#### SUPPLEMENTARY INFORMATION:

Authority: Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended.

During the negotiation of the U.S.-Vietnam Bilateral Textile Agreement, the United States became aware of possible discrepancies in the data regarding U.S. imports from Vietnam. As the specific limits in the Agreement were based in part on such data, the United States and Vietnam agreed to allow for adjustments to the specific limits if the United States discovered clear evidence of data discrepancies, presented this evidence to the Government of Vietnam, and the United States and Vietnam were unable to reach a satisfactory solution to resolve the discrepancies. U.S. Customs and Border Protection (CBP) undertook an extensive textile production verification visit to Vietnam and reported its findings to CITA in November. The United States has held consultations with the Government of Vietnam, presented clear evidence, and was unable to reach a mutually satisfactory solution with the Government of Vietnam, so CITA has concluded that approximately 1,000,000 dozen should

be deducted from the negotiated limits to address data discrepancies found by CBP. In accordance with Paragraph 19(B) of the U.S.-Vietnam Bilateral Agreement, CITA is directing the Commissioner of CBP to adjust the limits for certain categories.

In addition, previously applied flexibility is being readjusted to reflect the revised base levels.

A description of the textile and apparel categories in terms of HTS numbers is available in the CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see Federal Register notice 69 FR 4926, published on February 2, 2004). Also see 68 FR 69673, published on December 15, 2003.
