

FILES TO DELIVER

Two spreadsheet files will be provided - one for Zero Releasers I and one for Zero Releasers II.

DEFINITION OF ZERO RELEASERS

Zero Releasers I

- *No onsite releases.*
- *No offsite releases.*
- do not have positive values in
 - section 5 – all sections
 - section 6.1
 - section 6.2 when M codes equal a
 - disposal M code (M10, M41, M62, M63, M64, M65, M71, M73, M79, M90, M94, M99)
 - Solidification/Stabilization M40

Zero Releasers II

- *No onsite releases.*
- do not have positive values in
 - section 5 – all sections

Zero Releasers will be determined at the form level.

(ie: If a facility has one form that is considered a zero releaser according to definition 1, it will be included as a Zero Releaser I facility, and likewise for facilities that are zero releasers according to definition 2.)
