

cannot obtain or renew non-resident CDLs.

Rotel requests FMCSA to allow its 22 bus drivers to operate these 11 buses without a CDL for a period of two years. It believes these drivers possess the knowledge and skills to ensure a level of safety that is equivalent to, or greater than, the level of safety that would be obtained by complying with the U.S. requirement for a CDL. A copy of Rotel's application for exemption is available for review in the docket for this notice.

Request for Comments

In accordance with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA requests public comment on Rotel's application for exemption from the FMCSRs. The Agency will consider all comments received by close of business on April 21, 2008. Comments will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. The Agency will consider to the extent practicable comments received in the public docket after the closing date of the comment period.

Issued on: March 13, 2008.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34554
(Sub-No. 9)]

Union Pacific Railroad Company— Temporary Trackage Rights Exemption—BNSF Railway Company

AGENCY: Surface Transportation Board.

ACTION: Partial Revocation of
Exemption.

SUMMARY: The Board, under 49 U.S.C. 10502, revokes the class exemption as it pertains to the modified trackage rights described in STB Finance Docket No. 34554 (Sub-No. 8) ¹ to permit the

trackage rights to expire on or about December 31, 2008, in accordance with the agreement of the parties,² subject to the employee protective conditions set forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

² The trackage rights were originally granted in *Union Pacific Railroad Company—Temporary Trackage Rights Exemption—The Burlington Northern and Santa Fe Railway Company*, STB Finance Docket No. 34554 (STB served Oct. 7, 2004). Subsequently, the parties filed notices of exemption several times based on their agreements to extend expiration dates of the same trackage rights. See STB Finance Docket No. 34554 (Sub-No. 2) (served February 11, 2005); STB Finance Docket No. 34554 (Sub-No. 4) (served March 3, 2006); and STB Finance Docket No. 34554 (Sub-No. 6) (served January 12, 2007). Because the original and subsequent trackage rights notices were filed under the class exemption at 49 CFR 1180.2(d)(7), under which trackage rights normally remain effective indefinitely, in each instance the Board granted partial revocation of the class exemption to permit the authorized trackage rights to expire. See STB Finance Docket No. 34554 (Sub-No. 1) (decision served November 24, 2004); STB Finance Docket No. 34554 (Sub-No. 3) (decision served March 25, 2005); STB Finance Docket No. 34554 (Sub-No. 5) (decision served March 23, 2006); and STB Finance Docket No. 34554 (Sub-No. 7) (decision served March 13, 2007). At the time of the extension authorized in STB Finance Docket No. 34554 (Sub-No. 6), the parties anticipated that the authority to allow the rights to expire would be exercised by December 31, 2007. However, the parties filed on December 21, 2007 in STB Finance Docket No. 34554 (Sub-No. 8) their most recent notice of exemption so that the trackage rights could be extended to December 31, 2008, and in STB Finance Docket No. 34554 (Sub-No. 9) their latest petition to partially revoke the class exemption to permit expiration, which we are addressing here.

¹ On December 21, 2007, Union Pacific Railway Company (UP) concurrently filed a verified notice of exemption under the Board's class exemption procedures at 49 CFR 1180.2(d)(7). The notice covered the agreement by BNSF Railway Company (BNSF) to extend the expiration date of the local trackage rights granted to UP over BNSF's line of railroad between BNSF milepost 579.3 near Mill Creek, OK, and BNSF milepost 631.1 near Joe Junction, TX, a distance of approximately 51 miles. UP submits that the trackage rights are only temporary rights, but, because they are "local" rather than "overhead" rights, they do not qualify for the Board's class exemption for temporary trackage rights under 49 CFR 1180.2(d)(8). See *Union Pacific Railroad Company—Temporary Trackage Rights Exemption—BNSF Railway Company*, STB Finance Docket No. 34554 (Sub-No. 8) (STB served Jan. 4, 2008).

DATES: This exemption is effective on April 19, 2008. Petitions to stay must be filed by March 31, 2008. Petitions to reopen must be filed by April 9, 2008.

ADDRESSES: An original and 10 copies of all pleadings referring to STB Finance Docket No. 34554 (Sub-No. 9) must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of all pleadings must be served on petitioner's representative: Gabriel S. Meyer, 1400 Douglas Street, STOP 1580, Omaha, NE 68179.
