This Schedule is authentic only in the English language

PART I - MOST-FAVOURED-NATION TARIFF SECTION II - Other Products

1. The "final bound rate" of duty, if differing from the "bound rate at date of accession", will be implemented according to the date specified in the "implementation" column. The implementation column indicates the date, referring to 1 January of the year indicated, when the final bound rate will be achieved. Tariff reductions will be implemented according to the attached Staging Matrix in Annex II.
2. For 4801.00, the variable duty shall be removed upon accession.

4. Fertilizer and Wool Top Tariffs--a) Except as specified in Part III of the schedule, all products imported by non-state-trading enterprises shall be afforded no less favourable treatment than products imported by state-trading enterprises, including but not limited to being subject to the same applied tariff and other duties and charges, inspection or quarantine requirements, application of the value-added tax, application of provincial taxes. All such imported products shall be accorded national treatment under Article III of GATT 1994, especially paragraph 4 thereof, in respect of their internal sale, offering for sale, purchase, transportation, distribution or use, including their direct access to end

Allocation of shares of such additional quota quantities to end users shall be on the basis of first-come, first-served or the same method used for initial allocation of the product. The People's Republic of China will publicly notify through the official journal the availability of additional quantities and the allocation procedures 10 days in advance of their allocation and will notify the WTO Committee on Market Access of the additional quantity and procedures in its annual tariff-quota notifications. Inquiries on the entities which received the allocation of the additional quantity can be made to the relevant organization which shall provide the information within 10 days.
