

§ 382.43

manufacturer as non-spillable as provided in 49 CFR 173.159(d)(2), or if a battery-powered wheelchair with a spillable battery is loaded, stored, secured and unloaded in an upright position, the carrier shall not require the battery to be removed and separately packaged. Notwithstanding this requirement, carriers may remove and package separately any battery that appears to be damaged or leaking.

(3) When it is necessary to detach the battery from the wheelchair, carriers shall, upon request, provide packaging for the battery meeting the requirements of 49 CFR 175.10(a)(19) and (20) and package the battery. Carriers may refuse to use packaging materials or devices other than those they normally use for this purpose.

(4) Carriers shall not drain batteries.

(5) At the request of a passenger, a carrier shall stow a folding, breakdown or collapsible battery-powered wheelchair in the passenger cabin stowage area as provided in paragraph (e) of this section. If the wheelchair can be stowed in the cabin without removing the battery, the carrier shall not remove the battery. If the wheelchair cannot be stowed in the cabin without removing the battery, the carrier shall remove the battery and stow it in the baggage compartment as provided in paragraph (g)(3) of this section. In this case, the carrier shall permit the wheelchair, with battery removed, to be stowed in the cabin.

(h) Individuals with disabilities shall be permitted to provide written directions concerning the disassembly and reassembly of their wheelchairs.

§ 382.43 Treatment of mobility aids and assistive devices.

(a) When wheelchairs or other assistive devices are disassembled by the carrier for stowage, the carrier shall reassemble them and ensure their prompt return to the individual with a disability. Wheelchairs and other assistive devices shall be returned to the passenger in the condition received by the carrier.

(b) With respect to domestic transportation, the baggage liability limits of 14 CFR part 254 do not apply to li-

14 CFR Ch. II (1-1-02 Edition)

ability for loss, damage, or delay concerning wheelchairs or other assistive devices. The criterion for calculating the compensation for a lost, damaged, or destroyed wheelchair or other assistive device shall be the original purchase price of the device.

(c) Carriers shall not require qualified individuals with a disability to sign waivers of liability for damage to or loss of wheelchairs or other assistive devices.

[55 FR 8046, Mar. 6, 1990, as amended at 55 FR 12342, Apr. 3, 1990; 64 FR 41783, Aug. 2, 1999]

§ 382.45 Passenger information.

(a) A carrier shall make available, on request, the following information concerning facilities and services related to the provision of air transportation to qualified individuals with a disability. This information shall pertain to the type of aircraft and, where feasible, the specific aircraft scheduled for a specific flight:

(1) The location of seats, if any, with movable armrests and any seats which the carrier, consistent with this part, does not make available to qualified individuals with a disability;

(2) Any limitations on the ability of the aircraft to accommodate qualified individuals with disabilities, including limitations on the availability of boarding assistance to the aircraft, with respect to the departure and destination points and any intermediate stops. The carrier shall provide this information to any passenger who states that he or she uses a wheelchair for boarding, even if the passenger does not explicitly request the information.

(3) Any limitations on the availability of storage facilities, in the cabin or in the cargo bay, for mobility aids or other equipment commonly used by individuals with a disability;

(4) Whether the aircraft has an accessible lavatory.

(b) The following provisions govern the provision of individual safety briefings to qualified individuals with a disability:

(1) Individual safety briefings shall be conducted for any passenger where required by 14 CFR 121.571 (a)(3) and (a)(4) or 14 CFR 135.117(b);

(2) Carrier personnel may offer an individual briefing to any other passenger;

(3) Individual safety briefings for qualified individuals with a disability shall be conducted as inconspicuously and discreetly as possible;

(4) Carrier personnel shall not require any qualified individual with a disability to demonstrate that he or she has listened to, read, or understood the information presented, except to the extent that carrier personnel impose such a requirement on all passengers with respect to the general safety briefing, and shall not take any action adverse to a qualified individual with a disability on the basis that the person has not "accepted" the briefing.

(c) Each carrier shall ensure that qualified individuals with a disability, including those with vision or hearing impairments, have timely access to information the carrier provides to other passengers in the terminal or on the aircraft (to the extent that it does not interfere with crewmembers' safety duties as set forth in FAA regulations) including, but not limited to, information concerning ticketing, flight delays, schedule changes, connections, flight check-in, gate assignments, and the checking and claiming of luggage; *Provided*, That persons who are unable to obtain such information from the audio or visual systems used by carriers in airports or on aircraft shall request the information from carrier personnel. Carriers shall also provide information on aircraft changes that will affect the travel of individuals with a disability.

(d) Carriers shall have, at each airport they use, a copy of this part and shall make it available for review by individuals with a disability on request.

[55 FR 8046, Mar. 6, 1990, as amended by Amdt. 6, 61 FR 56423, Nov. 1, 1996]

§ 382.47 Accommodations for persons with hearing impairments.

(a) Each carrier providing scheduled air service, or charter service under section 401 of the Federal Aviation Act, and which makes available telephone reservation and information service available to the public shall make available a telecommunications device

for the deaf (TDD) service to enable persons with hearing impairments to make reservations and obtain information. The TDD service shall be available during the same hours as the telephone service for the general public and the response time for answering calls shall be equivalent. Users of the TDD service shall not be subject to charges for a call that exceed those applicable to other users of the telephone information and reservation service.

(b) In aircraft in which safety briefings are presented to passengers on video screens, the carrier shall ensure that the video presentation is accessible to persons with hearing impairments.

(1) Except as provided in paragraph (b)(2) of this section, the carrier shall implement this requirement by using open captioning or an inset for a sign language interpreter as part of the video presentation.

(2) A carrier may use an equivalent non-video alternative to this requirement only if neither open captioning nor a sign language interpreter inset could be placed in the video presentation without so interfering with it as to render it ineffective or would be large enough to be readable.

(3) Carriers shall implement the requirements of this section by substituting captioned video materials for uncaptioned video materials as the uncaptioned materials are replaced in the normal course of the carrier's operations.

§ 382.49 Security screening of passengers.

(a) Qualified individuals with a disability shall undergo security screening in the same manner, and be subject to the same security requirements, as other passengers. Possession by a qualified individual with a disability of an aid used for independent travel shall not subject the person or the aid to special screening procedures if the person using the aid clears the security system without activating it. *Provided*, That this paragraph shall not prohibit security personnel from examining a mobility aid or assistive device which, in their judgment, may conceal a weapon or other prohibited item. Security searches of qualified individuals with a
