Muck of the area in the ACE Basin is privately owned and cannot be entered without permission from property owners. Public lands such as Donnelley Wildlife Management Area (WMA), Bear Island WMA, the ACE Basin National Estuarine Research Reserve and the ACE Basin National Wildlife Refuge are open to the public during certain days and seasons. Birders should check with state or federal wildlife officials before visiting these areas.

Donnelley WMA, Bear Island WMA and the ACE Basin National Wildlife Refuge contain upland habitats, and managed freshwater and brackish impoundments. The National Estuarine Research Reserve consists mainly of salt marsh mud flats, barrier beaches and open water.

Additional information on birding these lands are available from:

SCDNR, Rt. 1, Box 25 Green Pond, SC 29446 (843) 844-8957 (Donnelley and Bear Island WMA's)

> USFWS, Box 848 Hollywood, SC 29449 (843) 889-3084 (ACE Basin NWR)

Information Office SCDNR, Box 12559 Charleston, SC 29422 (843) 762-5076 (ACE Basin NERR) The ACE Basin Project is a cooperative effort among landowners and private and public conservation agencies to protect important habitats in the watershed of the Ashepoo, Combahee and Edisto (ACE) rivers including St. Helen estuary and sound.

The project area, identified as one fo the highest priority regions for protection under the North American Waterfowl Management Plan, encompasses 350,000 acres fo marsh, swamp and upland in Beaufort, Charleston, Colelton, and Hampton counties.

Administered by the ACE Basin Task Force (Private landowners, Ducks Unlimited, SC Department of Natural Resources, The Nature Conservancy, Westvaco, and the US Fish and Wildlife Service), the project has protected over 100,000 acres of diverse upland and wetland habitats.
