

INTERMOT Cologne
08. - 12. October 2008

COOL! HOT!
INTERMOT

6. Internationale
Motorrad- und
Rollermesse

FEATURED
U.S. EXHIBITOR'S GUIDE

The U.S. Commercial Service (CS) global Automotive Team is made up of domestic and international trade specialists who focus on helping the U.S. automotive sector sell their products and services internationally. Our Team members are located throughout the United States and in U.S. Embassies and Consulates overseas.

Why U.S. Exporters should work with the CS Automotive Team:

- Our Team helps you identify markets of opportunity and connect with qualified distributors and partners and provides up-to-date market research on market conditions, industry-specific information, areas of growth and opportunity, local competition, market- and issue-specific webinars with industry experts and more
- We offer services to help you maximize your time at international trade fairs, including matchmaking and pre-show promotional programs
- We maintain and build partnerships with key industry associations to stay up-to-date with current issues and challenges faced by U.S. manufacturers and exporters.

Why international Buyers, Importers, Agents and Distributors should work with the CS Automotive Team:

- Our Team of international trade specialists helps establishing direct contacts with qualified U.S. exporters of the product or service you are looking for.
- We offer counseling and hands-on assistance in almost all aspects of closing the deal (e.g. IPR, customs, EXIM support, export control, international standards and regulations)
