

Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

Workers of the subject firm were certified eligible to apply for trade adjustment assistance under petition number TA-W-56,570, which expired on April 28, 2007. The initial investigation resulted in a negative determination signed on May 2, 2007 was based on the finding that the subject company did not separate or threaten to separate a significant number of workers since the expiration of the previous certification. The denial notice was published in the **Federal Register** on May 17, 2007 (72 FR 27855).

To support the request for reconsideration, the petitioner supplied additional information regarding employment at the subject.

Upon further contact with the subject firm's company official, it was revealed that the subject firm separated a significant number of workers during June 2007 and there is a threat of future separations. The investigation also revealed that the subject firm is in the process of shifting production of molding equipment for glass containers to Colombia, a beneficiary country under the Andean Trade Preference Act during the relevant period. The shift contributed importantly to the layoffs at the subject firm.

In accordance with section 246 the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of section 246 of the Trade Act must be met. The Department has

determined in this case that the requirements of section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

**Conclusion**

After careful review of the facts obtained in the investigation, I determine that there was a shift in production from the workers' firm or subdivision to Colombia of articles that are like or directly competitive with those produced by the subject firm or subdivision. In accordance with the provisions of the Act, I make the following certification:

"All workers of Penn Mould Industries, Inc., Washington, Pennsylvania who became totally or partially separated from employment on or after April 29, 2007 through two years from the date of this certification, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974."

Signed in Washington, DC, this 22nd day of June 2007.

**American & Efird, Inc. D/B/A Robison and Anton Textile Company, Bloomsburg Division, Bloomsburg, PA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and a Negative Determination Regarding Eligibility to Apply for Alternative Trade Adjustment Assistance on June 8, 2007, applicable to workers of American & Efird, Inc., d/b/a Robison Anton Textile Company, Bloomsburg Division, Bloomsburg, Pennsylvania. The notice was published in the **Federal Register** on June 22, 2007 (72 FR 34482).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of embroidery thread and yarn.

In a request for an amendment, the company provided sufficient information confirming that the skills of

the workers at the subject firm are not easily transferable in the local commuting area.

Information also obtained from the company states that a significant number of workers of the subject firm are age 50 or over, workers have skills that are not easily transferable, and conditions in the industry are adverse. Review of this information shows that all eligibility criteria under Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended have been met. Accordingly, the Department is amending the certification to reflect its finding.

The amended notice applicable to TA-W-61,415 is hereby issued as follows:

All workers of American & Efird, Inc., d/b/a Robison Anton Textile Company, Bloomsburg Division, Bloomsburg, Pennsylvania, who became totally or partially separated from employment on or after April 23, 2006 through June 8, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974 and are also eligible to apply for Alternative Trade Adjustment Assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC this 25th day of June 2007.
