 49 CFR 232.12(b)	11 - 8
Hauling of Defective Cars at Intermediate Inspection Locations	11 - 8
§ 20303	11 - 10
Bottom Rod Safety Support	11 - 11
Air Brake System - Reservoir Connecting Pipes	11 - 11
Testing of Handbrakes on Locomotives Equipped with an Air Release Valve	11 - 12
Air Flow Method as an Alternative to Leakage Tests for Trains	11 - 12
Locomotive Handbrakes - Stencil Requirements for Canadian Railroads	11 - 13
Locomotive Brake Cylinder Pressure	11 - 14
Brake Hoses on Cars Equipped with 15" End-of-Car Cushioning Units	11 - 14
Measuring Piston Travel	11 - 15
Slaon Model 3050-A and 3200-A Angle Cocks	11 - 15
Two-Way End-of-Train Device Questions and Answers	11 - 16
Two-Way End-of-Train Device Flowchart	11 - 23

## **Chapter 12 - Passenger Equipment Safety Standards - Part 238**

Guidance is being developed and will be published in the near future.

## Chapter 13 - Passenger Train Emergency Preparedness - Part 239

Guidance is being developed and will be published in the near future.

### Appendix A - Instructions for Completing MP&E Violation Reports

Introduction - MP&E Violation Reports . . . . .	A - 1
The RISPC Program, F6180.96 and F6180.67 Forms . . . . .	A - 1
Submission of Photographs as Evidence . . . . .	A - 2
Statements of Witness or Reports of Interview . . . . .	A - 2
Copies of Railroad's Records . . . . .	A - 2
Locomotives F6180.10 . . . . .	A - 3
Arrangement of the FRA F6180.10 Violation Report Package . . . . .	A - 5
Freight Cars F6180.69 . . . . .	A - 6
Freight Cars F6180.68 . . . . .	A - 9
Arrangement of the FRA F6180.68 & 69 Violation Report Package . . . . .	A - 10
Safety Appliances (Locomotives & Freight Cars) F6180.29 . . . . .	A - 12
Power Brakes and Air Brake Tests F6180.29a . . . . .	A - 15
Arrangement of the FRA F6180.29 & 29a Violation Report Package . . . . .	A - 18
Instructions for Completing a Violation Report Package for Violations of Federal Railroad Safety Regulations . . . . .	A - 19
Instructions for Completion of Form FRA F6180.67 . . . . .	A - 19
Arrangement of the FRA F6180.67 Violation Report Package . . . . .	A - 22

### Appendix B - Waivers - MP&E Related

Electronic Locomotive Brakes	
EPIC Locomotive Brakes 2002-13397 . . . . .	B - 1
CCB Locomotive Brakes 2000-7367 . . . . .	B - 2
CSX Transportation - CCB Test Waiver 1999-6252 . . . . .	B - 4
Amtrak Electronic Brakes for HHP8 Electric Locomotives 2001-10596 . . . . .	B - 5
Locomotive Brakes	
Canadian Pacific Railway - 26-L Brake 1104 to 48 Months 1999-5894 . . . . .	B - 7
Canadian National Railroad - 26-L Brake 1104 to 48 Months LI-96-2 . . . . .	B - 8
Locomotive Record-Keeping	
Electronic Daily Inspection - BNSF Railway Company . . . . .	B - 10
Electronic Daily Inspection - Union Pacific Railroad . . . . .	B - 11
Blue Signal	
BNSF - Two-Way EOT - Removal & Replacement of batteries by Train and Yard Crew Members and Utility Employees 2001-10660 . . . . .	B - 12
Two-Way End-of-Train Device	
TrainLink II - ATX EOT Telemetry With Power Supplied by An Air Generator 2001-9270 . . . . .	B - 13
American Short Line Regional Railroad Association - Restrictions on Heavy Grade Operation Without Two-Way EOT PB-97-12 . . . . .	B - 15
Passenger Equipment Standards	
Passenger Brakes . . . . .	B - 17
Highway Rail Vehicles Such As RoadRailers®, RailRunner®, Etc...	
BNSF Railway Company 1999-5895 . . . . .	B - 18

CN/IC Railroad 2000-8089 .....	B - 23
CSX Transportation .....	B - 25
NS Corporation 2002-11896 .....	B - 28
Texas Mexican Railway 2000-7040 .....	B - 34

**Appendix C - Safety Appliance Plates - Locomotives**

Illustrative Locomotive Plates

Plate "S-1" Steam Locomotives used in Switching Service .....	C - 1
Plate "S-2" Tenders of Steam Locomotives used in Switching Service .....	C - 1
Plate "S-3" Steam Locomotives used in Road Service .....	C - 2
Plate "S-4" Tenders of Steam Locomotives used in Road Service .....	C - 2
Plate "S-5" Tenders of Vanderbilt Type .....	C - 3
