SUMMARY: This action changes the using agency for Restricted Area 2905A (R-2905A) and R-2905B, Tyndall Air Force Base (AFB), FL, from "Air Defense Weapons Center, Tyndall AFB, FL" to "325 Fighter Wing (FW), Tyndall AFB, FL."

SUPPLEMENTARY INFORMATION:

The Rule

This amendment to 14 CFR part 73 changes the using agency for R-2905A and R-2905B, Tyndall AFB, FL, from "Air Defense Weapons Center, Tyndall AFB, FL" to "325 FW, Tyndall AFB, FL." This is an administrative change to reflect a reorganization of responsibilities within the United States Air Force. There are no changes to the boundaries, designated altitudes, times of designation, or activities conducted within the affected restricted areas. Because this action is a minor technical amendment in which the public would not be particularly interested, I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary. Section 73.29 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8C dated June 29, 1995.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT

Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This action changes the using agency of the affected restricted areas. There are no changes to the boundaries, designated altitudes, times of designation, or activities conducted within these restricted areas. Further, this action will not require any changes to existing air traffic procedures. Accordingly, this action is not subject to environmental assessments and procedures as set forth in FAA Order 1050.1D, "Policies and Procedures for Considering Environmental Impacts."
