## Storm Data and Unusual Weather Phenomena - March 2008

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	03/03/08 05:29 CST		5K	Thunderstorm Wind (EG 50 kt)
	03/03/08 05:29 CST		0	Source: Public

Damage to a corner of a house in the Forest Glade neighborhood was reported. The report was relayed by the media.

HENDERSON COUNTY 2.1 SSW LOPER [32.15, -95.79]			
03/03/08 06:23 CS	Г 20К	Thunderstorm Wind (EG 50 kt)	
03/03/08 06:23 CS	Г О	Source: Law Enforcement	

A tree fell across farm-to-market road 1615. A roof was also partially damaged at a nearby house.

VAN ZANDT COUNTY 0.8 NE EDOM [32.38, -95.61], 2.1 ESE REDLAND [32.37, -95.47]		
03/03/08 06:25 CST	85K	Thunderstorm Wind (EG 56 kt)
03/03/08 06:35 CST	0	Source: Law Enforcement

Hundreds trees were blown down throughout the county...with the most concentrated damage near Edom and Midway. Several of the trees fell on cars or houses. A damage path approximately 2 miles wide began just northeast of Edom and continued for 5 miles to the northeast...terminating near the Neches River. The vast majority of the damage resulted from a downburst...which formed as a bow echo developed along a fast moving squall line.

In addition...a total of four outbuildings were destroyed. Steel I-beams from a barn just east of Edom were carried beyond 100 feet with some aluminum sheets carried north of Highway 279 for a distance of more than 100 yards. Farther to the north...two large sheds were destroyed along CR 4807. Wind speeds in the downburst swath ranged from 60-65 MPH.

ANDERSON COUNTY 3.6 WSW DEANWRIGHT [31.70, -95.58]

HENDERSON COUNTY MURCHISON [32.28, -95.75]			
03/03/08 06:30	CST	80K	Thunderstorm Wind (EG 65 kt)
03/03/08 06:30	CST	0	Source: Newspaper

Several houses had roof damage along CR 1803. One roof of a mobile home was blown several yards away into some treetops. A barn also collapsed in the area.

VAN ZANDT COUNTY 2.1 SSE PRIMROSE [32.40, -95.59], 1.9 SE PRIMROSE [32.41, -95.57]		
03/03/08 06:36 CST	50K	Tornado (EF1, L: 1.38 mi , W: 40 yd)
03/03/08 06:38 CST	0	Source: NWS Storm Survey

The National Weather Service in Fort Worth conducted a survey and found that a tornado formed near the northwestern edge of a downburst damage swath. The tornado damaged a sturdy dwelling which lost a door and windows about a fourth of a mile southeast of the intersection of FM 314 and Highway 64. Also, a nearby garage had its doors removed. Numerous trees were damaged with some of them snapped near their bases. Maximum winds were between 85 to 90 MPH.

HENDERSON COUNTY 0.6 E BROWNSBORO [32.30, -95.61]		
03/03/08 06:45 CST	60K	Thunderstorm Wind (EG 50 kt)
03/03/08 06:45 CST	0	Source: Emergency Manager

Thunderstorm winds knocked down a tree onto a house in Brownsboro. The tree fell into the interior of the house, causing an estimated \$60,000 in damages. Two cars were also damaged by the tree.

LIMESTONE COUNTY MEXIA [31.68, -96.50]			
	03/03/08 17:35 CST	5K	Thunderstorm Wind (EG 50 kt)
	03/03/08 17:35 CST	0	Source: Newspaper

Two power poles and several trees were blown down.

Upper level disturbances triggered numerous thunderstorms over north Texas. This resulted in several reports of large hail and high winds.

A 60 MPH wind gust was reported in Peori	a.			
Showers and thunderstorms developed a	long a southward moving cold fro	ont on the 29th. Va	n Zandt and Hopk	ins Counties had reports
of large hail, high winds, and flooding as	the boundary wavered in the area	on the 30th. Sev	eral supercells and	d a line of severe storms
moved through north Texas on the eveni	ng of the 31st as a dry line approa	ched from the we	st and the warm fr	ont remained nearby

03/03/08 20:00 CST	0	Winter Weather
03/04/08 04:00 CST	0	

A cold front moved through North Texas on Monday, ushering in cold air at the surface. Snow began falling that evening into Tuesday morning. Several areas received totals around 1-2 inches. Most of the snow had melted by noon Tuesday.
