**LEASE INFORMATION NOTICE**

**Description of Lease Notice**

A cultural resource survey may be required for all areas proposed for surface disturbance at the time an Application for Permit to Drill/Notice of Staking is filed. Cultural resource surveys may also be required prior to the start of subsequent well operations that involve surface disturbance. The lessee must contact the authorized officer of the Bureau of Land Management (BLM) to determine the extent and type of survey required. Mitigation measures or relocation of the proposed activity may be necessary to avoid disturbance of cultural sites. The need for mitigation or movement will be based on consultation between the BLM, the Michigan State Historic Preservation Office, the affected surface owner or agency, the lessee and the Advisory Council on Historic Preservation.
