Appendix B. BIS U.S. Textile and Apparel Survey

OMB Control # 0694-0119 Expiration Date: 09/30/2005

ASSESSMENT OF THE U.S. TEXTILE AND APPAREL INDUSTRY

SCOPE OF ASSESSMENT

The U.S. Department of Commerce, Bureau of Industry and Security (BIS), Office of Strategic Industries and Economic Security, at the request of the U.S. Congress, is conducting an assessment of the U.S. textile and apparel industry. This assessment will include:

- an assessment of the current health and competitiveness of the U.S. textile and apparel industry;
- an analysis of the contribution of the textile and apparel industry to the U.S. economy;
- an analysis of the contribution of the textile and apparel industry to the U.S. armed forces:
- a review of whether the United States is increasing its dependency on foreign sources for critical textile-related materials;
- potential threats to internal security from increased foreign sourcing and dependency; and
- whether the Berry Amendment and other Buy-American restrictions are being effectively enforced by the Department of Defense.

Your timely and complete response to this survey will assist us in completing our analysis of this important industry.

RESPONSE TO THIS SURVEY IS REQUIRED BY LAW

This report is required by law (50 U.S.C. App. Sec. 2155). Failure to report can result in a maximum fine of \$10,000 or imprisonment up to one year, or both. Information furnished herewith is deemed confidential and will not be published or disclosed except in accordance with Section 705 of the Defense Production Act of 1950, as amended (50 U.S.C. App. Sec. 2155). Section 2155 et. seq. prohibits the publication or disclosure of this information unless the Secretary of Commerce determines that its withholding is contrary to the national defense. Consistent with Section 2155, the information submitted will not be published or disclosed, other than in aggregate form, and such information will be protected pursuant to the appropriate exemptions from disclosure under the Freedom of Information Act (FOIA), should it be the subject of a FOIA request.

Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number.

BURDEN ESTIMATE & REQUEST FOR COMMENT

Public reporting burden for this collection of information is estimated to average five hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to U.S. Department of Commerce, BIS Reports Clearance Officer, Room 6883, Bureau of Industry and Security, Washington, DC 20230, and to the Office of Management and Budget, Paperwork Reduction Project (OMB Control Number 0694-0119), Washington, DC 20503.

Note: Any information submitted in response to this survey will be deemed business confidential and exempt from public disclosure in accordance with section 705 of the Defense Production Act of 1950, as amended.

GENERAL INSTRUCTIONS

Who Must Complete This Survey: Please complete this questionnaire if your firm manufactures textile- and/or apparel-related products, including raw materials, supplies inputs such as machinery, chemicals, dyes, etc. or specialized services to textile and apparel producers, resells or distributes textile and/or apparel-related products, or performs textile and/or apparel-related research and development. This survey has 7 sections as follows:

I. Firm Identification IV. Market Focus

II. Workforce V. Financial Information VII. Certification

III. Firm Operations VI. Competitiveness Issues

- 1- **Multiple Divisions:** You must complete this survey for all of your U.S. textile- and apparel-related operations. You may combine all of the data from individual divisions into one response, or submit separate surveys for each division. Please indicate in question 3 the name(s) of any division(s) you have included in your response, and/or how many surveys we should expect to receive from your firm.
- 2- **Responses by U.S. Establishment:** For questions 5a, 6, 7, 9-12, and 14a, you are asked to provide information by U.S. establishment for your firm. The questions allow room for responses for 7 establishments. If your firm has more than 7 establishments, please attach appropriately designated separate continuation pages for each of the questions, providing the responses for your other facilities.
- 3- Estimates: It is not our desire to impose any unreasonable burden on any respondent. If information requested is not available from your records in exactly the form indicated, furnish the most accurate estimates you are able to provide and designate these figures as such with the letter "E" following the estimate figure. If an item does not apply to your firm, please designate with the letters "N/A".
- 4- **Questions** related to this survey should be directed to:
 Ronald J. DeMarines, Trade & Industry Analyst, (202) 482-3755, <u>Rdemarin@bis.doc.gov</u>
 Rebecca Ross, Trade & Industry Analyst, (202) 482-8223, <u>Rross@bis.doc.gov</u> or
 Kristen Deschermeier, Trade & Industry Analyst, (202) 482-4959, <u>Kdescher@bis.doc.gov</u>
- 5- If you are interested in downloading additional copies of the survey, please visit our website: http://www.bis.doc.gov/defenseindustrialbaseprograms/TextileApparel.wpd (WordPerfect) http://www.bis.doc.gov/defenseindustrialbaseprograms/TextileApparel.pdf (Adobe Acrobat)
- 6- Before returning your completed survey, be sure to: 1) sign the certification on page 26, indicating the name and phone number of a contact person in case we have questions about your response. Make a copy of the completed survey for your records.
- 7- Return your completed survey within 15 days of receipt to:

Mr. Brad Botwin, Division Director BIS/SIES, Room 3876 (T) U.S. Department of Commerce 14th Street & Constitution Avenue, NW Washington, DC 20230

You may also fax your survey to (202) 482-5650.

DEFINITIONS

Berry Amendment (10 U.S.C. §2533a): This amendment generally restricts the U.S. Department of Defense's expenditure of funds for supplies consisting in whole or in part of certain articles and items not grown or produced in the United States or its possessions. These articles are: Food; clothing; tents, tarpaulins, or covers; cotton and other natural fiber products, or wool; woven silk or woven silk blends; spun silk yarn for cartridge cloth; synthetic fabric or coated synthetic fabric; canvas products; individual equipment manufactured from or containing any of the listed fibers, yarns, fabrics, or materials; certain specialty metals; and hand or measuring tools.

Buy American Act (41 U.S.C. §§10a through 10d): This act restricts foreign access to most U.S. Government procurements by giving preference to domestically produced or manufactured products. Procurements valued at less than \$2,500 (the micro-purchase threshold) are excluded. Also, the act does not apply with respect to articles, materials, or supplies for use outside the United States, or if articles, materials, or supplies of the class or kind to be used or the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

Defense Shipments: Direct and indirect military shipments, including domestic and international shipments for military use. These include: 1) defense related end-use items identified by purchase orders bearing a DO or DX rating and/or a contract number from the Department of Defense, the Nuclear Regulatory Commission, Central Intelligence Agency, Federal Aviation Administration, National Security Agency, or the National Aeronautics and Space Administration; 2) the orders of your customers which you can identify as producing products for defense purposes; and 3) devices tested and certified to military specifications.

Development: The design, development, simulation, or experimental testing of a prototype to validate technological feasibility and to reduce technological risk.

Establishment: A facility in which textile- or apparel-related products are produced, or where research and development takes place. Includes auxiliary facilities operated in conjunction with (whether or not physically separated from) such facilities.

Firm: An individual proprietorship, partnership, corporation (including any subsidiary corporation in which more than 50 percent of the outstanding voting stock is owned), cooperative, joint venture, consortium, association, business trust, trustees in bankruptcy, or receivers under decree of any court owning or controlling one or more establishments, as defined above.

Products: The output from manufacturing and production activities or associated with the concurrent development and maturation of the product design.

Production Workers – Includes all workers engaged in such occupations as fabricating, assembling, product development, processing, storage, receiving, warehousing, maintenance, packing, handling, shipping, trucking, janitorial, repair, and record keeping (clerical) related to production. Also includes working supervisors and group leaders who may be in charge of a group of employees, but whose supervisory functions are only incidental to their regular work.

Research: Includes activities carried on by persons trained, either formally or by experience, in developing textile- and apparel-related products including related engineering and software development.

Shipments: Textile- and apparel-related products shipped by your firm during the reporting period. Such shipments should include inter-plant transfers, but should exclude shipments of products produced by other manufacturers for resale under your brand name. Do not adjust for returned shipments.

Note: Any information submitted in response to this survey will be deemed business confidential and exempt from public disclosure in accordance with section 705 of the Defense Production Act of 1950, as amended.

DEFINITIONS (continued)

Textile and Apparel Industry: Comprises companies that transform a basic fiber (natural or synthetic) into a product, such as yarn or fabric, that can be further processed or manufactured into woven, knitted, bonded, felted, needle-punched, lace, and crocheted goods for commercial or industrial use, as well as companies involved in two distinct manufacturing processes: (1) cut and sew (i.e., purchasing fabric and cutting and sewing to make a garment), and (2) the manufacture of garments in establishments that first knit fabric and then cut and sew fabric into a garment.

Trade Adjustment Assistance (TAA) Program: A federal program established under the Trade Act of 1974, as amended. The TAA Program provides aid to workers who lose their jobs or whose hours of work and wages are reduced as a result of increased imports. Workers whose employment is adversely affected by increased imports may apply for TAA. TAA offers a variety of benefits and reemployment services to assist unemployed workers prepare for and obtain suitable employment. Workers may be eligible for training, job search and relocation allowances, income support and other reemployment services.

United States: The fifty States, the District of Columbia, Puerto Rico, and all territories, dependencies, and possessions of the United States including foreign trade zones.

PART I – FIRM IDENTIFICATION

TYPE OF TEXTILE & APPAREL ACTIVITIES: Please indicate with a checkmark () all of y firm's textile- and apparel-related activities (more than one may apply).	our
My firm manufactures textile and/or apparel items	
My firm manufactures product(s) for the textile and apparel industry	
My firm provides specialized services for the textile and apparel industry	
My firm distributes product(s) for the textile and apparel industry	
My firm resells products for the textile and apparel industry	
My firm conducts research and development for the textile and apparel industry	
Other (specify): My firm for the textile and apparel industry	□
If your firm's activities do not fall into any of the textile- and apparel-related categories above your firm may be exempt from completing this survey. Please call one of the contacts listed on ii to verify your status. Then: a. Briefly explain the products and/or services provided by your firm.	
b. Complete the Certification Section on the last page of the survey and return the entire survey to address given in the instructions.	the
1. FIRM OR DIVISION NAME AND ADDRESS – Please provide the name and address of your	r firm
or division.	
Name	_
Street Address_	
City, State, Zip Code	-
2. OWNERSHIP – If your organization is wholly or partially owned by another entity, indicate the and address of parent entity, the extent of ownership, and the year acquired.	name

8a. If you either contracted or ceased production at any U.S. establishments between 1999 and 20 were your laid-off workers certified as a Trade Adjustment Assistance (TAA) or NAFTA-TAA worker group? (See definition of the TAA Program on page iv.)					
	□ Yes	□ No			

PART II - WORKFORCE

9. TEXTILE- AND APPAREL-RELATED U.S. EMPLOYMENT BY ESTABLISHMENT – For each U.S. establishment identified in question 5a above, please indicate the total (full- & part-time) textile- and apparel-related U.S. employment as of December 31, for the year indicated. Also, provide the <u>number of production workers included</u> in the total for each year. (For a definition of production workers, please see page iii.) Then, in the bottom line of the table, please give the totals for each year. If you cannot provide employment by establishment, please provide only your firm's total U.S. employment for each year. Please estimate U.S. employment for full year 2003.

Note: "Workers" include contract workers not directly employed by your firm.

If your firm has more than seven U.S. establishments, please continue your response to this question on a separate piece of paper.

12. **TEXTILE- AND APPAREL-RELATED SHIPMENTS BY U.S. ESTABLISHMENT**— For each establishment identified in question 5a above, please indicate the total textile- and apparel-related shipments for the years indicated. Also, indicate the percentage of each establishment's shipments by value that are destined for defense end uses (for definitions of shipments and defense shipments, see page iii). Provide the total shipments for each year in the bottom row. If you cannot provide shipments by establishment, please provide your firm's total shipments for each year. Please estimate shipments for full year 2003.

If your firm has more than seven U.S. establishments, please continue your response to this question on a separate piece of paper.

What actions could be taken by the U.S. Government or your firm to eliminate/mitigate these "bottlen	ecks"?

14a. **EXPORT SHIPMENTS: TOTAL AND/OR BY U.S. ESTABLISHMENT** – For each U.S. establishment identified in question 5a above, please indicate the establishment's <u>total export shipments</u> for the years indicated. Please provide your best estimate; however, if you are not able to identify export shipments by establishment, provide your firm's total U.S. export shipments for each year. Please estimate export shipments for full year 2003.

NOTE: please provide the shipment values, not the sales values, of these exports.

If your firm has more than seven U.S. establishments, please continue your response to this question on a separate piece of paper.

Estab.	1	1999	2000	2001	2002	2003 (est.)
A	\$.00	\$.00	\$.00	\$.00	\$.00

PART VI – COMPETITIVENESS ISSUES

31. **BARRIERS TO COMPETITIVENESS** – Please evaluate the potential barriers listed below for their impact on your firm's competitiveness in the United States or foreign markets for textiles and apparel. For each potential impediment, rank the relative level of difficulty for that barrier, with 1 being no barrier and 5 being a high barrier.

being a high barrier.	No Bar	rier <		>High Barrier			
Barrier	1	2	3	4	5		
Government Rules and Regulations:							
Unfair U.S. laws (specify)							
NAFTA							
Unfair Foreign laws							
Foreign grants/subsidies							
Minimum wage requirements							
Immigration restrictions							
Other labor laws							
Export control regulations							
Import regulations							
EPA Regulation							
Lack of understanding/interest from U.S. government							
policymakers							
Antitrust laws							
Government procurement practices							
Insufficient or unstable government funding for R&D							
Local zoning and permitting practices							
Other government-related barriers							
(specify)							
Other Impediments:							
Access to capital							
Cost of capital							
Access to technology							
Access to information							
Size of market							
Unfair competition							
Availability of qualified personnel							
Distribution and transportation costs							
Marketing costs							
Liabilities concerns/insurance costs							
Equipment shortages							
Construction delays							
Other (specify)							

3	above as <u>4 or 5</u> , please discuss the type of partier(s) and now
this/these barrier(s) impede your	firm's competitiveness.

regulations (e.g., tr	ade, environmen	S AND REGULATIONS – How have U.S. Government policies and ntal, labor, etc.) required you to adjust your firm's business practices in firm's competitiveness?
	ly enforced by th	STRICTIONS – Do you believe the Berry Amendment restrictions ne Department of Defense? (For a definition of the Berry Amendment
□Yes	□ No	□ Not Applicable
If "No", please pro incidents of non-en		amples, if possible, of inadequate enforcement, and explain how these ted your firm.
		31, what actions, if any, have you taken to bring the lack of adequate ent to the attention of the proper authorities?
	d by the Departn	CTIONS – Do you believe the Buy American restrictions are being ment of Defense? (For a definition of the Buy American restrictions,
□Yes	□ No	□ Not Applicable
If "No", provide spincidents of non-en		, if possible, of inadequate enforcement, and explain how these ted your firm.

If you answered "No" to question 33, what actions, if any, have you taken to bring the lack of adequate enforcement of the Buy American restrictions to the attention of the proper authorities?
35. CHANGES IN GOVERNMENT POLICIES AND REGULATIONS – What additional actions, policy changes, or regulatory reforms could the Federal government implement to help your firm improvits competitiveness?
36. FOREIGN DIRECT INVESTMENT – How has foreign direct investment in the United States affected your firm and the competitive environment in the U.S. textile and apparel industry?

37. **EFFECTS OF IMPORTS** – Since January 1, 1999, has your firm experienced any negative effects

OFFICE OF STRATEGIC INDUSTRIES AND ECONOMIC SECURITY STRATEGIC ANALYSIS DIVISION

PUBLICATIONS LIST

The U.S. Department of Commerce's Strategic Analysis Division is the focal point within the Department for conducting assessments of defense-related industries and technologies. The studies are based on detailed industry-specific surveys used to collect information from U.S. companies and are conducted on behalf of the U.S. Congress, the military services, industry associations, and other interested parties. The assessments are completed with the assistance of industry experts, both from the private sector and other government agencies.

Italics indicate forthcoming studies

PUBLICATION TITLE
U.S. Textile and Apparel Industries: An Industrial Base Assessment – Fall 2003
8th and 9th Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950 – Fall 2003
National Security Assessment of the U.S. Shipbuilders' Supplier Base – Fall 2003
National Security Assessment of the Munitions Power Sources Industry – Fall 2003
National Security Assessment of the Air Delivery (Parachute) Industry – Fall 2003
Economic Impact Assessment of the Army Theater Support Vessel Procurement – Fall 2003
Critical Technology Assessment of Biotechnology in U.S. Industry – Fall 2003
Industry Attitudes on Collaborating with DOD in R&D – Air Force – September 2003
7 th Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950- July 2003
Technology Assessment: U.S. Assistive Technology Industry – February 2003
6 th Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950- February 2003
The Effect of Imports of Iron Ore and Semi-Finished Steel on the National Security – October 2001
National Security Assessment of the U.S. High-Performance Explosives & Components Sector –June 2001
National Security Assessment of the U.S. Shipbuilding and Repair Industry- May 2001
Statistical Handbook of the Ball and Roller Bearing Industry (Update) - June 2001
5 th Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950-May 2001
National Security Assessment of the Cartridge and Propellant Actuated Device Industry: Update - Dec. 2000
The Effect on the National Security of Imports of Crude Oil and Refined Petroleum Products-November 1999
4 th Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950-Oct. 1999
Critical Technology Assessment: Optoelectronics - October 1998
3 rd Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950 - August 1998
National Security Assessment of the Emergency Aircraft Ejection Seat Sector - November 1997

PUBLICATION TITLE 2nd Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950 – Aug.1997 Critical Technology Assessment of the U.S. Semiconductor Materials Industry - April 1997 1st Offsets in Defense Trade - Conducted under §309 of the Defense Production Act of 1950 - May 1996 National Security Assessment of the Cartridge and Propellant Actuated Device Industry - October 1995 The Effect of Imports of Crude Oil and Petroleum Products on the National Security - December 1994 Critical Technology Assessment of U.S. Artificial Intelligence - August 1994 Critical Technology Assessment of U.S. Superconductivity - April 1994 Critical Technology Assessment of U.S. Optoelectronics - February 1994 Critical Technology Assessment of U.S. Advanced Ceramics - December 1993 Critical Technology Assessment of U.S. Advanced Composites - December 1993 The Effect of Imports of Ceramic Semiconductor Packages on the National Security - August 1993 National Security Assessment of the U.S. Beryllium Industry - July 1993 National Security Assessment of the Antifriction Bearings Industry - February 1993 National Security Assessment of the U.S. Forging Industry - December 1992 The Effect of Imports of Gears and Gearing Products on the National Security - July 1992 Natl. Sec. Assessment of the Dom. and For. Subcontractor Base~3 US Navy Systems - March 1992 Natl. Security Assessment of the U.S. Semiconductor Wafer Processing Equipment Industry - April 1991 National Security Assessment of the U.S. Robotics Industry - March 1991 National Security Assessment of the U.S. Gear Industry - January 1991 The Effect of Imports of Uranium on the National Security - September 1989 The Effect of Imports of Crude Oil and Refined Petroleum Product on the National Security – Jan. 1989 The Effect of Imports of Plastic Injection Molding Machines on the National Security - January 1989 The Effect of Imports of Anti-Friction Bearings on the National Security - July 1988 Investment Castings: A National Security Assessment - December 1987 Joint Logistics Commanders/DOC Precision Optics Study - June 1987
