Based on a complex query submitted using Pro-Cite bibliographic software and the Z39.50 protocol, these citations were compiled by searching the Library's online catalog for relevant publications using the Library of Congress Control Number (LCCN) to identify records added to the catalog in a given year. For recent catalog records, the first four digits of the LCCN indicate the year the record was first entered into the online system. In addition to materials about the country, the results may also include materials published in the country which concern other geographic areas.

Because of the limitations inherent in any online catalog search, **do not rely on this document as a comprehensive or authoritative list of new acquisitions in the Library's collections.** The list is intended to give the reader only an idea of the wealth of materials which may be available for consultation. Search the Library's catalog for more a complete description of the status and availability of each item at: <http://catalog.loc.gov>.

Interested in recently published materials? Take a look at our **Africana Bibliographic Alert Service – Eastern Africa and the Western Indian Ocean (ABAS-EAIO)**.

This documentary is a collection of stories about courageous people living with HIV/AIDS in Nairobi, Kenya, and Dar es Salaam, Tanzania. The stories of Rosalyn, Christopher, Winfrida, and others are a personalised journal of the spread of AIDS. Interspersed throughout the stories are commentaries of church workers, medical professionals, social workers, and educators who stand by those suffering especially the thousands of orphaned children. It is a reflection on the personal and structural aspects of the AIDS pandemic in Africa: poverty, lack of access to treatment, and the extraordinary social cost. It is a challenge to viewers to take up the role as global advocates in combating this disease.
