

Company: Fascinations Toys & Gifts, Inc.

Our goal is to captivate the imagination and inspire wonder.

Designed to illustrate many magical aspects of our world, our products will cause you to react with amazement and ask "What makes that work?" or "How is that possible?"

By working with engineers, scientists, magicians and most importantly, kids young and old, Fascinations® is proud to bring you the best in truly unique toys, gifts, and pet products.

Fascinations® is headquartered in Seattle, WA, USA with an office/showroom in Hong Kong. Fascinations' focus is on developing, manufacturing and distributing, exceptionally unique and fascinating products in the global market. We do not offer any of our products to either mass or discount retailers, which is one of the main reasons for our success worldwide.

AntWorks® - A SPACE AGE HABITAT FOR ANTS!

AntWorks® is the perfect pet. This original gel ant habitat was based on a 2003 NASA Space Shuttle experiment to study animal life in space and test how ants successfully tunnel in microgravity. The AntWorks® Gel is complete with nutrients to promote healthy growth in the new colony. It is exceptionally easy to care for – the ants need **NO** food or water.

Fascinations® AntWorks® allows one to study the behavior of ants in a unique, self-contained environment. Its special gel is full of nutrients specially formulated for the needs of the ant. Because the gel is clear, one can see tunnel architecture develop in 3-D – offering a new and unique perspective from that of the traditional, soil-based habitats. Fascinations® AntWorks® includes a container with a special gel formulation, magnifying glass, multilingual booklet detailing fascinating ant facts, and a special 'extreme magnification lens' with which one can even see hairs on the ants!

World Alive Insect Habitat Kits & Botanicals™ Kits

Discover the fascinating world of live insects. Have fun learning about them, their life cycle, metamorphosis, biology and how they communicate. Enjoy interactive, educational activities with multilingual packaging. Each Insect Kit includes a net habitat, magnifying glass, pipette, tweezers, Instruction & activity book and ordering details to buy the larvae/eggs/insects. Insects available are the Praying Mantis (Stick Insect in Europe), Ladybird and Butterfly.

Each Botanicals™ Mini Greenhouse Kit includes a mini greenhouse habitat, seed planting tray, dehydrated coconut soil substrate, rake, trowel, shovel, seed packets and Instruction & activity book. The Botanicals™ are available in the Enchanted Fairy Garden to create a colorful, vibrant flower patch and the Exotic Jungle to grow your own Venus Fly Traps, touch-sensitive, and other rare, interactive plants.

Aquatic Desktop Companions

No feeding and no cleaning required, making these the best desktop companions yet.

Nature's Fire™ Underwater Volcano. The dynamics of bringing earth, fire and water together are reflected in this amazing, kinetic sculpture.

DeskQuarium™ is a desktop organizer with touch activated lights and motion. When an article is dropped into the compartment, the fish swim about in their aquarium.

Magic FishBowl™ provides fish bowl friends without any hassle. These aquatic acrobats swim around their bowl all day long.
