

security services, and to retain this information for a six-year rolling period. For instance, air carriers must keep the information collected during Fiscal Year 2008 until the expiration of Fiscal Year 2013. TSA collects the information related to the September 11th Security Fee to monitor carrier compliance with the fee requirements, for auditing purposes, and to track performance measures.

TSA rules require air carriers to impose and collect the fee on passengers, and to submit the fee to TSA by the final day of the calendar month following the month in which the fee was collected. 49 CFR 1510.13. Air carriers are further required to submit quarterly reports to TSA, which provide an accounting of the fees imposed, collected, and refunded to passengers and remitted to TSA. 49 CFR 1510.17. The fee amount collected from each passenger is \$2.50 per enplanement originating in the United States. Passengers may not be charged for more than two enplanements per one-way trip or four enplanements per round trip. 49 CFR 1510.5.

Each air carrier that collects security service fees from more than 50,000 passengers annually is also required under 49 CFR 1510.15 to submit to TSA an annual independent audit, performed by an independent certified public accountant, of its security service fee activities and accounts. Although the annual independent audit requirements were suspended on January 23, 2003 (68 FR 3192), TSA conducts its own audits of the air carriers. 49 CFR 1510.11. Notwithstanding the suspension of the audit requirements, air carriers must establish and maintain an accounting system to account for the security service fees imposed, collected, refunded and remitted. 49 CFR 1510.15(a).

TSA is seeking renewal of this collection to require air carriers to continue submitting the quarterly reports to TSA, and to require air carriers to retain the information for a six-year rolling period. This requirement includes retaining the source information for the quarterly reports remitted to TSA, and the calculations and allocations performed to remit reports to TSA. Should the auditing requirement be reinstated, the requirement would include information and documents reviewed and prepared for the independent audit; the accountant's working papers, notes, worksheets, and other relevant documentation used in the audit; and, if applicable, the specific information leading to the accountant's opinion, including any determination that the

accountant could not provide an audit opinion. Although TSA suspended the independent audits, TSA conducts audits of the air carriers, and therefore, requires air carriers to retain and provide the same information as required for the quarterly reports and independent audits.

TSA estimates that 196 total respondent air carriers will spend approximately 1 hour per quarterly report, for a total of 784 hours per year. Should TSA reinstate the audit requirement, TSA estimates that 105 air carriers would be required to submit annual audits, on which they would spend approximately 20 hours for preparation, for a total of 2,100 hours annually. TSA estimates the total for quarterly reports and annual audits is 2,884 hours.

For the quarterly reports and TSA's audits, TSA estimates that the 196 air carriers will each incur an average cost of \$462.88 annually. This estimate includes \$100 in staff time for preparation of the reports (at \$25 per hour, each quarterly report is estimated to take 1 hour to prepare), \$361.20 in annual records storage related costs, and \$1.68 for postage for the report (4 stamps at 42 cents each). TSA estimates an aggregate annual cost of \$90,724.48 for the airlines to prepare, submit, and store quarterly reports, and an aggregate cost of \$272,173.44 for the three years of the renewal period.

Should TSA reinstate the annual audit requirement, TSA estimates total annual cost for this collection at \$315,000 (105 air carriers, at an estimated rate of \$150 per hour, at 20 hours per report). For the three-year period of the renewal, TSA estimates the total aggregate cost of the annual audit requirement to be \$945,000, and \$1,217,173.44 for the three-year extension of both quarterly reports and annual audits.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice solicits comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the affected agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to

respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Community Development Block Grant (CDBG) Urban County and New York Towns Qualification/Requalification Processes.
OMB Control Number, if applicable: 2506-0170.

Description of the need for the information and proposed use: The Housing and Community Development Act of 1974, as amended, at sections 102(a)(6) and 102(e) requires that any county seeking qualification as an urban county notify each unit of general local government within the county that such unit may enter into a cooperation agreement to participate in the CDBG program as part of the county. Section 102(d) of the statute specifies that the period of qualification will be three years. Based on these statutory provisions, counties seeking qualification or requalification as urban counties under the CDBG program must provide information to HUD every three years identifying the units of general local governments (UGLGs) within the county participating as a part of the county for purposes of receiving CDBG funds. The population of UGLGs for each eligible urban county and New York town are used in HUD's allocation of CDBG funds for all entitlement and State CDBG grantees.

New York towns must undertake a similar process every three years because under New York state law, New York towns that contain incorporated UGLGs within their boundaries cannot qualify as metropolitan cities unless they execute cooperation agreements with all such incorporated units. The New York town qualification process must be completed prior to the qualification of urban counties so that any town that does not qualify as a metropolitan city will still have an opportunity to participate as part of an urban county.

Agency form numbers, if applicable: N/A.

Members of affected public: Urban counties and New York towns that are eligible as entitlement grantees of the CDBG program.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: There are currently 175 qualified urban counties participating in the CDBG program that must requalify every three years. On

average, four new counties qualify each year. The burden on new counties is greater than for existing counties that requalify. The Department estimates new grantees use, on average, 100 hours to review instructions, contact communities in the county, prepare and review agreements, obtain legal opinions, have agreements executed at the local and county level, and prepare and transmit copies of required documents to HUD. The Department estimates that counties that are requalifying use, on average, 60 hours to complete these actions. The time savings on requalification is primarily a result of a grantee's ability to use agreements with no specified end date. Use of such "renewable" agreements enables the grantee to merely notify affected participating UGLGs in writing that their agreement will automatically be renewed unless the UGLG terminates the agreement in writing, rather than executing a new agreement every three years.

There are 10 New York towns that requalify every three years. They, too, may use "renewable" agreements that reduce the burden required under this process. The Department estimates that New York towns, on average, use 50 hours every three years to complete the requalification process.

Average of 4 new urban counties qualify per year:

$$4 \times 100 \text{ hrs} = 400 \text{ hrs.}$$

175 grantees requalify on triennial basis; average annual number of respondents = 55:

$$55 \times 60 \text{ hrs.} = 3,300 \text{ hrs.}$$

10 towns requalify every three years; average annual number of respondents = 3.3:

$$3.3 \times 50 = 165 \text{ hrs.}$$

Total combined burden hours: 3,865 hrs.

This total number of combined burden hours can be expected to increase by 400 hours annually, given the average of four new urban counties becoming eligible entitlement grantees each year.

Status of the proposed information collection: Existing collection number will expire October 31, 2008.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: June 26, 2008.

Nelson R. Bregón,

General Deputy, Assistant Secretary for Community Planning and Development.
