July 29, 2005

Exemption No. 8101A Regulatory Docket No. FAA-2003-15677

Mr. Zdravko Podolski 4237 Falls Creek Court San Jose, CA 95135

Dear Mr. Podolski:

This letter is to inform you that we have granted your petition to extend Exemption No. 8101. It explains the basis for our decision and describes its effect.

The Basis for Our Decision

By letter dated July 20, 2005, you petitioned the Federal Aviation Administration (FAA) for an extension of Exemption No. 8101. That exemption from § 91.109(a) of Title 14, Code of Federal Regulations allows you to conduct certain flight instruction in Beechcraft Bonanza/Debonair aircraft equipped with a functioning throw-over control wheel instead of functioning dual controls.

In your petition, you indicate that there has been no change in the conditions and reasons relative to public interest and safety that were the basis for granting the original exemption.

The FAA has determined that good cause exists for not publishing a summary of the petition in the <u>Federal Register</u> because the requested extension of the exemption would not set a precedent, and any delay in acting on this petition would be detrimental to you.

Our Decision

The FAA has determined that the justification for the issuance of Exemption No. 8101 remains valid with respect to this exemption and is in the public interest. Therefore, under the authority provided by 49 U.S.C. 40113 and 44701, which the FAA Administrator has delegated to me, I grant your petition.

AFS-05-451-E

The Effect of Our Decision

Our decision extends the termination date of Exemption No. 8101 to July 31, 2007, unless sooner superseded or rescinded.

All conditions and limitations of Exemption No. 8101 remain the same. This letter must be attached to, and is a part of, Exemption No. 8101.

Sincerely,

//s// John M. Allen Acting Director, Flight Standards Service
