

## Background

On July 6, 2006, the Department of Commerce (“the Department”) published the preliminary results of the new shipper reviews of the antidumping duty order on wooden bedroom furniture (“WBF”) from the People’s Republic of China (“PRC”), covering the period June 24, 2004, through June 30, 2005, and the following exporters: Shenyang Kunyu Wood Industry Co., Ltd., Dongguan Landmark Furniture Products Ltd., Meikangchi (Nantong) Furniture Company Ltd, and WBE Industries (Hui-Yang) Co., Ltd. See *Wooden Bedroom Furniture from the People’s Republic of China: Preliminary Results of 2004–2005 Semi-Annual New Shipper Reviews and Notice of Final Rescission of One New Shipper Review*, 71 FR 38373 (July 6, 2006) (“*Preliminary Results*”). On September 27, 2006, the Department published in the **Federal Register** a notice extending the time limit for the final results of the new shipper reviews from September 25, 2006, to November 9, 2006. See *Notice of Extension of Time Limit for Final Results of New Shipper Reviews of Wooden Bedroom Furniture from the People’s Republic of China*, 71 FR 56475 (September 27, 2006).

## Extension of Time Limits for Final Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (“the Act”), and 19 CFR 351.214(i)(1) require the Department to issue the final results of a new shipper review within 90 days after the date on which the preliminary results were issued. The Department may, however, extend the time period for completion of the final results of a new shipper review to 150 days if it determines that the case is extraordinarily complicated. See section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

As a result of extraordinarily complicated issues raised in the review segment, specifically the multiple issues raised with regard to the calculation of the surrogate financial ratios based on the financial statements of seven surrogate companies, it is not practicable to complete these new shipper reviews within the current time limit. Accordingly, the Department is fully extending the time period for completion of the final results to 150 days, pursuant to section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2). Therefore, the final results are now due no later than November 24, 2006.

We are issuing and publishing this notice in accordance with section 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: November 6, 2006.

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** November 14, 2006.

**SUMMARY:** On September 20, 2006, the Department of Commerce (the “Department”) received a request on behalf of the petitioners, the American Furniture Manufacturers Committee for Legal Trade and its individual members (the “AFMC”), for a changed circumstances review and a request to revoke, in part, the antidumping duty (“AD”) order on wooden bedroom furniture from the People’s Republic of China with respect to cheval style mirrored jewelry cabinets. In its September 20, 2006, submission, AFMC stated that it no longer has any interest in seeking antidumping relief from imports of such cheval style mirrored jewelry cabinets with respect to the subject merchandise defined in the “Scope of the Order” section below. Interested parties are invited to comment on these preliminary results.

This order covers all wooden bedroom furniture meeting the above description, regardless of tariff classification. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

#### Initiation and Preliminary Results of Changed Circumstances Review, and Intent to Revoke Order in Part

At the request of AFMC, and in accordance with sections 751(d)(1) and 751(b)(1) of the Act and 19 CFR 351.216, the Department is initiating a changed circumstances review of the AD order on wooden bedroom furniture from the People's Republic of China to determine whether partial revocation of the order is warranted with respect to cheval style mirrored jewelry cabinets. Section 782(h)(2) of the Act and 19 CFR 351.222(g)(1)(i) provide that the Department may revoke an order (in whole or in part) if it determines that producers accounting for substantially all of the production of the domestic like product have no further interest in the order, in whole or in part. In addition, in the event that the Department determines that expedited action is warranted, 19 CFR

*of Changed Circumstances Review and Revocation in Part*, (71 FR 38621) (July 7, 2006).

<sup>12</sup> Cheval mirrors, *i.e.*, any framed, tiltable mirror with a height in excess of 50" that is mounted on a floor-standing, hinged base.

<sup>13</sup> Metal furniture parts and unfinished furniture parts made of wood products (as defined above) that are not otherwise specifically named in this scope (*i.e.*, wooden headboards for beds, wooden footboards for beds, wooden side rails for beds, and wooden canopies for beds) and that do not possess the essential character of wooden bedroom furniture in an unassembled, incomplete, or unfinished form. Such parts are usually classified under HTSUS subheading 9403.90.7000.

351.221(c)(3)(ii) permits the Department to combine the notices of initiation and preliminary results.

In accordance with section 751(b) of the Act, and 19 CFR 351.222(g)(1)(i) and 351.221(c)(3), we are initiating this changed circumstances review and have determined that expedited action is warranted. In accordance with 19 CFR 351.216(c), we find that the petitioners' affirmative statement of no interest constitutes good cause for the conduct of this review. Additionally, our decision to expedite this review stems from the domestic industry's lack of interest in applying the AD order to the specific wooden bedroom furniture (*i.e.*, cheval style mirrored jewelry cabinets) covered by this request.

Based on the petitioners' expression of no interest and absent any objection by any other domestic interested parties, we have preliminarily determined that substantially all of the domestic producers of the like product have no interest in the continued application of the AD order on wooden bedroom furniture as it applies to the merchandise subject to this request. Therefore, we are notifying the public of our intent to revoke, in part, the AD order as it relates to imports of the cheval style mirrored jewelry cabinets from the People's Republic of China.

Accordingly, we intend to amend the exclusionary language of the scope on wooden bedroom furniture from the People's Republic of China to read as follows:

Additionally, the scope of the order excludes combination cheval mirror/jewelry cabinets. The excluded merchandise is an integrated piece consisting of a cheval mirror, *i.e.*, a framed tiltable mirror with a height in excess of 50 inches, mounted on a floor-standing, hinged base, the cheval mirror serving as a door to a cabinet back that is integral to the structure of the mirror and which constitutes a jewelry cabinet lined with fabric, having necklace and bracelet hooks, mountings for rings and shelves, with or without a working lock and key to secure the contents of the jewelry cabinet back to the cheval mirror, and no drawers anywhere on the integrated piece. The fully assembled piece must be at least 50 inches in height, 14.5 inches in width, and 3 inches in depth.

#### Public Comment

Interested parties are invited to comment on these preliminary results. Written comments may be submitted no later than 14 days after the date of publication of these preliminary results. Rebuttals to written comments, limited to issues raised in such comments, may be filed no later than 21 days after the date of publication. The Department

will issue the final results of this changed circumstances review, which will include the results of its analysis raised in any such written comments, no later than 270 days after the date on which this review was initiated, or within 45 days if all parties agree to our preliminary results. See 19 CFR 351.216(e).

If final revocation occurs, we will instruct U.S. Customs and Border Protection to end the suspension of liquidation for the merchandise covered by the revocation on the effective date of the notice of revocation and to release any cash deposit or bond. See 19 CFR 351.222(g)(4). The current requirement for a cash deposit of estimated AD duties on all subject merchandise will continue unless and until it is modified pursuant to the final results of this changed circumstances review.

This initiation and preliminary results of review and notice are in accordance with section 751(b) of the Act and 19 CFR 351.216, 351.221, and 351.222.

Dated: November 6, 2006.

### National Oceanic and Atmospheric Administration

[I.D. 110806A]

#### Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notification of a proposal for an exempted fishing permit to conduct experimental fishing; request for comments.

**SUMMARY:** The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject exempted fishing permit (EFP) application submitted by Truex Enterprises contains all the required information and warrants further consideration. This proposed EFP was first published for public comment on June 16, 2006. Due to changes in the EFP proposal from that previously published, the notice and comment period is re-initiated. The proposed EFP

would test the safety and efficacy of harvesting surfclams and ocean quahogs from the Atlantic surfclam and ocean quahog Georges Bank (GB) Closure Area using a harvesting protocol developed by state and Federal regulatory agencies and endorsed by the U.S. Food and Drug Administration (FDA). The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Atlantic Surfclam and Ocean Quahog regulations and Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued that would allow one commercial fishing vessel to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States. The EFP would allow for an exemption from the Atlantic surfclam and ocean quahog GB Closure Area. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

**DATES:** Comments on this document must be received on or before November 29, 2006.

**ADDRESSES:** Comments on this notice may be submitted by e-mail. The mailbox address for providing e-mail comments is [DA6114B@noaa.gov](mailto:DA6114B@noaa.gov). Include in the subject line of the e-mail comment the following document identifier: "Comments on GB PSP Closed Area Exemption." Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on GB PSP Closed Area Exemption." Comments may also be sent via facsimile (fax) to (978) 281-9135.

**FOR FURTHER INFORMATION CONTACT:** Tobey Curtis, Fishery Management Specialist, phone 978-281-9273.

**SUPPLEMENTARY INFORMATION:** Truex Enterprises of New Bedford, MA, submitted an application for an EFP on March 30, 2006. Additional information was received on April 19, 2006, completing the application. This proposed EFP was first published in the **Federal Register** on June 19, 2006 (71 FR 35254). On October 2, 2006, the applicant submitted additional information seeking to add states where

the product harvested under the EFP could be landed. The experimental fishing application requests authorization to allow the catch and retention for sale of Atlantic surfclams and ocean quahogs from within the Atlantic surfclam and ocean quahog GB Closure Area. This area, located east of 69°00 W. long. and south of 42°20 N. lat., was closed on May 25, 1990. This closure was implemented based on advice from the FDA after samples of surfclams from the area tested positive for the toxins (saxotoxins) that cause Paralytic Shellfish Poisoning (PSP). These toxins are produced by the algae *Alexandrium fundyense* which can form blooms commonly referred to as red tides. Red tide blooms, also known as harmful algal blooms (HABs), can produce toxins that accumulate in filter-feeding shellfish. Shellfish contaminated with the saxotoxin, if eaten in large enough quantity, can cause illness or death from PSP. Due, in part, to the inability to test and monitor this area for the presence of PSP, this closure was made permanent through Amendment 12 to the FMP in 1999.

The primary goal of the study is to test the efficacy of the Protocol for Onboard Screening and Dockside Testing for PSP Toxins in Molluscan Shellfish (Protocol) developed by state and Federal regulatory agencies to test for presence of saxotoxins in shellfish. This protocol would facilitate the harvest of shellfish from waters susceptible to HABs, which produce the saxotoxins, but that are not currently under rigorous water quality monitoring programs by either state or Federal management agencies. The Protocol details procedures and reporting for harvesting, testing, and landing of shellfish harvested from areas that are susceptible to HABs prior to the shellfish from entering commerce. A copy of the Protocol is available from the NMFS Northeast Region website: <http://www.nero.noaa.gov/sfd/clams>.

The proposed project would conduct a trial for the sampling protocol in an exemption zone within the larger 1990 GB Closure Area with the F/V Seawatcher. The exemption zone would not include any Northeast multispecies or essential fish habitat year-round closure areas. This proposed exempted fishing activity would occur from approximately December 2006 through March 2007, using surfclam and ocean quahog quota allocated to Truex Enterprises under the Federal individual transferable quota (ITQ) program. The applicant has estimated a harvest of 176,000 bushels (9,370,240 L) of surfclams and 80,000 bushels (4,259,200 L) of ocean quahogs from the
