

As Energy & Utilities Executive for Gestalt, Dave is responsible for building and developing Gestalt's Energy and Utility industry practice.

Dave is an experienced leader, with more than 20 years of utility industry experience, who has significantly improved the performance and overall success of organizations through creativity and innovation. With demonstrated expertise in executive leadership, strategic business planning, operations planning, IT planning, culture change, business development and operations management, Dave has successfully led organizations through significant growth, typically from initial concept and start up into on-going operations.

Prior to joining Gestalt in 2002, Dave held management and executive level operations, IT, and planning positions with Exelon, PECO Energy, and PJM.
