

Table 6
Considerations for Project Targetting - An Illustration

<u>Landscape Area</u>	<u>Target Systems/Biodiversity Elements</u>	<u>Key Supporting Systems</u>	<u>Sources of Stress</u>	<u>Project Setting</u>
<i>Northern Lake Huron</i>	Coastal Marsh: Exposed Marsh, Upper Midwest (G3) Sheltered Marsh, Upper Midwest (G3) Coastal Shores: Alkaline Cobble-Gravel Shore (G3) Houghton's Goldenrod (G3) Lakeplain: Alkaline Scrub/Grassland(G2?) Alkaline Fen (G3) Lakeside Daisy (G2T2)	Inland Terrestrial Open Lake	Development Recreation Water Level Management	Northern coastal vacation/resort communities; tourism-based economy; systems spans international border
<i>Kakagon Sloughs</i>	Coastal Marsh: Estuary, Upper Midwest (G3) Poor Shrub-Herb Fen (G3) Wet Forest, Upper Midwest (G3) Rich Forested Fen, Upper Midwest (G3) Coastal Shores: Beach/shoredunes (G3) Tributary: Lake Sturgeon (G3)	Inland Terrestrial Inland Wetland Tributary Open Lake	Water Level Management Development Exotics	Core in Tribal homelands; watershed support forestry, some agriculture
<i>Fish Creek</i>	Tributary: White Cat's-Paw Pearly Mussel (G1) Clubshell(G1) Salamander Mussel (G2) Purple Lilliput (G2) Rayed Bean (G2) Round Hickory-Nut (G3) Eastern Sand Darter (G3) Northern Copperbelly Watersnake (G5T2)	Inland Terrestrial	Agriculture	Rural agricultural communities, burgeoning residential/recreational development on periphery

Table 6
Considerations for Project Targetting - An Illustration

<u>Landscape Area</u>	<u>Target Systems/Biodiversity Elements</u>	<u>Key Supporting Systems</u>	<u>Sources of Stress</u>	<u>Project Setting</u>
<i>Long Point Watershed</i>	Coastal Marsh: Sheltered Marsh, Central Midwest (G3) Wet Forest, Central Midwest (G3) Coastal Shores: Alkaline Shoredunes Ponds/Marsh (G2) Beach/Shoredunes (G3)	Inland Terrestrial Open Lake	Development Agriculture Water Level Management Resource/Management	Small community with rapid recreational development, tourism. Recreational economy, industry development nearby; agricultural watershed
<i>Saginaw Bay</i>	Lakeplain: Wet Prairie (G2) Tallgrass Prairie (G2) Eastern Prairie-Fringed Orchard (G2) Flatwoods, central Midwest (G2) Coastal Marsh: Sheltered Marsh, Central Midwest (G3)	Open lake	Development Resource Management Agriculture	Highly agricultural with tourism along bay; mostly small communities, excellent for highly industrialized areas around Bay City
<i>St. Clair River Delta</i>	Lakeplain: Rich Woodland/Savanna (G1) Tallgrass Prairie (G2) Flatwoods, Central Midwest (G2) Eastern Prairie-Fringed Orchard (G2) Wet Prairie (G2) Coastal Marsh: Sheltered Marsh, Central Midwest (G3)	Open lake Tributaries	Agriculture Development Resource Management Water Discharges	Spans U.S.-Canadian border, Canadian portion mostly Indian Reservation. Tourism economy, some agriculture and with heavy industry just upstream
